The Portland Trust Company, of Oregon, which was established in 1852, has ample capital and resources. It has among its stockholders some of the wealthiest citizens of Oregon, and also a great many Eastern capitalists. This company has devised a very convenient form of saving funds that may be temporarily idle, so that the depositor may have interest upon them, and still have them available upon a reasonable notice.

Money Savers

When there are many in Eastern Oregon and Washington, remember that "THE OLDEST TRUST COMPANY IN OREGON," has interest-bearing certificates of deposit that pay a good rate of interest, and can be drawn at any time by giving a certain number of days' notice. Full particulars are contained in our book of

DREDGER IS LAUNCHED.

Government River Boat "Wallowa" Slips into the Waters of Snake.

The new government dredge, Wallowa, was launched at Riparia Saturday. The boat has been under construction for several weeks and is now completed with the exception of the installation of the machinery, says the Lewiston Tribune.

The building of the craft has been superintended by Capt. Harry Baughman, who will have charge of the dredge while in service. The machinery is now at Riparia and workmen have been engaged in installing the same for the past several days. It is expected that the boat will be completed the latter part of September and will be placed in commission in improving the channel of the upper river.

The commission has not yet announced the amount of funds available for the improvement work this year, but it is understood that a sufficient fund exists with which to make material improvements to the upper river channel.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops with a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, Price 75c. Take Hall's Family Pills for constipation.

One Hundred Dollars Reward.

One hundred dollars is a pretty good reward for five minutes work, yet that is what J. E. Strode, of Walthburg, Wash., got from the East Oregonian in our last subscription contest. He received with the compliments of the East Oregonian, without a cent of expense to himself, a \$100 rubber-tired buggy. We propose to conduct another subscription contest on the following basis:

From now until November 4th we will take new subscriptions sent in by our subscribers and to the one who guesses nearest to the vote received by the winning presidential candidate in this state, we will give one-half of all the money received from this contest.

For example, if you think President Roosevelt will receive the majority of votes in the coming election, fill out the coupon, "Roosevelt's total vote in Oregon will be (.....)," and put in your estimate.

If our subscribers co-operate with us as they have in previous contests and as we expect they will in this, we will take in several hundred dollars and possibly much more, one-half of which will go to the person who guesses nearest to the vote in Oregon for the winning presidential candidate.

There is only one requirement and this is important. ALL NAMES SENT IN MUST BE THOSE OF NEW SUBSCRIBERS. Renewals of subscription will not be counted in this contest. Subscribers can participate in this way: Get some neighbor to take the Weekly East Oregonian for four months for 50 cents. Send in a money order for the 50 cents; or in 1c and 2c stamps or silver, accompanied by your guess on the presidential vote. If you do not want to ask some neighbor to subscribe, send in 50 cents and the name of some friend in the East who is interested in the western country. Let him read the Weekly East Oregonian and it will give him more news about the resources of the Inland Empire than you could if you wrote him a 50-page letter a week. For every 50 cents you will be entitled to one guess. If you get four of your friends to take it four months each, you will be entitled to four guesses; or if you get one new subscription for a year for the Weekly for \$1.50 you are entitled to three guesses. Some one of our subscribers will get one half of all money taken in on this contest. It may be only \$50, or it may be several hundred dollars, but whatever the sum the one who guesses nearest to the presidential vote in Oregon for the winning candidate, will get one-half of the money.

Remember the guess is on the vote cast in Oregon for the successful presidential candidate.

Only new subscriptions count.

A subscription for 50 cents gives you one guess.

You can send in as many subscribers as you wish and for each 50 cents you get one guess.

This contest closes November fourth, so be sure to send in your guess before that time.

The total vote in June, 1904, was \$2,608; for republican candidate for supreme judge, \$2,946; for democratic, 28,729; socialist, 6419, and prohibition, \$614.
