## WARM, DRY WEEK

**PASTURAGE SCANT IN NEARLY EVERY REGION.**

**Rain Needed for Plowing and for All Crops Except Hops—Better Sugar Beet Crop Than the Average—Potatoes and Onions Will Yield a Little Less Than an Average Crop—Apples Generally Abundant, and Prunes are Ripening Fast.**

The past week has been dry with warm days and occasional nights. Although rain would be important to some, it is badly needed for the potatoes, apples and prunes. The grain harvest is nearly completed, and it is by results a little fall seeding has been done in summer followed and most of the farmers are waiting for rain before beginning this work. Pasturage in the valleys, except in the coast counties is very short and continuing are now made that feed of the ranges in the mountains is getting scarce.

The tops of late potatoes are beginning to dry up and the tubers are small and few in the hill. The yield of them on the Washington county was considerably less than last year and below the average of former years. Sugar beets in Union county are fine and the crop is reported to be better than the average. Homing becomes general this week. The birds are rather small, but the ones are free of lice and the crop is of good quality although slightly below the average in weight.

Summer apples have dropped heavily, but late apples continue doing well and promise abundant yields. Prunes are ripening and picking will become general about the middle of the month. Peaches and blackberries are plentiful in the markets.

**Colombia River Valley.**

Duffin, Wasco county, also Branch—Went very dry, quite cool in fore part, turning warmer toward the end. Thrusting still in progress, and will be completed in about a week. Yield of grain from all accounts have been good, some fall wheat being hauled to warehouses.

**Klamath Water county.** George J. Friend—Weather pleasant, and rain needed. Thrusting almost done, summer fallow seeding well begun. Barley, oats are getting ripe, but yield is short.

**Deschutes county.** George W. Maxwell—Weather pleasant and favorable for work. Thrusting nearly done, grain about average. Fruit a good crop, potatoes light and very small, third crop of alfalfa nearly all cut. Farmers are preparing for fall seeding, pastures short, but stock generally in good condition.

**Plateau Region.**

Baker City, Baker county, W. C. Mc-

**Business.**—The past week near Baker City is considerably larger than usual, about all signs are favorable, with the usual crop, pastures good. It is also reported that the weather is better, it will be a relief to the people from the past week's rain. It is reported from various places that the harvest is finished.

**La Grande, Union county.** W. F. Jones—Weather good for harvesting wheat, a heavy dew, some heavy dew, some rain, some hail, some frost, but the week's rain has done much in this condition for work.

**Wallowa county.** James Wood—Weather dry and hot, third crop of alfalfa coming good, and if no frost occurs it will make a good crop. Fruit ripening fast and crop heavy, wheat doing well.

**WOODMAN DAY AT THE FAIR.**

**Great Fraternal Order Has Large Delegations at St. Louis.**

St. Louis, Mo., Sept. 8.—This was Woodman Day at the World's Fair and members of the Modern Woodmen of America were in complete possession. Members of the order came in hundreds from all parts of Indiana, Iowa, Illinois, Kansas, Missouri, Nebraska, Wisconsin, Michigan, Minnesota and other states, several of the delegations being headed by the governors of their respective states.

Formal exercises were held in Festival hall this afternoon at which addresses were delivered by President Francis of the exposition, Head Consul A. E. Taylor of the Modern Woodmen, Past Head Consul V. A. Norcott and by several of the visiting governors.

There is more timber in the section of the country than at other places put together, and until the war years was supposed to be inexhaustible. For a great many years before the present a local disease and prescribed local remedies and he constantly talking to cure with local treatment, pronounced it incurable because the present timber is a constitutional disease and therefore requires constitutional treatment. Halls' Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutionally correct cure on the market. It is taken internally, it does from its origin to a permanent cure. It acts directly on the blood and cures the system. They offer one hundred dollars for any case if it fails to cure, sent for circular and testimonials.

F. J. CHENEY & CO., Toledo, O. Sold in Pendleton, price 75c. Take Halls' Family Pills for constipation.

**It Will Be to Your Interest.**

If you contemplate visiting the St. Louis Exposition, it is very reliable information as to railroad service, the lowest rates and the best routes. Also as to local conditions in St. Louis, hotels, etc., etc.

If you will write the undersigned, stating what information you desire, the same will be promptly furnished. If we do not have it on hand, we will secure it for you if possible, and without any expense to you. Address

## TREASURE IN SACRED LAKE.

**Search Being Made in a Famous Body of Water in Colombia.**

Attempts to uncover a vast treasure supposed to be at the bottom of the sacred lake of Guatavita in the republic of Colombia, have been in steady progress for some time, and it is thought that the bottom of the lake will be laid bare during the present month.

If the course of the operations for draining Lake Guatavita many curious objects in gold work and pottery have been found on the margin formerly covered by water and about the shores. These objects are not only of great antiquity, but they appear to be imitations of the products of a still earlier age.

Some of the cases and ornaments recovered are very like similar objects found in the tombs of the Incas in Peru and Ecuador; others have a suggestion of Egyptian craft or technique. The finding of these empty vessels, which are believed to have been treasure, leads to the supposition that many treasure seekers have been there already, but what has been gotten out only have been by dredging.

There are good reasons for thinking that a rich store of emeralds may be found in the all of the lake bottom. The Indians were all worshippers and the emerald was venerated as the emblem of the sun. At these points were plentiful, they would, in all probability, be among the treasures which the natives are said to have thrown into the water to preserve

## One Hundred Dollars Reward.

One hundred dollars is a pretty good reward for five minutes work. It is what J. E. Stroud, of Waldburg, Wash., got from the Oregonian in his last subscription contest. He received with the contents of the East Oregonian, without a cent of expense to himself, a rubber-lined buggy. We propose to conduct another subscription contest on the following basis:

From now until November 4th we will take new subscriptions sent by our subscribers and to the one who guesses nearest to the vote received by the winning presidential candidate in this state, we will give one-half of the money received from this contest.

For example, if you think President Roosevelt will receive the majority of votes in the coming election, fill out the coupon, "Roosevelt is our vote in Oregon will be \_\_\_\_\_" and put in your estimate.

If our subscribers co-operate with us as they have in previous contests, and as we expect they will in this, we will take in several hundred dollars and possibly much more, one-half of which will go to the person who guesses nearest to the vote in Oregon for the winning presidential candidate.

There is only one requirement and this is important. ALL NAMES SENT IN MUST BE THOSE OF NEW SUBSCRIBERS. Renewals of subscription will not be counted in this contest. Subscribers can participate in this way. Get some neighbor to take the Weekly East Oregonian for four months for 50 cents. Send in a money order for the 50 cents or 10 2c stamps or silver, accompanied by your guess on the presidential vote. If you do not want to ask some neighbor to subscribe, send in 50 cents and the name of some friend in the East who is interested in the western country. Let him read the Weekly East Oregonian and it will give him more news about the resources of the inland Empire than you could if you wrote him a 50-page letter a week. For every 50 cents you will be entitled to one guess. If you get four of your friends to take it four months each, you will be entitled to four guesses, or if you get one new subscription for a year for the Weekly for \$1.50 you are entitled to three guesses. Some one of our subscribers will get one-half of all money taken in on this contest. It may be only \$50, or it may be several hundred dollars, but whatever the sum the one who guesses nearest to the presidential vote in Oregon for the winning candidate, will get one-half of the money.

Remember the guess is on the vote cast in Oregon for the successful presidential candidate.

Only new subscriptions count.

A subscription for 50 cents gives you one guess.

You can send in as many subscribers as you wish and for each 50 cents you get one guess.

This contest closes November fourth, so be sure to send in your guess before that time.

The total vote in June, 1904, was 21,608 for republican candidate for supreme judge, 62,946 for democratic, 28,729 for socialist, 6419, and prohibition, 6514.

My estimate on \_\_\_\_\_ vote in Oregon for President

Name \_\_\_\_\_

Postoffice address \_\_\_\_\_

Fill in the first blank space the name of the candidate you think will win. Fill in the second blank space with your estimate of the number of votes he will get in Oregon. Enclose with 50 cents and mail to the East Oregonian Publishing Co., Pendleton, Oregon.

Send paper to \_\_\_\_\_
