It is said that some nights it is past 9 o'clock before the lights are turned on. Several of the councilmen last night suggested that something be done, but no definite action was taken.

It is the intention of the council to begin at once the repair of the Umatilla river levee. A petition was submitted to the council last night by the property owners between Jackson and Wilson streets in Bush, asking that a grade be established and sidewalk be constructed along the west side of Bush street. The petition was referred to the street committee.

The salary list for the month of August was read and warrants were ordered drawn for payment. Mrs. Gus Stangier was granted a liquor license.

Street Commissioner Brown was ordered to begin cleaning streets. Several of the principal thoroughfares of the city are filled with debris.
