## SURVEY CHANGED ECHO TOWNSITE

MANY PROPERTY OWNERS ARE AFFECTED.

Townsite of the Village Occupies 100 Acres in Center of a Section—Parts of the Site Are Located in Four Quarters of the Section—Fences and Lines Were Out of "True," and Many Disputes Resulted.

Geary Kimbrell has filed in the office of the county surveyor the plat and description of the result of the special survey made of section 16, town 3 north, range 29, by request of the city of Echo.

The townsite of Echo consists of approximately 100 acres of land lying approximately in the center of the section—in fact, parts of the site are found in the four quarters. The section has never been accurately subdivided, and for that reason the lines of the additions have never been fixed or been in proper relation to the original townsite, the section, or to each other.

This condition has been fast leading to misunderstandings and arguments, with the certain prospect in sight of litigation and heavy expense ultimately confronting property owners unless an early settlement of the discordance was effected—hence the special survey.

### New Survey Made.

Mr. Kimbrell began at the very foundation—which, indeed, was the only legitimate place to begin, and re-surveyed the section and resurveyed the old townsite and the four additions in relation to the subdivisional points. The three additions are the Brassfield, the Halstead and the Koontz. In addition it was necessary to establish more determinate limits for the railroad yards. The yards are 140x325 feet in size, and hitherto no two plats of the yards tallied with each other, while one of the old plats actually credited the company with owning ground 1600 feet in length.

In fixing the metes and bounds of the company's property Mr. Kimbrell used the company's starting points, which corresponded with the outside metes fixed by the government survey, and the descriptions, and then let his lines come out arbitrarily.

### Cannery Off its "Base."

One result of the survey was to find that the cannery grounds were 75 feet out of "true," being to one side that much. All the company improvements were found to be within the holdings of the company, so the difference will not entail loss, as there are no fences to be moved.

The addition most out of "jibe" is the Halstead, where several fences are from five to six feet out of line, and several houses are from a few inches to several feet off the legal boundaries.

The most extensive one discrepancy was found in relation to the property of F. W. Hendley. His lots all lie on one side of the addition, and the addition as a whole, was found to be 12 feet out of "plumb." However, as Mr. Hendley's property lies next to an outside street, it is not likely that he will be allowed to lose the ground; he certainly will not be if the general custom is followed of vacating the street or just enough of it to recompense him in the amount of space which he unwittingly has invaded the city's property.

Mr. Kimbrell also established the grades for Main, Dupont, Bridge and Kennedy streets, and left the city with enough authoritative data to go ahead and found public improvements upon.

### New National Labor Party.

Chicago, Aug. 29.—A number of delegates have arrived for the convention called by the Chicago Federation of Labor for the purpose of forming a new political party of workingmen, farmers, single taxers, Turner societies and economic reform bodies. The radical views entertained by the organizers of the new party are expressed in the official call for the convention. Among other things the promoters accuse both the republican and democratic parties of betraying the confidence of the working people and state that, instead of political freedom in the United States, there is being reared both a political and industrial despotism unsurpassed even in Russia.

### End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of DuPont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by Tallman & Co.'s drug store. Price 50c and \$1.00. Trial bottles free.

### Reunion of Spanish War Veterans.

Wapakoneta, O., Aug. 29.—Streets and buildings here are gayly decorated in honor of the Spanish war veterans, whose annual state reunion opened today. Scores of visitors from every part of the state arrived last night and this morning. In addition to the opening exercises held in the city hall this forenoon the day's program included a military parade at noon and an elaborate floral parade later in the day. The reunion will extend over tomorrow. Sandusky, Hamilton and Findlay are contesting for the honor of entertaining next year's reunion.

One God-made man is worth a hundred self-made martyrs.

#### CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Tallman & Co.'s drug store.

### Notice to Contractors.

Sealed bids will be received at the office of the undersigned, until Friday at 9 a. m., September 2, for the erection and completion of three brick school houses above foundation, to be built in Pendleton, Oregon. All bids must be made on blanks furnished by the architect. A certified

check of \$500, made payable to John Halley, Jr., clerk of school board, must accompany each bid, to be forfeited to the board in case the successful bidder failed to enter into bonds within five days after he had been awarded the contract. The board reserves the right to reject any and all bids. Plans and specifications can be seen at the office of the architect, room 12, Judd building, Pendleton, Or.  
JOHN HALLEY, JR., Clerk.  
C. E. TROUTMAN, Architect.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.  
Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

### For Sale.
