### WARNER LAKE YIELDS SALT.

Owners of Adjoining Lands Have 400 Tons This Season Which Will Be Worth \$15 Per Ton.

It is not generally known that Lake county has large salt deposits in the northern part of Warner valley. After high water each season large quantities of it are deposited as the water recedes. Many years ago this land was purchased from the state by David Jones, now deceased, the first settler of Warner valley.

At the point where the salt was deposited he built a large building, with a strong floor, perforated with auger holes. Over this floor the waters would rise in the spring, and after going down there would be many tons of pure salt, which had only to be shoveled up and sacked to be ready for market, says the Telegram.

For the past five years up to last winter there was no salt, owing in part to the light winters in part to the conversion of Warner lake, which is 15 miles above the salt beds, into a reservoir for irrigation purposes, and in part to dry seasons.

The floods of last winter broke the dam and the waters of the lake flowed 30 miles, filling up the dry beds of several old lakes and depositing another body of salt, which the present owners are sacking. They estimate they have about 400 tons, which is worth \$15 per ton on the ground as soon as sacked.

### WANTS 2000 HEAD.

Big Contract for Cattle to Be Filled in Oregon.

E. L. Clark, who is agent for B. F. Saunders of Salt Lake City, has just completed a contract for the purchase of 2000 cows, with calves by their side for the government, says the Heppner Times.

The stock was all 2 and 3-year-old cows, which were shipped to the Blackfoot Indian reservation in Montana for the use of the government.

At the price of \$20 this sale of cattle has distributed in Oregon, and nearly all in Eastern Oregon, \$40,000. Earlier in the season Mr. Clark bought about 35,000 sheep in Morrow county for which he paid something like \$60,000, making a total of \$100,000 he has invested in Eastern Oregon stock during the past four months.

Mr. Clark is one of the largest buyers of stock that visits Morrow county, and when he comes the stockmen always expect there will be something doing.

### IT AFFECTS MAIL CLERKS.

Will Give Surety Bond of \$10,000 to United States.

The order of the postoffice department directing that each railway postal clerk shall give a bond of \$10,000 to the United States for the faithful discharge of the duties and trusts imposed on him by the rules and regulations of the department will affect about 100 railway postal clerks running in and out of Spokane, says the Press. Each clerk will have to give a surety bond and must pay for it himself. The order of the department goes into effect immediately. The order affects 10,000 men in the railway mail service.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggist, price 75c. Take Hall's Family Pills for constipation.

# THE FAIR

## "The Breakers"

### Where to Stop at North Beach

The Breakers Hotel is conducted to attract the best patronage, and is a summer hotel that is unsurpassed on the Pacific Coast north of the famous California beach resorts.

The building has an ocean front of 100 feet, is 76 feet wide and four stories high, or 73 feet from the ground floor to the top of the observatory.

It has handsomely furnished rooms, single or en suite, for 250 guests, each room being carpeted.

The house is lighted by electricity with electric lights and electric call bells in every room, and these lights make it one of the most brilliant beaches on the entire coast.

The entire lower floor is thrown open to the public, and, being beautifully carpeted, the spacious reception room and large, airy halls always form favorite gathering places for guests. The billiard and pool room is also quite popular for merry gatherings.

An Aeolian and Pianola in the commodious parlor furnishes delightful music at all times, and musicals are pleasant features during the entire season.

The Breakers has a regular orchestra which furnishes music for informal dances and balls, and the large dining room, with its smooth, hard floor, makes an ideal hall for regular dancing parties.

An abundance of fresh and salt water fish, clams, oysters, crabs and other sea food is always on our menu; our entire supply of milk, butter and cream comes from our own herd of Jersey cows, and poultry and eggs are supplied from the hotel farm adjoining the grounds.

There are hot and cold, fresh and salt water baths in the house, with private baths and toilets.

The waves of the ocean at high tide roll within 200 feet of the hotel, and the beach in front is superb for surf bathing.

On the grounds are bowling alleys, golf links, tennis courts and croquet sets; on the lake, just back of the hotel, is a fleet of sail and row boats, and on Shoalwater bay, just east of the lakes, is a gasoline launch for parties of fishermen, picnickers or others who prefer the warm, still-water bathing to the tumbling of the surf.

All trains stop at the railroad station in the hotel grounds, and no crowding into hotel omnibuses or walking in sand is necessary, since the hotel ground is a perfect velvety lawn, where the guests are practically landed at the hotel door.

The Breakers Hotel is located at Breakers Station, a regular ticket office, where all trains stop. It is one and a half miles north of Long Beach Station.

In purchasing tickets see that they read to Breakers, Wash., and have baggage checked through to that point.

Telegraph and telephone connections in the hotel.

Address all correspondence as follows:
