NEWS OF MILTON

THREE RECENT BIRTHS IN THE TOWN OF MILTON.

Two Porcupines Killed in Town—Threshing Machine Records—Called to Spokane by Illness—Returned to Tennessee—Sixteen Carloads of Fruit Shipped in One Week—Particular Results of a Resurvey—Sale of Fruit Land.

Milton, Aug. 22.—Born to Mr. and Mrs. C. W. Howard, August 14, a son; to Mr. and Mrs. Dunnie Sweeney, August 16, a daughter; to Mr. and Mrs. A. M. Bixel, August 19, a son.

Several weeks ago Mrs. B. F. Williams killed a large porcupine in the street near her home in the central part of town. On Friday evening of last week Joe West killed another, back of the college.

Claud Steen, in a 20-days' run with a 28-inch machine, threshed 16,200 sacks of wheat. The Frazier outfit, with a 26-inch machine, in 28 days threshed 14,335 sacks of wheat and barley.

W. E. Putnam and family are at Long Beach on a three weeks' outing. Emmett Vinson is working in the yard while Mr. Putnam is absent.

Mrs. D. E. George was summoned to the bedside of her daughter, Mrs. Clara Walters of Spokane, last Thursday. She left immediately. Word from Mrs. George Saturday says that she is some easier but not yet out of danger.

The temperance rally held in the Freewater park last Sunday, was largely attended. The best of order prevailed.

Walter McGhee and family, who have been up in Franklin county, Wash., harvesting for the past 30 days, have returned. Mr. McGhee says the crop there this season was fair and of an excellent quality. He has a homestead and will return in a few weeks to get ready to seed it.

Mr. and Mrs. F. B. Penneck, who went to the mountains a few weeks ago for their baby's health, came down today and went over to Walla Walla to see a doctor. The child's condition is not satisfactory, as it does not seem to improve.

Robert Milhorn and family, who came here about two years ago, left Saturday for their old home in Tennessee. Mr. Milhorn's health has not been of the best for the past year, and he thought perhaps home would restore it again. Mrs. Henry, Mrs. Milhorn's mother, returned with them.

Rev. Alkin of the M. E. church, delivered his farewell sermon for the conference year, here last Sunday. Mr. Alkin has proven himself to be a sincere, devout, earnest man, of deep convictions, and it will be seriously regretted by not only his own members, but by the average citizens of the community, if he is not returned. He goes to the annual conference next Thursday, which convenes at The Dalles.

Frank Worthington and family went to Walla Walla yesterday to be ready to begin work on a \$5000 residence in that city Monday.

Nelson Macela, Byron Hawks, F. H. Coolidge, J. A. West and family and A. M. Elam and family have all returned from their summer outings.

Large Fruit Shipments.—Sixteen carloads of melons, apples, plums and peaches were shipped from this point last week and probably twice that amount will go out this week. Prunes will be coming in at a lively rate for the next two weeks.

Results of a Resurvey.—In a recent survey of North Milton quite a number of the citizens found their fences and buildings on someone else's property, which will cause some real estate transactions, or fence and house moving. A. M. Elam, by the survey, has fallen heir to a peculiar shaped piece of land, which will be known in Milton from now on as "devil's alley." It lies between Dr. E. E. Dotson's and William Lloyd's lots and is 28 feet wide and 200 feet long, with no right angles, one side being nine inches longer than the other.

Mr. Fruida, through the Oregon Land Co. of Milton, sold a 10-acre tract of fruit land Saturday to a man named Countryman, from Nebraska.

MORE LAND RECLAIMED.

Twenty Thousand Acre Tract to Be Entered Under Carey Act.

Crook county is to have another portion of its thirsty arid lands reclaimed, says the Prineville Journal.

Twenty thousand acres lying between Squaw creek and the Deschutes river have been appropriated under the provisions of the Carey act this week, and as soon as the selection receives the approval of the state land board, active construction work will begin on the canal lines.

The water to be used on the seepage canal will be taken from the main canal of the Squaw Creek Irrigation Company, and will be carried through two main lateral ditches aggregating 25 miles in length. This main canal already carries an abundance of water taken from Squaw creek, and covers a portion of the new company's selection. The laterals will reclaim the balance.

The land to be reclaimed is a level, open tract, similar to that of the Columbia Southern's segregation, and is covered with sagebrush and some juniper.

Bids Wanted.

Sealed proposals will be received at the office of the undersigned until Thursday, at 4 p. m., August 25, for excavating approximately 2450 yards of earth for the Crawford & Smith building. Specifications and blanks for bids can be had at the office of the architect, room 12 Judd building.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run-down system and despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self-destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by Tallman & Co., druggists.

"JOSH SIMPKINS" TONIGHT.

Realistic Melodrama at the Frazer Promises to Be an Entertaining Production.

The "Joshua Simpkins" company, which will play at the Frazer tonight, is in the city, and the members are well pleased with the appearance of Pendleton.

They are surprised at the business activity here, compared to other cities of this size they have recently visited.

The company carries a large amount of scenery in order to produce the realistic sawmill scene, which is said to be the most thrilling stage feature ever presented in America. As this is the opening performance for the season, Manager Taylor feels pleased to be able to present this company, which has played with such signal success all over the Northwest.

THE FAIR

POSTMASTERS MEET.

Convention of Those From the Larger Cities.

Niagara Falls, N. Y., Aug. 22.—The National Association of Postmasters, the membership of which is composed of the postmasters of all the large cities of the United States, opened its annual convention at the International hotel here today. The attendance is the largest in the history of the association's conventions.

A brief business session was held this afternoon at which addresses of

welcome were delivered and responded to, committees appointed and other routine business transacted.

Sessions for the discussion of matters relating to the duties of the postmaster and the general improvement of the postal service will be held during the three days beginning tomorrow. Third Assistant Postmaster General Madden, Civil Service Commissioner Cooley and others will address the convention.

Ten thousand pounds of new hops were sold at Salem Friday for 27 cents.
