NEWS OF MILTON

SERIOUS RESULTS FROM HAVING A HAND BRUISED.

Sneak Thieves Getting in Their Work—Talk of Organizing a Building and Loan Association—Three Disabled Hands From Bruises—Five Barrels of Pitch Burned—Five Boys Born to Different Families—Field of Fine Corn.

Milton, August 14.—Arch Bolus, who bruised his hand a few days ago, with a fork handle, had to have it lanced Friday.

Some sneak thief carried off 20 feet of three-inch crown mold for Sam Thomas and a Maydoie hammer for W. S. Mayberry, one night last week.

The demand for houses here this fall has caused the report to be circulated that the monied men of the town were going to organize a building and loan association this fall; but we fear it will be like the electric railroad and cold storage plant talk.

Charlie Ingle, "Bud" and Archie Bolus are each suffering with septaemia of a hand, caused by a bruise from a fork handle.

A colored preacher was in this vicinity one day last week trying to make arrangements to hold a series of meetings in the near future. Failing to create interest enough in Milton to justify him in leaving an appointment, he went down to Froewater and pleaded poverty until the good people of that town raised enough to pay his car fare to Walla Walla, which place he departed for on the morning train.

F. R. Pennock, principal of the Ferndale school, left for the toll gate Sunday morning to spend a couple of weeks before the opening of the school, September 5.

Among the visitors in town we notice the following: Stanley, the musician, Charley and Mabel Overman of Walla Walla, R. E. Bradley and L. S. Furnace of Portland.

Merle Roby of Brownsville, who has been connected with the Milton Furniture Co. store, has gone to work for Mosgrove & Co.

In this vicinity this month the following births have been reported since our last writing, all being boys: To Mr. and Mrs. Ingle, and to Mr. and Mrs. Slater, on the tenth; Mr. and Mrs. R. E. Record, on the seventh; Mr. and Mrs. Charles Davis on the sixth; Mr. and Mrs. Will Wallace, on the fifth.

Rev. Gibbs of the M. E. church, South, is in Washington and Idaho in the interest of Columbia college.

Five Barrels Pitch Burned. Five barrels of pitch were consumed by fire Thursday evening near the depot, where the electric power plant is dipping the hoops for the barrel flume. The pitch caught from a spark from the furnace, and before water could be applied was a roaring mass of flames.

Two Little Girls Hurt. W. S. Mayberry's little 4-year-old girl caught her arm in the coils of a clothes wringer a few days ago, causing a painful but not dangerous wound. On the same day the little 6-year-old girl of E. Deub fell on a board, running a large splinter in her left breast, causing a painful wound. Both are getting along nicely, and no serious results are likely to arise in either case.

Fine Field of Corn. If Leezer's corn patch at Echo is a wonder and would cure Kansas or Missouri homesickness by one look, we wonder what the half acre belonging to John Vinson here in Milton would do.

The corn is of the same variety as Mr. Leezer's, but much larger in every respect. Many of the stalks measure over 13 feet each, and not one without an ear, and quite a number have four. Some of the ears are

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MANY OLD SOLDIERS

AFFILIATED ORDERS ARE LARGELY REPRESENTED.

Thirty Thousand Excursionists Are in Boston, and the Affair is of Greater Magnitude and Importance Than Any Gathering in That City for Many Years—Marching Veterans Escorted by U. S. Marines and Bands.

Boston, Mass., Aug. 15.—Over 30,000 excursionists are estimated to have arrived here during the past 24 hours for the 38th annual national encampment of the Grand Army of the Republic. The depots and the streets presented every appearance of the great annual reunion as the excursionists arrived and were soon seeing the sights. All day Sunday the streets presented a crowded appearance. Sightseers were on every thoroughfare in the central portion of the city, viewing the other people, the crowds and the decorations and arrangements made for the reception and entertainment of the veterans.

Today the crowd was several times as large. The streets downtown were crowded early in the morning, and most of the people who were out were strangers. Every train arriving in the city brought large increases to the crowd, and at noon seldom nor ever before were more people seen at one time on Commonwealth avenue and other downtown streets. Here and there in the crowds could be seen the neat blue uniforms and black gold-corded hats of men who wore those colors during the war, and everywhere they were these gallant men were noticed with great interest by the crowds of people.

The first official number on the program of the Grand Army week was the parade today of the naval veterans, ex-prisoners of war, Spanish war veterans and Sons of Veterans. The parade started at noon and moved through Arlington, Tremont, Washington, Federal, Broad, Beacon and Charles street and other leading thoroughfares. In line were a battalion of United States marines, about 500 blue-jackets and the marine band from the Boston navy yard. All along the line of march people were gathered and they cheered enthusiastically as the procession passed.

One feature of the present encampment appears to be the unusually large number of visitors in attendance on the meetings of the affiliated organizations in addition to the G. A. R. veterans themselves. The register at the Vendome hotel headquarters shows a large and representative attendance of members of the Woman's Relief Corps, Ladies of the G. A. R., Sons of Veterans and other auxiliary bodies. No regular sessions were held by these organizations today, but the officers and committees were busy preparing their reports and completing the final arrangements for their conventions. At the Vendome tonight there will be a mammoth reception given under the auspices of the Woman's Relief Corps in honor of Gen. John C. Black, commander in chief of the Grand Army. Numerous other receptions in honor of distinguished visitors will be held at various other hotels and public meeting places. Much attention is being shown the delegation of Confederate veterans here at the special invitation of the encampment. For the first time in years there appears to be a lack of contests for officers of the Grand Army. Rival candidates are in the field for the minor offices, but for commander in chief it looks as though General Blackmar of Boston, will get the honor almost unopposed. The city of Denver appears to be the leading candidate for next year's encampment.

WONDERFUL POWERS.

It is universally conceded by the most profound scholars and deepest thinkers of the present age that Professor Wellington has been endowed by nature with prophetic powers to a degree hitherto unknown. Keenly conscious of this great responsibility, he has honestly endeavored to let his light shine, that all who seek may find the truth as he sees it. There is about him no air of mysticism, no Egyptian robes, no tinselled stars, no meaningless hieroglyphics, no burning incense, and no imposition. Ladies may safely visit him without the least fear of unpleasant surroundings; two private parlors; no chance of meeting strangers. All business sacredly confidential. PROF. WELLINGTON

THE GREATEST LIVING ADVISER ON THE CONTINENT.

CLAIRVOYANT AND PALMIST

CALL AT ONCE AND SAVE \$4.00. MY REGULAR \$5.00 READING, \$1.00.

I have the honor to extend to you an invitation to visit my rooms. I am in a position to advise you in all matters of life, whether on business investments, domestic troubles or on social lines. The correctness of my predictions in many enterprises of the world has become history. My record in my profession speaks for itself and my achievements are amply substantiated by many testimonials I have received from people of prominence. When consulting me, form your own opinion as to whether I am relating a series of marvels or a series of coincidences. I give you my word of honor I am telling you the truth. If this assurance does not satisfy you, I can only recommend the same modest view of questions that are beyond the range of our own experience, which Shakespeare advocates in those well known lines: "There are more things in Heaven and earth, Horatio, than are dreamed of in our philosophy."

At a glance, before you have had a chance to utter one word, he will tell you what you call for; give dates, facts and names of departed or absent friends. He tells every wish of your life, how to gain success in love, courtship, marriage and divorce; whether you will be successful in business affairs. In fact, no matter what may be your fear, hope or ambition, call on this gifted man and find relief. His descriptions of your friends and enemies are as real as though they stood before you. He will send you away happier, wiser and bolder than ever before.

TELLS YOU WHEN AND WHOM YOU WILL MARRY.

Positively mentioning your sweetheart's full name.

Settles love quarrels and promptly reunites the separated, no matter how long standing.

He tells you everything, good or bad; you hear the truth and nothing but the truth.

He gives readings in English, French and German.
