

LONG DOCKET FOR CIRCUIT COURT

MANY CRIMINAL CASES TO BE TRIED NEXT TERM.

Partial List of Cases Has Been Arranged for Trial—George Lamont Charged With Embezzling \$700 From C. W. Irwin, to Be Tried—Jesse Saling Charged With Gambling, Ralph Ward for Alleged Assault on Miles Kemler—Warren Stevens and Judd Teeters for Horse Stealing.

The next jury term of the state circuit court convenes on October 10. The list of criminal cases on the docket is unusually large. The dates of the different trials have not been arranged. The cases follow:

Perry Cavin, charged with larceny from a dwelling. This crime is alleged to have been committed on August 15.

Percy L. Cahoon, charged with obtaining goods by false pretenses. The information was secured in the justice court on August 29, but Cahoon has not yet been arrested.

Jens Jensen and Gabriel Jensen, convicted in the justice court of obstructing a public highway and fined \$50 each, have given notice of appeal to the state circuit court. A charge of obstructing a public highway, brought against Gabriel Jensen and Knute Knudson, was filed in the state circuit court when T. G. Halley was district attorney. This case will perhaps be tried next month.

George Lamont is charged with obtaining money under false pretenses. He was arrested in Portland on August 18. He is alleged to have secured \$700 from C. W. Irwin, a local confectioner, for the purpose of buying machinery and embezzling it.

Jesse Saling, charged with gambling, and William Baker and Albert Ogg, charged with allowing a minor to frequent a saloon, pleaded not guilty several days ago. These cases will be tried at the next term.

Fred L. Thompson, alias John Wilson, is charged with forgery.

John Wa-lletsia, an Indian, is charged with assault with a dangerous weapon. He was arrested August

23 upon complaint of H. P. Jensen, who claims the swash struck him with a rock.

Ralph Ward will stand trial for assault with a dangerous weapon. On September 13 he is alleged to have fired a shot at Miles Kemler, with whom he had quarreled.

Warren Stevens and Judd Teeters will be tried for horse stealing, alleged to have been committed last June.

JOHN DING IS DEAD.

County Charge for 10 Years, Passes Away, Aged 80.

With no known relative to mourn his going, and friendless except for half a dozen world-weary, decrepit unfortunates, whose plight is as pitiable as his had been, John Ding, 80 years of age, died this morning at the county poor farm. Death was due to senile decay. The funeral of the aged pauper was held this afternoon at 2 o'clock from M. A. Rader's undertaking establishment, with Catholic rites.

For 10 years John Ding was a county charge. He was a native of Germany and little or nothing is known of his early life or his days of prosperity. Too old and infirm to longer battle with the world, he applied to the county court for shelter and was taken in.

Up until a few months ago this little old white-haired man would come to town occasionally on errands for the farm superintendent. His slight, tottering figure was familiar to the merchants and business men who occasionally gave him cast-off garments or a few cents for tobacco money. To them he merely was old John Ding, of the poor farm.

BYERS' GROVE SEWERS.

Levels Run for System That Will Drain East End of Town.

Geary Kimbrell yesterday run the levels for the new sewer which is to drain the Byers' grove district. The main sewer is in Lewis street, and the design is that it shall carry off all the drainage of that district—to and beyond the pump house.

The plan is to have all the present and the future sewage of that territory carried through this sewer, none of it being emptied into the river above Jeff Davis street. This scheme will save all that territory contiguous to the pump house—east, west, north and south of it from any possible contamination, and if it is adhered to in the years to come along the present projected lines, will settle the question of purity of the city's water supply.

It is hardly necessary to add that all residences and other buildings in that territory will be compelled to connect with this sewer, and that the accumulation of all stable and other debris will be rigidly prohibited. In the interests of the entire population of the city.

With the filling of the Byers slough and the enforcement of the other regulations to accomplish a complete drainage of this district, it will be if anything the most healthful locality in town. The new sewer will be eight inches in diameter and will connect with a larger sewer on Jeff Davis street. It will be almost exactly 1750 feet in length.

AWARDED \$30,000 DAMAGES.

J. M. Mitchell Receives Verdict From Bully Hill Smelting Company.

J. M. Mitchell, physical instructor of the Pendleton Athletic club, received the information from San Francisco that he had been awarded damages in his suit for \$30,000 brought against the Bully Hill Mining & Smelting Co. of Shasta county, Cal. The case was first tried in the circuit court and Mitchell secured judgment by default. The matter was then carried to the supreme court. The settlement is in the form of a compromise, but the exact amount is not known.

"I had an understanding with my attorney that it was not to be less than \$15,000," said Mr. Mitchell this morning. "I expect to receive definite information in a day or two."

Mitchell was injured last May while at work in a shaft of the Bully Hill Mine. He sustained a fractured hip bone and an injury to his side and back.

Schaberg is alleged to have passed a worthless check for \$5 on Baker & Sullivan, a liquor firm. Two other checks amounting to about \$20 are said to have been disposed of by the prisoner.

The check passed on Baker & Sullivan was drawn on the Pendleton Savings bank and signed by Schaberg. Investigation showed that the man has no account in the bank. No information has yet been filed in the matter.

The lumber for the new school houses has been delayed in transmission from the Sound, but will begin to arrive tomorrow. Immediately work will begin on the west end building. Brick is being unloaded daily, and the work will be prosecuted with speed from now on. Mr. Cook will put a full crew upon each building as soon as all the foundations are finished and other preliminaries to the carpentering made ready.

PURE DRUGS

It is easy to say "pure drugs." So easy that many druggists say so from force of habit. The reality requires more than mere "say so." It requires knowledge, experience, constant and conscientious vigilance.

We say we have pure drugs because we have. We spent time and money to make sure of the fact.

There are no better drugs to be had than we provide. There are no pure drugs that can be had for lower prices than ours.

What is a

Savings Account?

THE USE of a Savings account is not fully understood. It is a banking feature that does more service to a community that can readily be appreciated. In every community, there are numbers of people who have small sums and no means of using them to advantage. The Savings

Department of this bank affords the means of utilizing these funds. One man has \$5, another \$50, another more, another less. These sums when placed together in a bank can be loaned out so as to pay interest. The Savings Department is the means of getting these small sums together and loaning them out safely. There are many people who would be pleased to receive interest on their money for a short time.

The Commercial National Bank is the only institution in this city which provides strictly for the receipt and care of savings and trust funds. Interest paid on all such accounts at the rate of

Four Per Cent per Annum

for each calendar month that the money remains in bank. Deposits made on or before the 4th of a month draw interest from the first of that month. Interest is credited on all accounts February and August 1st, at which times, if not drawn, it becomes part of the principal. Any part of a deposit may be withdrawn without disturbing interest on the balance.

Certificates of deposit are issued bearing interest at the following rates:

Certificates Payable in 6 months, 4 per cent. Safety deposit boxes for rent.

Don't overlook the fact that we are a National Bank, under the direct supervision of the Federal Government.

Interest Compounded every six months
