WANT THREATENS IDLE STRIKERS

Throngs Seeking Old Places Are Cleared Away by the Police.

TEN THOUSAND WILL BE IDLE THIS WINTER.

Change in System Whereby Butchers Will Work Full Time Does Away With Many Jobs—Only 250 Taken Back Today—Strike Enthusiasm at Low Ebb—No Contributions for Union Stores—Idle Men Are Sullen and Gloomy—Families Are Sure to Suffer—Idle Men Complain Bitterly.

Chicago, Sept. 15.—No more than 250 strikers found work at the packing plants today. The police were compelled to clear the yards of crowds seeking work.

As a result of the new arrangement of hours, whereby the butchers will work full time, it is estimated the force at the yards will be reduced by 5000.

Families Suffer.

Thousands of the strikers have families and their idleness for the past two months has caused them to spend the meager savings and now want threatens many of them, who are unable to return to work.

The enthusiasm of the strike has now died out, the contributions to the union stores are slow in coming in, and the fact that a portion of the strikers have been allowed to return to work while the others must wait, has embittered the strikers against each other and there is certain to be widespread suffering this winter.

PETITION FAILS IN SIGNATURES

LOCAL OPTIONISTS MUST TRY ONCE MORE.

Petition Including All of Southern Umatilla County Presented to County Clerk Sailing Today—Total Vote in District 600, Names Necessary to Secure Filing 60—But 54 Signatures Secured—Additional Names From Milton.

Unless the advocates of local option in the precincts of Umatilla county, south of Pendleton secure additional names to their petition filed with the county clerk this morning, the matter will not be brought to a vote. The petition filed contains the names of 61 persons, but the clerk's checking shows that but 54 are registered voters.

At the last general election 600 votes were cast in the precincts named in the petition. Ten per cent is required to bring the local option matter before the voters. However, several weeks yet remain, before the date for filing petitions expires and additional names may be added at any time.

Fifty-two additional names were received today from the Milton and Freewater precincts to be added to the petition already filed from that part of the county.

COUNCIL ORDERS QUICK ACTION

Sewer Connections Must Be Made by Property Owners at Once.

SEWER COMMISSIONER NOW HAS FULL CHARGE.

Committee Has Surrendered Authority to Withee, Who Will Enforce Sewer Ordinances—List of Delinquents Will Be Furnished the Council—Matter of Fire Protection for South Hill Considered and New Hose Will Probably Be Ordered—Better Protection Will Probably Be Better Protection Is Now in the Hands of the Fire Committee, Which Will Act at Once.

The mandate has gone forth from the city council that the ordinance calling for the connection of all residences in the sewer district with the sewers must be enforced. Councilman Murphy at last night's session, moved that the sewer inspector be instructed to enforce the ordinance, and it carried unanimously. Last month only four connections were made. Councilman Johnson suggested that the inspector make a detailed report of all places that have not complied with the ordinance.

Chairman Dickson presided at last night's meeting in the absence of Mayor W. F. Matlock. Councilmen present were: Wells, Ferguson, Renn, Johnson and Murphy.

The matter of better fire protection for that portion of the city lying on the heights was discussed and the purchase of 600 feet of hose and possibly a hose cart, was left in the hands of the fire and water committee for action. It is the intention of the council to establish hose stations on South Hill and near the new west end school house.

AT STATE FAIR.

Frank Frazier Appointed Associate Judge of Speed Tests.

Salem, Sept. 15.—Yesterday President Downing accepted the resignation of Associate Judge G. A. Westgate of Albany, and appointed Frank Frazier of Pendleton, in his stead.

It seems there was some misunderstanding between Mr. Westgate and the board and this led to Mr. Westgate's resignation. Mr. Westgate was a member of the state board of agriculture and as a candidate for the office of president.

After the election of Mr. Downing he resigned from the board and it seems he has rather criticized the management of the fair board. Hon. George Chandler, the other member of the board of judges of the race course arrived yesterday at the fair and was on the track during the day, although not in the stand.

Mr. Frazier is the man who developed the great racing Stallion Cheshalls and who took him to the East.

The Record Breaker Yesterday.

The time made by Nonie yesterday afternoon in the six furlongs dash was the state record for this distance, and broke the record made on September 21, 1902, by C. F. Clancy's Boldeer, which was 1:14. Nonie's time of 1:11. 1-2 is considered very fast for this distance. In point of fact the Lone Oak race track is fast this year, some saying it is two seconds faster than Irvington.

The receipts of the fair yesterday were \$1249. Frank Carter of Butte, gave an exhibition of fancy shooting last evening.

The agricultural exhibit is now well displayed and is a most beautiful and extensive exhibit.
