THE CHRISTIAN BROTHERHOOD.

School at Catholic Mission on Umatilla Reservation to Be Reorganized.

The Christian Brotherhood teachers mentioned in the East Oregonian a short time ago as having come to take charge of the boys' school of the Catholic mission on the reservation the coming year, are named Urban and Euphrasius, respectively.

The mission school opens the first Monday in September, and it is expected that the average attendance will be 90 the coming year. The grade commonly known as the "big boys' class," will be resumed this year after being abandoned for the past three or four years, or since the government withdrew its support from sectarian Indian schools. The resumption of this grade will increase the attendance upon the school somewhat, though it is not known just how many will avail themselves of its opportunities. Pupils of that grade, which correspond to the eighth grade in schools generally have gone to Chemawa or other outside schools for the past three or four years, or else have not gone to school anywhere.

Brother Urban is an all round musician—an organist and bandmaster—and will reorganize a brass band among the boys on the reservation. The band will use many of the instruments of the old band, which was discontinued several years ago, as are in condition to use, but it will be necessary to buy several new instruments. The expectation is that there will be 10 members of the band from the start.

CAMPBELL DIVORCE GRANTED.

Property Rights and Complaint Are Agreed Upon Today.

Mary S. Campbell was today granted a divorce from Edwin F. Campbell on the grounds of neglect and cruel treatment. By mutual agreement the husband is to pay the plaintiff the sum of \$6000, and she is to relinquish all her right and title to real property.

Turkey Dusters

For pictures, bric-a-brac and fine furniture. The large, fluffy ones of split feathers and long handles; always get the dust; can't scratch and last for years.

Whisks, Too

Higher than they were, that is the wholesale price is higher. Old prices still prevail here, but may not long. Better save by buying now; 15c buys a good one; better ones for more.

TAX CASE HEARING

MOTION BY COUNTY TO QUASH SUIT.

Arguments on Application of O. R. & N. for Writ of Review of the Action of the Board of Equalization, Being Heard—O. R. & N. Claims That Assessment of its Property in Umatilla County Was Not Regular as Descriptions Are Not Specific.

To determine whether the proceedings of the assessor, county court and county clerk in the matter of the assessment of the property of the O. R. & N. Co. are in accordance with the statutes, arguments are being made before State Circuit Judge W. R. Ellis today.

Arthur C. Spencer, assistant counsel for the O. R. & N. Co., is representing the railroad, and District Attorney G. W. Phelps and James A. Fee are conducting the case for the county.

The motions submitted by the county this morning for argument are for an order to quash proceedings and to compel the Oregon Railroad & Navigation Company to pay its equitable taxes.

In event Judge Ellis overrules the motions the county will then file a return or answer to the petition of writ of review, submitted by the railroad, and this will be argued on its merits.

When the case was called this morning the attorneys for the county filed their return to the writ, but upon Mr. Spencer's motion that he be allowed further time in which to argue, the answer was withdrawn. The argument on the two motions of the county was then begun.

The action of the O. R. & N. Co., asking for a writ of review, is not on the equitableness of the assessment, which would be a matter for the court of equity, but is to determine the correctness of the assessor's and county court's method of procedure.

Mr. Spencer bases his argument mainly on the ground that in levying the assessment on the property of the railroad company the county failed to make its specific descriptions.

Attorney Phelps arrived last night from Heppner, but Mr. Spencer did not reach Pendleton from Portland until this morning.

GEBHARDT, GROUCHY FARMER.

Deputy Sheriff Blakely to Serve Papers in Spite of Guns and Bulldogs.

Deputy Sheriff Joseph Blakely went to Weston this morning to serve summons in a civil suit instituted by Carlisle Brothers against P. Gebhardt, a farmer. The action is for the collection of a harvesting bill of \$100 and was instituted in the Weston justice court last Friday.

It is alleged that when Constable D. F. Lavender, of that town, attempted to serve the summons, Gebhardt, with the aid of a pack of growling dogs and an ugly looking rifle, prevented the officer from entering his premises. Lavender returned to Weston without serving the papers and the sheriff's office was appealed to.

When the Carlises finished threshing Gebhardt's grain they demanded their money, and it is alleged the farmer ordered them from the field, declaring that he owned them nothing as they had not exercised sufficient care in the harvesting of his crop.

PILOT ROCK CROPS.

Heavy Yield of Both Grain and Grain Hay and Alfalfa.

Crops around Pilot Rock are finer this year than any year for years past. This is particularly true of the barley crop—both hay and grain. The hay crop averages two tons to the acre, while there have been several yields of two and a half tons. The barley grain crop is 33 per cent heavier than last year, for an average, being 40 bushels, whereas 30 bushels is a liberal estimate for last year. Both hay and grain are of most excellent quality.

The hay wheat crop is in every way as fine as that of barley and both are extra fine in the foothills.

The first two cuttings of alfalfa were more than usually heavy, but the third cutting is light because of the scarcity of water. Nearly all the alfalfa is in the creek bottoms, where it is irrigated, and of late the water is not sufficient to reach all the fields in quantity enough to bring liberal results.

CURRY UNDER BONDS.

Whiskey Fuddler Held Under \$250 to Federal Grand Jury.

"Butch" Curry, charged with furnishing Indians with whiskey, was given preliminary examination before United States Court Commissioner John Halley, Jr., this morning and held to await action of the federal grand jury. His bonds were fixed at \$250, but as he was unable to give them he was taken to Portland, where he will be held in the Multnomah county jail.

Deputy United States Marshal Jacob Froehel arrested Curry at Athena yesterday. He accompanied the prisoner to Portland.

HORSES DYING.

A Contagion Is Responsible for Some Losses to the Northwest.

Farmer Swank, who lives about seven miles northwest of town, lost two good work horses last week, from a disease that is hard to diagnose, but seems to be a contagion.

Elmer Snyder, of Cold Springs, has lately lost two work horses which were sick but a few days—just long enough to call the ailment a "linger-

could not be learned, lately lost three work horses, apparently from the same ailment which afflicts so many horses in the Cold Springs country.

HORSES TO KANSAS.

Third Shipment Made by Colonel Wilson From Eastern Oregon.

Colonel J. H. Wilson will start for Sylvan Grove, Kan., with the third band of horses that he has shipped to that point from Umatilla county this summer. They are work animals selected without attention to breeding and weigh from 1000 to 1100 pounds each. All are good horses, as they must necessarily be to be worth shipping 1300 miles.

Seventeen head were bought of L. A. Vogel, 11 head of Ed McBroom, of Pilot Rock, 11 of M. L. Fix, Jr., of Butter creek, six of Mrs. Romagoux, of Butter creek, two of Walter Williams, of this place, two of a party whose name could not be learned, and one \$90 saddle horse also purchased of a man whose name is lacking, and eight of Walter Knotts, of Pilot Rock. All are young horses and all but one or two picked animals are for all purposes.

The scarcity of horses in some parts of Western Kansas is due to the very popularity of the horses of that section, which breeds a great many fine animals and has an established market in Eastern markets. This established demand and market has resulted in the farmers selling themselves short of work horses. Colonel Wilson may return for still more horses about October 1.

Women's Ice Cream Social.

The women of the M. E. church, South, will give an ice cream social tonight on the lawn at the parsonage for the benefit of mission work. Ice cream, cake and other refreshments will be served and an enjoyable time is anticipated. The women have made preparations for a large crowd. It promises to be a unique and pleasant affair.

Rebuilding Telegraph Line.

The Western Union is engaged in stringing another wire from La Grande to Huntington. The company is also setting the new poles between here and Pasco, and it is understood that all the equipments of the company between Pendleton and Pasco are to be entirely renewed, including poles, wires and all other paraphernalia.

Horse With Rheumatic Fever.

The thoroughbred Percheron stallion belonging to Ed Molstrum, about seven miles north of town, had a severe attack of rheumatic fever lately, and for a time it seemed certain the animal would be lost. Dr. Christie attended until he was completely recovered. This horse is 5 years old and cost \$2000.

G. W. Jones Is Ill.

G. W. Jones left for Walla Walla this morning, where he expects to enter the hospital "for general overhauling," as he puts it. Mr. Jones is suffering with tonsillitis, an obscure stomach trouble, and is also threatened with typhoid fever.

New Threshing Outfit.

Cutler & Johnson, Cold Springs farmers, have lately bought an entirely new threshing outfit, horse power, and will begin its use on the farm of Mr. Johnson, who has 320 acres of very fine wheat ready to cut.

Cattle Are Healthy.

Cattle everywhere seem to be in the best of health. Practically the only deaths among the cattle anywhere in the county since early spring have been from an occasional animal getting access to too much green alfalfa.

Services at Christian Church.

Beginning with next Sunday, services will be held every Sunday from now on in the Christian church, with preaching by the pastor, Rev. N. H. Brooks, at 11 a. m. and in the evening.

Temple-White.

Ernest M. Temple and Miss Maude E. White were married in this city Sunday morning by Rev. N. H. Brooks, pastor of the First Christian church. Mr. and Mrs. Temple will make their home in Pendleton.

Reception to Rev. Brooks.

A reception will be given Thursday night to Rev. N. H. Brooks and wife, at the Christian church, to which all friends of the recently wedded couple in and out of the church, are cordially invited.

Sale in Reservation Addition.

W. R. Frey has sold to County Clerk Frank Saling property in Block 225 of Reservation addition. The consideration was \$2000. The sale was made through the Wade Real Estate agency.

Shipp-Castle.

Miss Lillie Shipp and George L. Castle, both of this place, were married last evening at the Baptist parsonage, Rev. G. L. Hall officiating.

Marriage License.

County Clerk Frank Saling today issued a license to marry to George L. Castle and Lillie Shipp, both of this county.

Expert Collectors

We have located a branch office in Pendleton, and will make collecting defunct bills a specialty. No account too old for us to handle.

Our plan is: "No" collections, no charges. Suits instituted, judgments advertised.

The Van Alstine-Gordon & Co., Mercantile Agency, H. V. Lips & Co., Mgrs.

RALPH WARD UNDER BOND.

Charged With Attempting to Leave State and Defraud Creditors.

Ralph Ward, a Main street candy dealer, against whom action was brought a few days ago by Anna M. Marshall for the collection of \$375 in rentals of a building, is under arrest charged with attempting to defraud his creditors.

He was taken into custody by Sheriff T. D. Taylor last evening as he left the train from Walla Walla. He was released on bonds of \$500.

When Ward's store was closed by the sheriff last Saturday, the former was out of town. His absence caused Miss Marshall to seek a court order for his arrest.

Immense Wheat Crop.

Tom Tweedy, whose farm is nine miles out, near Cayuse station, has made a good start toward the harvesting of his 2600 acres of wheat with his own combines. So far as the threshing has proceeded, the average yield per acre is between 35 and 40 bushels. Mr. Tweedy has two combines at work.

DEMONSTRATING EVERY DAY.
THE NEWEST, NIFTY FURNISHING
GOODS AND CLOTHING FOR

FALL
