

# AMONG THE EXCHANGES OF THE INLAND EMPIRE

**New Rifle for Walla Walla.**  
By next spring Uncle Sam's soldiers at Ft. Walla Walla will be armed with a new, unique and terrible weapon—"U. S. Magazine Rifle, Model of 1903."  
The ordinance experts of the United States army, after months of work, have at last succeeded in constructing a magazine rifle which is believed to be superior to any in use in foreign armies at this time.  
Every government arsenal in the United States which has the necessary facilities is working night and day just now, turning out the new arm, and reports state 40,000 of them have already been completed. None will be issued to the troops of the regular establishment, however, until 100,000—the number requisite to supply the maximum strength of the army on a war footing—have been completed. At the present rate of progress this will probably be about December 1, and their issuance will be immediately begun.—Walla Walla Union.

**For Irrigation Enthusiasm.**  
Walla Walla business and professional men, farmers and others interested in the irrigation of arid and semi-arid lands under the United States reclamation act are being invited to attend a convention at Spokane some time this month for the purpose of arousing the interest of the work mapped out by the government. The Spokane Chamber of Commerce has taken the initiative in the matter and has appointed a special irrigation committee, which has prepared a special circular letter to be sent out to every person and commercial body in Eastern Washington interested in irrigation.—Walla Walla Statesman.

**Valuable Mine Being Opened.**  
A. Irl Eagle and G. A. Bergh of Nampa are in town today, buying a five-stamp mill and other equipment for their mining property. They own

a group of three claims on Sucker creek in Owyhee county, about 13 miles north of Silver City. Considerable work has been done on the ground. A fine seven-foot vein of free milling ore has been opened in several places. It shows a general value of between \$5 and \$10. This attractive ore body has been traced and opened in places for a distance of over 2000 feet. It is the intention of the owners to save all the tailings from their mill with a view of putting in a cyanide plant later on. They believe a five-stamp mill, with plates, will save enough gold to make the mine a dividend payer from the start.—Boise Capital News.

**Vale, Lawton.**  
The pretty little town of Lawton, which almost five years ago sprang into existence with a flourish of trumpets and promise of a boom never before experienced in an Eastern Oregon mining town, has given up the ghost. A recent sale of the townsite was made to satisfy a judgment held by Lina Sturgis. The claim called for \$3000, which was the amount bid for the whole.  
Several imposing buildings were constructed during the palmy days, and many of these were left deserted by their disgraced owners. A newspaper at one time attempted to make a howling success in the embryo town, but it passed into the newspaper bonfire. A few families still are seen in the town, and these have undisputed sway over its destinies.—Sumpter Reporter.

**Many Corvallis Students.**  
About 25 students will leave Union county for the Oregon Agricultural college at Corvallis on the 15th of this month. The attendance this year from this locality promises to be from three to four times that of any previous year. Three families have already decided to move to Corvallis this fall for school purposes, and others may decide to do later.—La Grande Observer.

## MARKET REVIEWED

**WIG PRICES AGAIN ADVANCE 25C PER 100.**

Receipts at Portland Very Light—Cattle Remain at \$2.75 Mark, With Little Doing in Central Markets—Sheep Are Dull.

Portland Union Stockyards, Sep. 9.—There is a good demand for good, well finished hogs and prices on this grade are 25c up.  
There is also a favorable call for good steers, but medium grade do not seem to be wanted.  
The entire sheep market is in good shape.  
The receipts today consisted of 60 head of 127 cattle and 355 sheep.
