PENDLETON BOOZET

Manufactured by A. ROHDE

The Portland Trust Company, of Oregon, which was established in 1887, has ample capital and resources and numbers among its stockholders some of the wealthiest citizens of Portland, and also a great many Eastern capitalists. This company has devised a very convenient form of employing funds that may be temporarily idle, so that the depositor may get interest upon them, and still have them available upon a reasonable notice.

Money Savers

Of whom there are many in Eastern Oregon and Washington, should remember that

"THE OLDEST TRUST COMPANY IN OREGON," issues interest-bearing certificates of deposit that pay a good rate of interest, and can be drawn at any time by giving a certain number of days' notice.

CLEARs FRANKLIN ELLIS.

Father of Murdered Boy Died Last December at Alba.

Alba, Ore., Sept. 7.—(Editor East Oregonian.)—Will you be kind enough to correct a statement put in circulation by the Tribune. It is going broadcast over the land in regard to Franklin Ellis being connected with the murder of his son, Chris Ellis.

I will state that I am a half-sister of Chris Ellis, the murdered boy, and our father died December 3, 1903, at Alba, at the home of his son, J. B. Ellis.

He and his second wife disagreed six years ago and father preferred to live with his first children.

Father had no enemies and his children are pained to think that any suspicion or reflection should be cast on his character.

He had applied for a divorce in '93, and had paid money on the transaction to Peter West.

Please insert this in the columns of your esteemed paper.

Very respectfully yours,
MRS. H. T. CONNELL.

ELGIN WOOL TRADE.

Over 2,000,000 Pounds Handled in the Year 1904.

That Elgin is one of the important wool shipping points in this part of the state is proven by the following figures, which the Reporter obtained through Charles Probstel, bookkeeper for the Elgin Forwarding Company.

The wool season began this year on the sixth of June, on which date the first load arrived from Walla Walla county, and continued until the 10th of the present month.

During this period there was baled and shipped 2,275,164 pounds of wool. Engaged in handling this wool were on an average 14 men, whose wages ranged from \$2 per day for truckers, to \$4.50 per day for graders and baler foremen.

A glance at these figures indicates that Elgin is one of the principal wool shipping centers of the eastern portion of the state, and that the work of handling it is quite an important item in the business industries of the town.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

CLEARING FORTY-ACRE TRACT OF TIMBER.

Stole a Horse and Turned it Loose—Heavy Yield of Excellent Wheat—Rain is Needed—Moving to Athena—To Operate the Pumping Plant—Moving to Athena to Send Their Children to School.

Briggson, Sept. 4.—William Wilkinson is having 40 acres of land cleared of timber and brush preparatory to breaking and seeding this fall.

Last week some one took one of Ora Zerba's horses back into the mountains. It was found returning home covered with dirt and sweat and so stiff and sore that it could hardly move.

"Judd" Mitchell has several hundred acres of grain to thresh in this vicinity. He reports barley yielding 30 and wheat 35 bushels per acre, and of fine quality.

A good rain is very much needed in this vicinity just at present. Water is becoming scarce and pastures are drying up.

Al Booher moved his family to Athena last week, where he has secured employment for the coming fall and winter. He will run the city pumping plant.

George Craigen last week moved his wife and daughter to Weston, where they will keep house for the winter. Miss Craigen has employment as teacher in the Weston public school.

George Payne will move his family to Athena next week in order to send his children to school.

The Halo of Motherhood.
The halo of motherhood is a divine thing, we all reverence it, and we all appreciate at what a cost it has been won. Apprehension, tears, worry, and actual suffering make up its cost, and yet all this might be vastly lessened by the simple agency of

MOTHER'S FRIEND,
a liniment dedicated to the easing of parturition and its accompanying suffering.

It is applied externally, and the results following its use are nothing short of marvelous. "A friend in need is a friend indeed," that's what Mother's Friend is. Sold at all drug stores for \$1.00 per bottle. Send for our book, "Motherhood," free if you ask.

One Hundred Dollars Reward.

One hundred dollars is a pretty good reward for five minutes work, yet that is what J. E. Strode, of Wabburg, Wash., got from the East Oregonian in our last subscription contest. He received with the compliments of the East Oregonian, without a cent of expense to himself, a \$100 rubber-tired buggy. We propose to conduct another subscription contest on the following basis:

From now until November 4th we will take new subscriptions sent in by our subscribers and to the one who guesses nearest to the vote received by the winning presidential candidate in this state, we will give one-half of all the money received from this contest.

For example, if you think President Roosevelt will receive the majority of votes in the coming election, fill out the coupon, "Roosevelt's total vote in Oregon will be (.....)," and put in your estimate.

If our subscribers co-operate with us as they have in previous contests and as we expect they will in this, we will take in several hundred dollars and possibly much more, one-half of which will go to the person who guesses nearest to the vote in Oregon for the winning presidential candidate.

There is only one requirement and this is important. **ALL NAMES SENT IN MUST BE THOSE OF NEW SUBSCRIBERS.** Renewals of subscription will not be counted in this contest. Subscribers can participate in this way: Get some neighbor to take the Weekly East Oregonian for four months for 50 cents. Send in a money order for the 50 cents; or in 1c and 2c stamps or silver, accompanied by your guess on the presidential vote. If you do not want to ask some neighbor to subscribe, send in 50 cents and the name of some friend in the East who is interested in the western country. Let him read the Weekly East Oregonian and it will give him more news about the resources of the Inland Empire than you could if you wrote him a 50-page letter a week. For every 50 cents you will be entitled to one guess. If you get four of your friends to take it four months each, you will be entitled to four guesses, or if you get one new subscription for a year for the Weekly for \$1.50 you are entitled to three guesses. Some of our subscribers will get one half of all money taken in on this contest. It may be only \$50, or it may be several hundred dollars, but whatever the sum the one who guesses nearest to the presidential vote in Oregon for the winning candidate, will get one-half of the money.

Remember the guess is on the vote cast in Oregon for the successful presidential candidate.

Only new subscriptions count.

A subscription for 50 cents gives you one guess.

You can send in as many subscribers as you wish and for each 50 cents you get one guess.

This contest closes November fourth, so be sure to send in your guess before that time.

The total vote in June, 1904, was 92,608; for republican candidate for supreme judge, 52,946; for democratic, 28,729; socialist, 6419, and prohibition, 5514.
