CREAMERY OUTLOOK

PENDLETON BEST LOCATION LEFT UNOCCUPIED.

George D. Goodhue Says People Must Co-operate in Selling Cream to One Central Creamery, Instead of Making it into Butter—Condition Not Yet Ripe for a Creamery Here—Milk Supply Must Be Certain Before Capital Will Risk the Investment.

The time is not ripe for the establishment of a creamery in Pendleton, is the opinion of George D. Goodhue, of the Commercial Creamery Company, of Salem. Mr. Goodhue was in Pendleton this morning on his way to Walla Walla. "The time is coming," he said, "when a creamery located at Pendleton will be a paying investment. But the dairying is limited in this part of the country, and co-operation is needed to make the creamery venture a success."

Mr. Goodhue says the farmers of the Ukiyah neighborhood make their own cream into butter. They must be persuaded to dispose of their cream to the butter factory, if it is to pay, he declares.

"Market conditions here in Pendleton are all right," he continued. "All the butter made could be disposed of locally. It is home trade that any business man is looking for."

"I wouldn't run a creamery in the Ukiyah country if it were given to me. The plant must be built on a railway. The matter of transporting the cream to this city would be easy. I can bring the milk to Pendleton in the hottest weather and keep the temperature below 55 degrees."

Mr. Goodhue says the La Grande creamery is in good working condition and is turning out a fine product. "The Grand Ronde county is

going to be a great dairying section. More separators have been sold in that country this year than in any other part of the Northwest."

WILL CUSHION THE SEATS.

One Hundred New Hymns for Congregational Church.

The Ladies' Aid Society of the Congregational church, met yesterday in the church to complete arrangements for cushioning all the seats in the church in readiness for occupancy September 4.

One hundred new hymn books—the "Pilgrim Hymnal," have been ordered and will be used for the first time on the above date.

With the cushioning of the seats will be completed the last of the improvements upon this property this summer, the repairing of the furnace, repainting and repapering, graining, and the walling of the new fuel cellar being finished.

WILL LAY NEW PIPING.

Old Piping Taken Up and Larger Substituted—School House Connected.

Some 2000 feet of 2-inch water piping on Lilloeth and Tustin streets will be taken up at once and 4-inch piping laid in its place. The piping taken up, together with about 2000 feet more, will be used to supply homes on higher ground with water, and will be laid in different localities, according to demand.

One thousand feet of 2-inch piping will connect the new east end school house with the main pipe at the pump house.

Approximately feet of new 2-inch piping is daily expected from Portland for the use of the water department.

NEW OPERA HOUSE.

Weston is Soon to Have Modern Theater Building.

Weston is to have a new opera house. O. T. Douglass and J. M. Ashworth have agreed to put up a frame building 40x80 feet, on a site donated by the city. The new opera house will cost in the neighborhood of \$2500 and will be well equipped. The town has been without an opera house for five months.

Peoples Warehouse Extension.

Beginning September 1, the Peoples Warehouse will take possession of the store room now occupied by the Heron confectionery, and will extend their floor space into this building. Several weeks will be required yet before the alterations and improvements are completed. The confectionery quarters will be devoted to men's furnishings, exclusively.

Attractive New Store Room.

V. Strobbe, the Court street furniture dealer, has his new building completed and is moving his stock into the new location. He has purchased a large amount of new goods, which has arrived and is being put on display. In his new quarters Mr. Strobbe will be better able to serve his patrons.

Why is it th' farmer boy runs away 't sea an' th' old sallow's always Greenin' he wuz on a farm?

PIERCES' BIG CROP

TWO FIRMS RAISED 102,900 BUSHEL OF WHEAT.

Pierce & Tweedy Raised 2140 Acres of Wheat and 500 Acres of Barley and Pierce & Cooley Have 1290 Acres of Wheat and 700 Acres of Barley—Senator Walter Pierce Thought to Be Most Extensive Grain Raiser in State of Oregon.

The firm of Pierce, Tweedy & Co. this year raised 2140 acres of wheat and 500 acres of barley. The wheat easily averaged 30 bushels and the barley 25; the total of wheat therefore being 62,000 bushels and the barley 12,500.

The firm of Pierce & Cooley this year raised 1290 acres of wheat, which also averaged 30 bushels, and made a total of 38,700 bushels. The 700 acres of barley raised by this firm averaged 25 bushels, a total of 17,500 bushels.

The total amount of wheat raised by the two companies was therefore 102,900 bushels, and the total of barley 30,000. Senator Pierce is a one-half partner in each firm, and it is believed by some that he is the largest individual grain raiser in the county.

The above figures represent the acreage owned by the two firms in this county alone, and upon which they carry insurance. They are known to have grain that yielded finally, perhaps as much as any of the acreage mentioned, which was not insured, and the acreage of this could not be learned.

Senator Pierce also raises wheat in Union county, and when his holdings are totaled up it is probable that he will be found to be the largest grain grower in the state.

FIGHT SEPTEMBER 9.

McCoy-Mitchell Bout Will Be Pulled Off in This City.

Friday, September 9, is the date set for the bout in this city between Kid McCoy, the champion featherweight of Pennsylvania, and J. M. Mitchell, Billy Bogart, who is arranging the fight, received word yesterday from McCoy that he would arrive in Pendleton in a few days to begin training. McCoy recently boxed in Boise and is said to be in excellent condition.

Mitchell is working hard and is already down to weight. "I expect to see both men enter the ring in excellent shape," said Bogart.

Mr. Bogart went to Walla Walla this morning to be present at the go this evening between Perry Queenan of Salt Lake, and Kid Parker of Denver. "I intend to challenge the winner of the contest at Walla Walla," he said, "to meet the winner of the McCoy-Mitchell fight in this city."

Tonight amateurs from Mitchell's school will box at the Armory. It is said several local boys are showing remarkable cleverness and that the contests will be interesting.

WALLA WALLA PROSPERS.

H. O. Peck Compares Good Times in Inland Empire to Other Dull Sections.

"With the largest wheat crop in the history of the county and with prices at the top notch, if Walla Walla doesn't prosper this fall I don't know when she ever shall," declared H. O. Peck, a prominent business man of the Garden City, who was in Pendleton last night.

"The Inland Empire," he continued, "is all right. Reports come in of dull times on the coast and in Western Oregon and Washington, but the eastern part of the two states is putting up no such talk."

"Walla Walla just at present is on the operating table in the matter of her streets. But no one is kicking, for when the pavers finish we will have the prettiest driveways in Eastern Washington."

STRIKE CAUSES DEPRESSION.

O. R. & N. Livestock Agent Looks for Better Stock Market Later.

"The condition of the stock market just at present," said C. J. Millis, livestock agent for the O. R. & N. company, "is anything but good. The situation in Chicago is responsible for the depression, and I believe everything will be all right as soon as the differences between the packers and their employes are settled."

Mr. Millis returned to Portland last night after a day spent in looking over the county. "With the exception of stock," he continued, "I find all other lines of business and agricultural industries in a flourishing condition. With the excellent crops and the good prices the farmer of Eastern Oregon should consider himself a very fortunate man."

PREVARICATED.

G. W. Rigby Was Suspicious, But Helped the Old Man Out.

The tale told by George Westfall, the old soldier, has its weak places, though it may be in the main truthful. But when he declared that "the commander of the post here—can't think of his name—refused to credit my story and rejected my application for relief, cold," he prevaricated undoubtedly.

Mr. Rigby listened to him and promptly gave him on order on a Court street bakery for whatever he wanted, although he doubted his story in some of its particulars. Westfall ate his fill and then had the baker put up a lunch, and the bill, amounting to 55 cents, Mr. Rigby paid.

Mr. Rigby has no doubt about his being an old soldier and perhaps a member of the Boise home, but thinks it may not be unjust to bring the old man to a strict accounting

about some of his peculiar yarns before affording him the full measure of charity on the strength of them.

EARLY CLOSING RESUMED.

Clerks' Union Held Enthusiastic Meeting Last Night—Has Large Membership.

The regular fortnightly meeting of the local branch of the Retail Clerks' International Association, brought forth the largest attendance of any season this year. Three new members were initiated and three more were received on approbation. The local union now has a membership of over 60 and is the strongest labor organization in Pendleton.

The dry goods and hardware stores of the city will close at 6 o'clock in the evening after September 1. The agreement between the clerks and the stores was discussed last night.

Grocery clerks are not members of the union and the agreement to close at 6 o'clock does not apply to the grocers.

OPEN SEPTEMBER 19.

Later Than Usual for Convenience of the Farmers and Working Lads.

The city schools will open Monday, September 19, which is a week later than usual. The delay is premeditated, and to allow a week's more time for the large number of young men who are working in the harvest fields to make their arrangements for the winter's school work. Also to give the farmers who will send children to school in town a little longer time to either move into town or get their children settled in rented quarters, or at boarding houses.

These two elements comprise such a large proportion of the attendance upon the schools that this deference paid to their interests is regarded as in the interests of everybody concerned in the schools.

Judge Ayres in Town.

County Judge Ayres, of Morrow county, is in town, the guest of his son Thomas and other relatives. He will meet here his daughter, Mrs. Elsie Lassater, who will arrive this evening from Walla Walla, and will remain here for a few days before leaving for Ann Arbor, Mich., where her husband, James Lassater, is studying law at the Michigan State University. Judge Ayres has the distinction of being the first settler of Morrow county, coming there in 1862, and residing in that county continuously ever since.

Formerly of Pendleton.

Henry LaCombe, came down from Wallowa county to make arrangements for placing his daughter in St. Joseph's Academy the ensuing year. Today Mr. LaCombe has gone out to Pilot Rock. LaCombe was formerly in the sheep business in this county, and admits that he would like to return; it is homesickness, however, as he is prospering in Wallowa and says the past year has been unusually favorable to the sheepmen in that country.

Next Union Meeting.

Rev. Jonathan Edwards will preach at the union meeting in the Baptist church next Sunday evening. Miss Hazel Bickers will preside at the organ, and Miss Mytelene Fraker will sing. It is hoped to begin the service at 7:30 prompt, and the general public is invited to hear something unusual in the way of a discourse as well as of music.

His Friend Killed by Thug.

Wood Passley, of the Peoples Warehouse, today received word from Forest City, Ark., of the death of an intimate friend, City Marshal W. W. Rainbolt at the hands of a negro desperado. In an attempt to capture the negro, the marshal was killed, a deputy sheriff fatally wounded and the desperado was shot to death. The dying marshal raised himself and sent a bullet into the negro's heart.

Bought Rader's Black Team.

Warren & Sheely, the Dakota horse-buyers, have made but six purchases of horses as yet, but have several bunches of animals in sight and expect to have their required two carloads made up in a few days. They bought a team of Fred Tante, M. A. Rader's black team, one horse of M. J. Carney and one of a stranger.

Will Attend School at Walla Walla.

Mrs. Mary Ayres returned to Heppner this morning. She has been the guest of Mrs. George Fell. Mrs. Ayres has been to Walla Walla to make arrangements for renting a residence property there for the ensuing school year, with the intention of residing there and sending her two children to school.

W. C. Campbell in Spokane.

H. Haye, who has been taking his vacation at Lehman Springs, left for Spokane this morning. He has been the guest of J. A. Dupuis while in town. Mr. Haye is now engaged in the second-hand business in Spokane, with W. C. Campbell, who was formerly a blacksmith in Pendleton.

Contract for Excavating.

The contract for excavating the site of the new Smith-Crawford building at Main and Water streets, has been awarded S. J. Hastings. The work will begin as soon as the old building is torn down. The excavating is to be completed within 25 days.

Health Improved by Outing.

The families of Steve and Thomas Hampton have returned from their outing in the mountains near Meacham. Mrs. McCully returned with them. Her health and that of her daughter, Mrs. Steve Hampton, is considerably improved.

New Traction Engine.

Joe Snyder received a new traction engine last evening to use on his threshing outfit on the reservation. The old one "played out" before the season was over.

He Shot to Kill

AS IS THE CASE USUALLY WHEN A MAN PULLS GUN AND COMMENCES TO SHOOT—SOMEBODY HURT.

WE ARE "SHOOTING" TO KILL. OUR PRICES ARE LY HURT. THIS MOVING BUSINESS HAS BEEN A LOSS TO US. WE HAVE LOST OUR PROFITS SINCE 23D OF LAST MAY. IN ABOUT TEN OR TWELVE DAYS WILL MOVE INTO OUR NEW BUILDING. THEN THE LOSS IS RAPID—DEPENDS ON HOW FAR THE CROCKERY FA
