FORMERLY OF PENDLETON.

James L. Hoffman, Murderer and Suicide in Spokane County.

James L. Hoffman, who shot Mrs. Henry Hoff to death on her husband's farm Thursday, seven miles from Mead, in Spokane county, Washington, once lived in Pendleton. He left here in 1897 for the Klondike, remaining there several years. He returned to Pendleton about four years ago, paid his membership in the Woodmen of the World, in which he was in good standing and then left again for Alaska. A little over two years ago he returned to Spokane county.

It appears from a letter left by Hoffman and from other and confirmatory evidence that he was engaged to marry Mrs. Hoff, whose maiden name was Emma Light, and that he became insane from jealousy and shot the woman the day following her marriage to Henry Hoff. Hoffman's letter claims that the woman turned him down for a home, Hoff being in good circumstances, while he himself was not.

Hoff found his wife and Hoffman lying dead in the open field, with every evidence that the woman had fled for her life and had put up a desperate struggle after being overtaken. She was shot twice through the head, while the suicide had one bullet through his brain.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
