GENERAL NEWS.

"Cyclone" Davis is leading the prohibition campaign in Texas.

Three men were blown to atoms by a premature blast in a mine at Jackson, Cal., Thursday.

Seventy-three fishing boats and crews were lost in a typhoon off the coast of Japan, on August 3.

The report of the pension commissioner shows that there are now 7967 pensioners in Oregon drawing the sum of \$988,928 annually.

Cardinal Satoli, who has arrived at his home in Italy, expressed himself as being pleased in the extreme with the Catholic outlook in America.

Omaha packers are trying to get federal troops to be stationed in the packing house districts permanently during the prevalence of the strike.

Page & Company, the largest cotton dealers in New Orleans, have failed for about 100,000 bales, on which they cannot pay the margin of the market.

A. S. Vermillion, the Salt Lake druggist who was found dead in his room Wednesday, did not commit suicide, as was supposed, but was murdered, as disclosed by the autopsy.

After having received 600 replies to an advertisement for a wife, Edgar Wallace blew out his brains in despondency at Salmon Arm, B. C., Thursday. He was a matrimonial paper fiend.

The miners deported from Colorado have made an appeal to President Roosevelt for assistance in defending themselves against the mobs in Colorado. Seventy-five Cripple Creek citizens will be arrested for the last deportation of miners.

NORTHWEST NEWS.

North Yakima has granted a franchise for a gas plant.

An epidemic of diphtheria is raging in the country near Eugene.

A telephone line is to be built from Boise City to Taunton Mountain.

A prohibition vote will be taken at Tillamook at the presidential election.

A strike of stone masons has stopped work on the big annex to Hotel Foley, in La Grande.

The infant son of D. C. Wood, of Grouse, Walla Walla county, was kicked to death by a horse, Thursday.

An experimental crop of peanuts near Vale, Malheur county, is thriving and will mature before frost.

Judge George W. Smith, one of the oldest pioneers of Klamath county, died at his home at Klamath Lake, Thursday, aged 76.

The American Mining Congress at Portland attended the performance of "A Runaway Match" as guests of Portland, Thursday night.

A Japanese section band jumped from a moving train at North Yakima Thursday, and was injured so badly that he died a few minutes later.

Miss Ora E. Simpson, of Albany, was drowned in the Calapooia river Thursday, while bathing. She got beyond her depth and could not swim.

Rudolph Schultze was shot and killed at San Francisco, Thursday, by a dog catcher, Gustav Sherf, whom he resisted, while attempting to catch a valuable dog belonging to Schultze.

Because she refused to take a ride with him, Daniel G. Ford, of North Yakima, robbed Mrs. Ceila Wilson, a widow woman living in the country near Yakima, Thursday. He entered her house during the supper hour and stole money and jewelry from her bedroom, but was detected and arrested.

6-room house and one lot, \$890, or will take in exchange, horses, wagons, poultry or anything of value.

Two business propositions on Main street.

We have anything you want in real estate and it will cost you nothing to investigate.

IRRIGATION IS SURE TO COME

IDLE LANDS WILL SOON RECLAIM THEMSELVES.

D. C. Brownell Says Less and Less Water is Needed to Produce Crops on Irrigated Soil—Sub-irrigation Gradually Reclaims Large Tracts—Land Values Multiply Rapidly in Irrigated Districts—Wise Irrigation Law is Now Needed.

"I know of no other place in the United States where land values multiply so rapidly as in this district where irrigation development is being extensively carried on," said De Witt C. Brownell, to the East Oregonian today.

"Raw land worth but \$1.50 per acre, by the application of water at an expense of perhaps \$5 per acre, jumps up to \$75 to \$100 per acre within an incredibly short time. The uninviting desert is converted in almost a twinkling into a producing farm, returning large interest on the money invested.

"Whether the government irrigates the Butter Creek country or not, I actually believe that this entire area of idle land lying along the Umatilla and Columbia rivers, will in a short time be entirely reclaimed through sub-irrigation, and increased moisture from the gradually spreading irrigated area.

"It is noticed that less and less water is necessary to produce crops on land that is once thoroughly reclaimed. Adjacent land draws moisture from the reclaimed districts, and irrigation is actually a sort of self-developing process, which once rightly started, needs less and less assistance from man to accomplish the reclamation of large bodies of contiguous land.

"It is also noticed that fresh springs break out in unexpected places, where irrigation has been carried on for any number of years, thus adding a priceless appurtenance to the irrigated farm.

"What is needed now in Oregon, and which every irrigator should assist in accomplishing, is a wide, beneficial irrigation law, looking to the broadest possible distribution of water over the adjacent areas, and intended first of all, for purposes of settlement and not speculation."

OREGON STATE FAIR.

Many Counties Will Have Elegant Exhibits at Salem.

The 44th annual state fair will be given by the board of agriculture at Salem, beginning on Monday the 12th of September, and continuing through the week.

Several counties are getting up representative exhibits of their products showing up their resources and it will thus be a splendid opportunity for them to advertise for a large emigration is looked for and the country is already filling up with a desirable class of emigrants, and they are coming West to locate, and will make good citizens, and even if only two or three settle in the county because of the showing the county exhibit has made, the county as a whole is far ahead.

In cases of this nature it is not the actual cost of the exhibit that must be taken into consideration, but the value of the exhibit has a standing advertisement, so to speak, of what that particular county is good for.

The livestock show will be fully up to the standard of excellence that has been given in the past, and special inducements have been made by the Southern Pacific Railway Company in transporting exhibits, including livestock free, and too much credit can not be given the company for their liberality in that particular.

Stock breeding is only in its infancy in Oregon, and should be encouraged, for it is the coming industry in this state, and it requires no more labor or feed to raise a thoroughbred than a scrub.

Don't fail to make arrangements to spend a part of the week at least, in Salem, or if you can do so, go and camp; they have a fine camping ground full of oak grub and plenty of good water piped into the grounds.

California Prohibitionists.

San José, Cal., Aug. 26.—Nearly every county in the state is represented at the prohibition state convention begun at San José today. The accredited delegates number nearly 300, and in addition there are many other visitors. The convention met for organization in the Unitarian church this morning. Tomorrow presidential electors will be named and candidates nominated for congress.

Contest in Sixth Mississippi.

Jackson, Miss., Aug. 26.—Much interest is taken in today's congressional primary in the Sixth district, as it is the only district in which there is a contest this year, the incumbents in the other districts having already been declared the nominees by their respective executive committees. In the Sixth Congressman E. J. Bowers is opposed by Hon. Stone Deavours, and the fight for the nomination is a close and lively one.

M. Katayama, the Japanese delegate to the world socialist congress at Berlin, says the socialists are working for an early settlement of the Russo-Japanese war, and will send a delegate from this congress to appeal to President Roosevelt to intercede in behalf of peace.

The big raft of piling from up the river was towed down the river today. It is a monster affair, and contains the equivalent of \$3,000,000 feet

September 20—Opening Pendleton academy.
October 3-9—Spokane Interstate fair.
Inland Empire Teachers' Association—Pendleton, October 19, 20 and 21.
National Irrigation Association, El Paso, Texas, November 15-18.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.
There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Now, Dr. Herpelde kills these germs and stimulates unhealthy hair to abundant growth. Herpelde is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send for stamps for sample to The Herpelde Co., Detroit, Mich.

F. W. Schmidt & Co., special agent.

Expert Collectors

We have located a branch office in Pendleton, and will make collecting defunct bills a specialty. No account too old for us to handle.
Our plan is: "No collections, no charges. Suits instituted, judgments advertised."
The Van Alstine-Gordon & Co., Mercantile Agency, H. V. Lippe & Co., Mrgs.

FINAL SALE
This week and next will wind up our clearance of summer goods. Prices are cut to bedrock. Do not miss the chance to buy cheaper than ever before.

THE FAIR

A SET.
She—We all owe certain duties to our country.
He—I take it, then, that you have also been abroad.

FUTURITY STAKES.
Great Running Event at Sheephead Bay.
New York, Aug. 26.—The tried and proved, the very cream of the 2-year-olds of 1904, and they are many, are all in the first great race of the fall campaign on the New York tracks, the richest event of the American turf, and the most talked of race of the year, the Futurity Stakes, to be run for tomorrow at the Sheephead Bay track, as the feature of the opening of the autumn season.

Notwithstanding all prophecies of the summer and in spite of the general opinion that Keene, with his splendid colt Syonby, seems to have the best chance at the big prize, and also in the face of the further common belief that if there is a contest it will be between the Keene and Paget entries, there has been found to oppose the public favorite a field of generous size and one that for class straight through has been excelled by no Futurity field of years gone by, the full list of horses named to start for the great prize numbering nearly a score, and giving promise to a struggle in every way worthy of the most valuable event of the American turf and the most popular fixture ever devised for horses two years old.

The sum of \$61,530 is in sight for the first three horses in tomorrow's big race. This is the largest sum ever offered for a horse race in this country, and probably in the world.

Louisiana Ready for Launching.
Newport News, Va., Aug. 26.—At the yards of the Newport News Shipbuilding and Dry Dock Company today, a small army of workmen were busy getting everything in shape for the launching of the giant battleship Louisiana tomorrow. Arrangements have been made by the company to entertain a large number of visitors who will be here from New Orleans, Washington, Baltimore, Richmond and other points. The christening ceremony will be performed by Miss Juanita Laland of New Orleans.

Sons of Hermann in Session.
Livingston, Mont., Aug. 26.—The Montana grand lodge of the Sons of Hermann is in session here with more than 100 delegates and as many other visitors in attendance from Butte, Great Falls, Anaconda, Helena and other cities. According to the reports of the officers of the grand lodge are in splendid shape, both as regards membership and finances. The session will last two days and after the close the delegates will go on a jaunt to Mammoth Hot Springs.

The managers of Mount Vernon have received a medalion of the British admiral, Vernon, in whose honor Washington named his estate.

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not experience undue suffering through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in this greatest of the Creator's phenomena, and by simple external applications a result is obtained which at the appointed time permits the mother to undergo her greatest joy with fortitude, and bring into the world a child worthy of its parents. \$1.00, all druggists. Our book "Motherhood" sent free.
