ASSOCIATION DUES TO BE CONSIDERED SEPTEMBER 1.

Slight Attendance Last Night Caused the Matter to Be Postponed—Membership Committee Now Soliciting New Members Who Will Join at \$1 Per Month—Judge Lowell Reports on Meeting of Oregon Development League—Pendleton Association Joins Central Body of Oregon.

The regular monthly meeting of the Commercial Association was not largely attended last night owing to the absence of so many from the city, and little outside of routine was done.

On motion of Judge S. A. Lowell the association took membership in the Oregon Development League, an organization at Portland, the object being to have all the separate commercial bodies of the state join in the central body, with the Portland association as the central head of the organization.

Judge Lowell also made a report to the association on the meeting of the Development League, in which he outlined the objects of the league, as understood by him, and said there was one of the most representative bodies of men at the meeting that he had ever seen together in Oregon. There seemed to be a determination on the part of every community represented to wipe out the old idea of sectionalism in Oregon, and join hands for a united, continuous pull together for the good of the entire state.

The matter of reducing the dues was deferred until September 1, by which time President Borie expects to have a list of prospective members numbering more than the required 150, who will come in at \$1 per month.

Librarian Nye now has a large list of those who intend to join at the \$1 rate and a campaign will at once be inaugurated by the membership committee, consisting of Lee Teutsch, Albert Cohen, Fred Lampkin, Earnest Younger and A. W. Knight, for a large list to be presented at the September meeting, at which time it is certain that the 150 will have been secured and the dues will be reduced to \$1.

In addition to the regular membership committee, every member is urgently requested to solicit for members among the business men of the city, and the young men, who are eligible to membership in the association.

Librarian Nye has rearranged the library and made room for several hundred volumes and the new books which have been boxed up for so long will be listed and numbered and placed on the shelves at once.

A committee consisting of Mark Moorhouse, L. G. Frazier and George Hartman, Jr., was appointed to inquire into the cost of a suitable gymnasium and bowling alley, for the association, to report at the September meeting. President Borie also appointed Lee Teutsch and T. C. Taylor to act with Judge Lowell on the committee on county affairs.

### NOME IS DULL.

Passengers Returning From the North in Great Numbers.

Seattle, Aug. 10.—Confirmation of the reports that have of late been arriving here from Nome to the effect that the season there was unusually quiet, were brought to this city on the steamer Oregon, which arrived from that port today.

In view of the fact that the Oregon brought 105 passengers, half of whom were steerage, lead the transportation men of this city to believe that this season will be the worst on record since the opening of the camps in the vicinity of Nome.

Those familiar with the situation are convinced that the situation as it stands is entirely due to the lack of water that has prevailed in that section.

The reports of the dull times that were given out as being prevalent in and around Nome were generally disbelieved by the transportation men of the city, and were accredited to men who did not want to work, who, not finding untold wealth in the country, returned with the usual report that the country was no good.

Is a never failing sign of a healthy stomach. When the breath is bad, the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years; tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Sold by Tallman & Co.

Y. M. C. A. GROWING.

Seventy-Seven Associations Organized Within Past Year.

New York, Aug. 10.—The year book of the Young Men's Christian Associations, which was issued today, shows an increase in most of its figures. The number of associations has grown from 1736 to 1813 and the membership from 350,455 to 373,502. This is an increase in four years of 118,039 members and of 374 associations. The active membership of the associations remains about the same. The chief growth has been through employed boys and men not affiliated with churches. A notable increase has been made in the amount of property owned, so that now 475 associations own buildings and other property worth nearly \$30,000,000, an increase of about \$2,000,000 in the year. The railroad associations, numbering 197, have 68,426 members, having more than doubled in membership in five years. The religious meetings report a total attendance of over 4,000,000 men and boys last year.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.
