

KNIGHTS OF PYTHIAS

THIRTY THOUSAND ARE AT LOUISVILLE, KENTUCKY.

Twenty Thousand Citizens Not Members of the Order, Also in the City—Rathbone Sisters Fully Represented—Believed That the Conclave Will Be in Session at Least Ten Days—\$10,000 Offered in Prizes for the Competitive Drill.

Louisville, Ky., Aug. 15.—The biennial national convocation of the Knights of Pythias opened today, though the official business of the order will not receive attention until tomorrow. Thirty thousand members of the order, including some 10,000 members of the uniform rank and large numbers representing the Knights of Khorassan and other affiliated bodies, are in the city, and it is expected that before the parade starts tomorrow fully 50,000 visitors will be here. The week is to be crowded with events of special interest to members. One of the most interesting features is the encampment of the uniform rank. Today the camp at Shawnee park, with its 5000 tents, was formally turned over to James R. Carnahan, major general of the order. The uniformed members of the order appeared by brigades before the headquarters of the major general and saluted the commanding officer.

Headquarters were opened at the Louisville hotel today by the Knights of Khorassan. Fully 5000 members of this order are here for their biennial reunion. Their parade—gorgeous in Oriental splendor of costumes, handsome floats and fireworks—promises to be one of the star events of the week.

The Rathbone Sisters, composed of the wives, mothers and daughters of Pythians, will hold their convention during the week. Mrs. Belle Quinlan of Galesburg, Ill., as supreme chief, will preside over the convention. The sisterhood will once again request that they be officially recognized by the supreme lodge, but it is doubtful if their efforts in this direction be more successful now than in former years.

The supreme lodge, which is the nucleus around which the other conventions are arranged, will begin its sessions Wednesday with Supreme

Chancellor Tracy R. Bangs of Grand Forks, N. D., presiding. There are a number of important matters relating to the laws of the order to receive attention and it is probable that the supreme lodge will continue in session 10 days or two weeks. Charles E. Shiveley of Indiana, the present supreme vice-chancellor of the order, will become supreme chancellor. For the office of supreme vice-chancellor there are many aspirants in the field and the contest bids fair to become exceedingly spirited before the choice is made. The list of candidates includes George M. Hanson of Maine, Judge Charles S. Barnes of Illinois, Judge Richardson of Virginia, H. P. Brown of Texas, Dr. D. S. Woodworth of Massachusetts, and Judge Church of California.

The Endowment Rank, the insurance branch of the Pythian order, will also hold its convention during the week. Among those mentioned for places on the board of control for the Endowment Rank are F. B. Hoskins of Wisconsin, Fred Phillips of Rhode Island, R. J. Riles of Florida, Stanley Adams of Kentucky, George A. Bangs of North Dakota, and J. Zack Spiering of Louisiana.

Thirty-nine companies of the uniform rank have entered the competitive drills. Prizes in the aggregate sum of \$10,000 are to be awarded the winners in the competition. This money will be paid in gold to the captains of the successful companies next Saturday, on which day the six army officers who are to act as judges will announce their decisions. The drills will all take place at the Jockey Club park, and will begin Wednesday morning, continuing each day until all classes are finished.

The decoration of the city in honor of the convocation has been carried out on a scale never attempted before. Flags and bunting hide the fronts of buildings and residences throughout the city. In the downtown district the decorations include many magnificent Pythian emblems formed from hundreds of multi-colored electric lights.

The social features of the encampment will be noteworthy. Arrangements have been concluded for two grand balls in honor of the knights and the ladies accompanying them. Receptions will be held at the leading hotels, beginning this evening. Other features will include boat rides on the Ohio river and an excursion to Mammoth Cave.

SHELLFISH LANGUAGE.

Curious Clicking Sound Heard on the Water at Night.

Most seamen will tell of curious clicking sounds heard on calm nights at sea, and the origin of the noise seems so altogether unaccountable that it has often created some alarm among superstitious fishermen.

A distinguished naturalist made a careful study of the sounds on many occasions and found that it was not a sustained note, but made up of a multitude of tiny ones, each clear and distinct in itself and ranging from a high treble down to a bass. When the ear was applied to the gunwale of the boat the sound grew more intense, and in some places as the boat moved on it could not be heard at all.

On other occasions the sounds resembled the tolling of bells, the booming of guns and the notes of an eolian harp. For a long time he was unable to trace the cause, but at length discovered that the sounds were made by shellfish, hundreds of them opening their shells and closing them with sharp snaps. The noise, partly muffled by the water, sounded indescribably weird. He was finally led to the conclusion that as the shellfish made the sounds they probably had some meaning and that the clicks might possibly be a warning of danger when the shallow water was disturbed by the boat.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Tallman & Co.'s drug store.

SPENCER'S EAR PLUGS.

The Way the Great Philosopher Rid Himself of Small Talk.

"Years ago," says William H. Hudson in the North American Review, "Herbert Spencer found that the effect of following ordinary conversation became frequently too much for him. But he liked to have people about him to watch the play of expression on their faces, to feel that, though he could not himself share much in the merriment, he was, as it were, a part of the normal and healthy social world. For this reason he objected to withdrawal into solitude and evolved a plan by which he might secure the partial isolation which he required. He had a circular spring made to go round the back of his head, and this carried pads which fitted firmly upon the ears, effectively deadening the noise about him and reducing the surrounding chatter to a mere hum. I have often seen him, stretched at length upon his couch, follow with apparent interest the gossip over the afternoon tea cups up to a certain point and then, reaching under his pillow, draw forth and adjust his instrument, thus suddenly detaching himself from his environment. The effect of this movement with comparative strangers was always to cause an instant cessation of the conversation. But this was precisely what Spencer did not wish. 'Go on talking,' he would exclaim, with a quizzical look. 'I can't hear what you are saying, you know!'"

COMING EVENTS.

- August 15-20—National encampment Grand Army, Boston.
- August 22-27—American Mining Congress, Portland.
- September 4—Conclave Knights Templar, San Francisco.
- September 19, 20, 21—Oregon Irrigation Association at Ontario, Malheur county.
- Inland Empire Teachers' Association—Pendleton, October 19, 20 and 21.
- National Irrigation Association, El Paso, Texas, November 15-18.

The following is the proportion of police to the population of cities named: New York, 1 to 315; Chicago, 1 to 384; Philadelphia, 1 to 309; St. Louis, 1 to 587; Boston, 1 to 400; Baltimore, 1 to 524; Cincinnati, 1 to 559, and San Francisco, 1 to 650.

REAL ESTATE

\$2,250 will buy one of the most convenient 9-room houses in the city. Sewer, bath, etc.; good cellar and barn. 3 lots, corner; a bargain.

\$4,000—Elegant new 9-room house just completed; sewer, bath, toilet. 2 lots, eastern exposure; corner.

\$2,500—Nice residence and six lots, eastern exposure.

Let me show you three quarter sections of the best wheat land. All under cultivation; extensive improvements, plenty of water. Can be bought for a little less than its market value.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Mother's Friend

The Bradford Regulator Co., Atlanta, Ga.

The Hotel Cruise

First-class in every particular. Modern in all appointments. Splendidly furnished throughout. Service the very best.

The Hotel Cruise is located at the corner of Webb and Cottonwood streets in a new building built especially for hotel purposes. Each room is large and comfortable, being well lighted and well ventilated. In furnishing this hotel, the best of everything was purchased, and attention has been given to the artistic effect as well as comfort.

The Hotel Cruise is a model place for lodgers, traveling men and citizens who seek a first-class place where rates are not high. Cafe in connection. Short orders served at all times.

We Shall Spend \$500,000 To Give Ligozone Away.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is the highest price ever paid for similar rights on any scientific discovery.

We are now spending \$500,000 to give the product away—one bottle to each of a million sick ones. We are doing this so that every sick one may let Ligozone itself prove what it can do.

Kills Inside Germs

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease, as every physician knows.

Ligozone will do for sick humanity more than all the drugs in the world combined. It does what no skill can accomplish without it. It cures diseases which medicine never cured.

Acts Like Oxygen

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases

are made part of the liquid product. The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone, which—like oxygen—is life to an animal, is deadly to vegetable matter. It is carried by the blood to every cell of every tissue, and no touch of impurity, no germ of disease, can exist where Ligozone goes.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

LEST YOU FORGET

WE ARE GETTING READY TO MOVE

THE BRICK IS BEING LAID ON OUR NEW BUILDING AND WE WILL SOON BE IN OUR NEW QUARTERS. LAST SPRING WE PURCHASED THE LARGEST AMOUNT OF GLASSWARE WE EVER HAD AND SINCE OUR SALE COMMENCED YOU HAVE HELPED US MOVE THREE-FOURTHS OF IT. BUT WE STILL HAVE A LARGE AMOUNT OF FRAGILE CHINA THAT YOU WILL FIND ARE BARGAINS

- WE OFFER YOU A FINE CHINA SALAD SET WITH A SILVER PLATED BERRY SPOON, AT \$1.20
- AN EXTRA CHOICE CAKE SET WITH SILVER PLATED CAKE KNIFE AT \$2.20
- WE HAD 55 SALAD SETS—WE NOW HAVE 21—BUY NOW WHILE THEY ARE CHEAP.
- WE ARE PRACTICALLY OUT OF HAVILAND, BUT WE HAVE A FEW PIECES THAT ARE BARGAINS.
- A 25c CHINA CUP FOR 15c. YOU CAN'T MISS IT ON THESE.
- AN ELEGANT VASE LAMP, WAS \$11.00; NOW \$7.50
- TWO TRAVELING MEN WHO SELL CUT GLASS, VISITED US RECENTLY, AND ASKED US IF WE WERE GOING OUT OF THE CUT GLASS BUSINESS. THEY SAW OUR PRICES. THERE ARE A FEW:
- SUGAR AND CREAM, \$5.70; HANDLED NAPPY, \$3.00; SPOON TRAY, \$3.40; BERRY BOWL, \$5.65; YOU CAN'T AFFORD TO PASS THESE BY. THEY ARE LIBBEY
- BLANKS AND BERGEN CUTTINGS. A KITCHEN FORK, LONG HANDLED SPOON AND CAKE TURNER, ALL FOR 10c.
- OTHER ARTICLES TOO NUMEROUS TO MENTION. COME AND HELP US MOVE.
