...New Teachers From Philadelphia Coming to Pendleton.

...SCHOOL YEAR PROMISES MANY SCHOLARS.

...Over Thirteen Years of Age Will Be Admitted to Boarding School Hereafter - Scholars Coming From Many Distant Points - Through Instruction Will Be Given Every Branch - High Class Musical Instructor Has Been Employed - Two Hundred and Fifty Students Expected.

...Three ladies, graduates of the normal training school of the Convent of the Lady of Angels, of Philadelphia, will arrive during the last week in August and will be added to the faculty of St. Joseph's Academy upon opening of the fall term, September 1st - the first Tuesday of the month.

...The institution of which these are recent graduates, is the normal training school under the auspices of the Catholic church in America, and is conducted by the Sisters of St. Francis. From it Mother Stanislaus and Sister Mary Killian, virtual founders of St. Joseph's Academy, graduated and in 1887 emigrated upon their work here, which they have followed without interruption ever since.

...Prior to coming here, Mother Stanislaus founded and taught in the Catholic mission at Baker City, going there in 1885. Sister Killian taught several years at or in Baltimore before coming to Pendleton and joining Mother Stanislaus in the work here also in 1885.

...Expert Music Teachers. One of the ladies who is coming to Pendleton will teach the piano exclusively, her requirements as performer and teacher being exceptional. For her use in teaching every fine instrument has been ordered and is en route. Her coming to the institution two teachers of the piano.

...One of the newcomers will have charge of the eighth and ninth grades and the third will teach the violin. The advent of these two new teachers of instrumental music will mark the ability of this academy to finish instruction in all grades of music, which will include all stringed instruments except the harp. The academy will have a thoroughly competent teacher of the harp, but the demand of the course does not yet justify the expense of buying an instrument. The art department will include instruction in all branches of painting, including portraiture, china and pastels, and also drawing in every branch. With the exception of the three additions named the faculty will remain exactly as it was last year, and the curriculum is unchanged with the exception of being somewhat more extensive in some branches, to correspond with the enlarged teaching force.

...Look for Large Attendance. Judging from indications, the probabilities are that the attendance will be larger upon St. Joseph's Academy this ensuing year than last. Last year the total number of students was 204, of which number 45 were boarders at the institution. Of the remainder 159 were from abroad, but boarded with friends and relatives. The management expects from 10 to 15 more boarding students, and considerable increase in the attendance of those who will board outside.

...Students the coming year will come from Port Townsend, Spokane, Burns, Tampa, San Carlos, Arizona, and other points. No boys will be admitted to the boarding school this year who are over 13 years of age. There is, of course, no restriction as to age in admission of the educational advantages of the institution, the distinction being made as to admission to the boarding school only.

...The class rooms are too small now, and as a matter of fact the academy is perilously near its capacity so far as the building is concerned.

...Another Chimay Escapade. London, Aug. 18.—Princess Chimay, formerly Miss Clara Ward, of Detroit, was married in London yesterday to Guglielmo Ricardo. Before the ceremony she gave to Riggo, her violinist paramour, \$3000, and her signing papers resigning all claims. After the ceremony the couple left for Paris on a honeymoon.

New Teachers From Philadelphia Coming to Pendleton.

SCHOOL YEAR PROMISES MANY SCHOLARS.

Over Thirteen Years of Age Will Be Admitted to Boarding School Hereafter - Scholars Coming From Many Distant Points - Through Instruction Will Be Given Every Branch - High Class Musical Instructor Has Been Employed - Two Hundred and Fifty Students Expected.

Three ladies, graduates of the normal training school of the Convent of the Lady of Angels, of Philadelphia, will arrive during the last week in August and will be added to the faculty of St. Joseph's Academy upon opening of the fall term, September 1st - the first Tuesday of the month.

The institution of which these are recent graduates, is the normal training school under the auspices of the Catholic church in America, and is conducted by the Sisters of St. Francis. From it Mother Stanislaus and Sister Mary Killian, virtual founders of St. Joseph's Academy, graduated and in 1887 emigrated upon their work here, which they have followed without interruption ever since.

Prior to coming here, Mother Stanislaus founded and taught in the Catholic mission at Baker City, going there in 1885. Sister Killian taught several years at or in Baltimore before coming to Pendleton and joining Mother Stanislaus in the work here also in 1885.

Expert Music Teachers. One of the ladies who is coming to Pendleton will teach the piano exclusively, her requirements as performer and teacher being exceptional. For her use in teaching every fine instrument has been ordered and is en route. Her coming to the institution two teachers of the piano.

One of the newcomers will have charge of the eighth and ninth grades and the third will teach the violin. The advent of these two new teachers of instrumental music will mark the ability of this academy to finish instruction in all grades of music, which will include all stringed instruments except the harp. The class rooms are too small now, and as a matter of fact the academy is perilously near its capacity so far as the building is concerned.

Another Chimay Escapade. London, Aug. 18.—Princess Chimay, formerly Miss Clara Ward, of Detroit, was married in London yesterday to Guglielmo Ricardo. Before the ceremony she gave to Riggo, her violinist paramour, \$3000, and her signing papers resigning all claims. After the ceremony the couple left for Paris on a honeymoon.

as room is concerned. It will not accommodate with any comfort at all over 250 students, and the total the coming year will crowd that number, and the management will not be surprised if it reaches that number. The boarding school will not accommodate more than 60 students, and that number is sure to be reached.

TO LICENSE RESTAURANTS.

Seattle Eating Houses Must Take Out Liquor License or Stop Selling It.

Seattle, Aug. 18.—All local restaurants will shortly be obliged to pay a \$1000 license annually for the privilege of selling wines and other liquors in their establishments, if the policy of the license and revenue committee of the council, outlined at its meeting yesterday afternoon, is carried out. Councilman Daulton brought up the subject. He said that there were hundreds of restaurants in the city selling all kinds of liquors without paying for the privilege. He said he knew of a friend of his who had bought a cocktail at the Heidelberg restaurant, on Second avenue, and was quite positive that all sorts of liquors could now be secured there. It was only a short time ago that the owner of the establishment was arrested by the license inspector for selling liquor without a license.

MORMON FIGHT BITTER IN IDAHO

ANTI-MORMONS CARRY DEMOCRATIC CONVENTION.

Dubois Ticket Nominated and Dubois Plank Inserted in Platform—Great Fight of the Panhandle State Will Be Over Mormonism—Democrats Close Historic Convention at Lewiston—Heitfield for Governor.

The Idaho democratic convention just closed at Lewiston, after a three days' session, including one night session until 2 a. m., is the most historic ever held in the state.

The party is divided over the Mormon question and the result was so uncertain on account of the bitter fight and almost equal division of the strong leaders of the state, that once the Mormon forces won and the news was sent out to that effect.

A rally of forces was held and another session witnessed the complete overthrow of the Mormon element, the nomination of an anti-Mormon ticket and the adoption of Fred Dubois' strong anti-Mormon resolution. Following is the ticket and the anti-Mormon resolution:

Governor—Henry Heitfield of Nez Perce; member of congress, F. H. Holtzheimer of Bannock; lieutenant governor, Frank Harris of Washington; supreme judge, Nathan H. Clark of Custer; secretary of state, J. J. Walling of Canyon; auditor, W. H. Stufflebeam of Bingham; attorney general, Carl Paine of Ada; treasurer, Timothy J. Regan of Ada; superintendent of schools, Miss Permelie French of Blaine; mine inspector, M. J. Lincke of Shoshone.

The plank which Dubois men forced into the platform and upon which the democracy will wage war on the Mormon church, is as follows:

"We demand the extermination of polygamy and unlawful cohabitation within the state of Idaho, and the complete separation of church and state in political affairs. We pledge the democratic party to enact such legislation as will effectually suppress such evils."

WAR ON "BLACK HAND."

Italian Kidnappers Thought to Have Fled to Naples.

New York, Aug. 18.—The belief is gaining ground that the kidnapers of little Antonio Manno, becoming alarmed at the activity of the police, have fled to Italy with him.

The Italian consul will be asked to see that the vessel is thoroughly searched on her arrival in Italy. A meeting of prominent Italians is being held today to begin a vigorous war on the "Black Hand Society."

RELENTLESS WAR ON NEGRO FIENDS

Bones of Burned Murderers Boxed and Billed to the President.

SITUATION IN THE SOUTH IS TERRIBLE.

Ignorant Blacks Have Been Made More Insolent by Mr. Roosevelt's Escape With Washington—They Believe it Part of the President's Plan to "Get Even" on Southerners and They Fully Expect Federal Protection—Promiscuous Shooting and Whipping Continues.

Savannah, Ga., Aug. 18.—The situation in Statesboro is still serious. Reports are coming from all parts of the country of the promiscuous whipping and shooting of negroes. The blacks are thoroughly terrified and it is impossible to predict the outcome. Many negroes are leaving the country.

Bones and charred remains of the lynched negroes were put in a box addressed to President Roosevelt, with the following note: "You'll never eat with these niggers." The more conservative citizens removed the box from the express office.

Federal officials in the South admit that the action of the president in elevating the negro, Booker Washington, and in his general political plays to win the negro vote, has made the common negro more insolent and daring in the belief that Mr. Roosevelt's recognition gives a license to "get even" on the negro-hating whites.

Among the ignorant classes it is said the opinion prevails largely that federal troops will be called out to protect negro criminals, where the crime is committed against a hated Southerner.

The situation is becoming terrible and the far-reaching result of the Washington incident is just now beginning to be felt.

It is thought that the burglars will be taken if they attempt to dispose of the clothing in this city. Chief of Police M. J. Carney has samples of the articles stolen.

"It is getting along to that time of the year," said the chief, "when crimes of this nature are common. Daily, undesirable characters enter the city, driven from the larger places as a rule, and the officers are obliged to exercise greater vigilance in preventing crookedness."

MURPHY'S TILL ROBBED OF CASH

THIEF GETS BOLD IN BROAD DAYLIGHT.

Stranger Looking for an Architect, Took Advantage of the Absence of Clerk and Extracted \$6.25 From Cash Drawer—Theft Not Discovered at the Time and the Man Escaped—Cash Happened to Be Low and Loss Was Light.

Almost under the very eyes of a clerk, the till in the paint store of E. J. Murphy, in Court street, was rifled of its contents yesterday afternoon. The thief entered the place, secured the money and was just departing when seen by J. P. Murphy.

Murphy called to the man and asked what he wanted. The fellow turned and remarked that he was looking for an architect, and walked out. The robbery was not discovered until some time later, when Mr. Murphy had occasion to open the till. Six dollars and twenty-five cents, all the change in the money drawer, was taken, but several checks were undisturbed.

The supposed thief is described as a young man, fairly well dressed, wearing a blue serge suit and rather stockily built. "I did not get a very good look at him," said J. P. Murphy, "and I paid but little attention to him at the time, for I did not suspect anything wrong. However, I believe I would know the man were I to see him again."

"I was in the paint shop at the rear of the store when I heard the man. I walked out to see what was wanted, and observed him walking away from the counter towards the door. When I spoke to him he turned quickly and appeared to be startled by my sudden appearance."

E. J. Murphy, proprietor of the store, said: "I am glad that the theft occurred when it did, for it was taught me a lesson. Some days we have had several hundred dollars in coin in the money drawer, and it just happened yesterday that the change was a small amount."

LAMONT LAUGHS AT IRVIN'S CHARGE

Sportive Candy Maker Will Not Talk Much About His Escapade.

SAYS BUSINESS MEN DO NOT THUS RISK MONEY.

While He Does Not Deny Spending Money on a Vacation, Says He Expected to Return to Pendleton in a Short Time - Thinks the Case Against Him is Spite Work—He Will Make a Clear Statement in Court—Held Under \$500 Bonds to Circuit Court.

"My arrest on the charge of obtaining money by false pretenses," declared George Lamont, the Delta candy maker, brought from Portland this morning by Sheriff T. D. Taylor, "is merely spite work on the part of C. W. Irvin."

Lamont's arrest was secured by Mr. Irvin, proprietor of the Delta confectionery on the grounds that the former failed to purchase goods and machinery with \$700 entrusted in his care, but instead, squandered the money.

The prisoner stated this morning to a reporter for the East Oregonian that he did not care to make a direct statement concerning his arrest until he appeared in court, further than that the case was one of spite work. "It is absurd," he continued, "that a man of Irvin's supposed business ability would trust \$700 to one whom he has known but a few months."

"I went to work for Irvin in March. In June I quit him without notice and went to La Grande. Later he induced me to return and I worked until about a month ago, when I took a vacation on account of rheumatism. I will admit I was supposed to be gone but two weeks and had already stayed four when arrested. But that is my own affair. I had a perfect right to remain away as long as I pleased. I intended to stay in Portland another week before returning to work."

The complaining witness has in his possession, it is alleged, letters written by Lamont in which the latter states he purchased machinery for the candy factory and asking for more funds to be expended in the same way.

Sheriff Taylor, accompanied by a deputy from Sheriff Word's office, arrested Lamont at noon yesterday in a Pine street lodging house in Portland.

Lamont was arraigned in State Circuit Judge Ellis's court at 3 o'clock this afternoon and entered a plea of not guilty. His bonds were fixed at \$500.
