

The Glory of Maternity.

Nature, if left alone, will cure for itself; this might have been true at some pre-historic time, but since for ages it has not been left alone, but has been forced down and fettered by the observances and mandates of society, it can no longer cure for itself.

At no time does the truth of this appeal to us more strongly than at that period of a woman's life when she is about to become a mother.

Nature must be assisted at this crisis, and for this very contingency

MOTHER'S FRIEND

has been devised that the muscles and tissues torn and weakened as they have been by the stress of our higher civilization, may heal without undue suffering and possible lasting harm, the functions which the Creator intended them.

Mother's Friend by its kindly offices relaxes and relaxes these parts and enables the mother to pass through the parturient period and actual crisis with practically no suffering and an easy delivery of her offspring.

It is applied externally as a massage, and is a non-irritating, soothing, and most efficacious liniment. \$1.00. All druggists. Our book "Motherhood" sent free on request.

NEW COAST LINE

TACOMA TO BE TERMINAL OF ROCKEFELLER ROAD.

Lewiston Paper Gives Graphic Description of the Route to Be Followed by the Intended Line of the Standard Oil Magnate—Lewiston Will Be on the Proposed Road, and Tacoma Said to Be the Terminal Now in View.

Eastern newspapers are now filled with announcements relative to the plan of the Chicago, Milwaukee & St. Paul to build a road to the coast, and yesterday an Associated Press dispatch from New York stated upon authority of an official of the company that the survey for the road had been made, says the Lewiston Tribune.

As to the route, no announcement was made. However, developments on the coast during the past few months, relative to the plan of Rockefeller to build to tide water, show quite clearly that Tacoma is to be the terminal.

It is also definitely known that the line as surveyed, reference to which was made in yesterday's dispatch, strikes Idaho near Salmon City and then follows down the Salmon river and Snake river to Lewiston.

At the time the surveyors appeared near Salmon City wide publicity was given their movements, but the engineers declined to make any announcement.

This was followed by a trip down the Salmon river and Snake river in a small boat of a party of four men, who made the preliminary reconnaissance of the route. Upon reaching Lewiston they spent two days here. The trip was made in February and to a Tribune reporter they gave the interesting explanation that the object of the journey was to find good hunting grounds and that later they would guide a party of eastern men into that country.

The railroad engineers—for they were railroad engineers—had experienced a hard trip. The upper Salmon was running much less and at points it became necessary for them to carry their best great distances overland.

This engineers quietly disappeared from Lewiston, and the hunting trip evidently was abandoned. However, later in the spring with the utmost secrecy a party of surveyors made the trip down the Salmon to Lewiston and on to the coast.

After they had left this country, knowledge of their work became public, but the survey was accredited to the Burlington. In view of late developments, however, there now seems no doubt the surveyors were representing the Rockefeller line.

Look up your wants for the next six months and every member of your family is fitted out from head to foot during this bargain event, for the here is simply enormous. This sale will further prove to you the saving you make by trading strictly cash store. The store that buys and sells for cash, and undersells in every instance.

THE FAIR

AGENTS FOR McCALL'S PATTERNS.

COTTON PLANTERS

PRODUCING STATES IN SESSION AT ST. LOUIS.

Industrial and Agricultural Interests to Be Discussed in Every Phase—Address on Subject of Organization of Growers Toward Trust Ends—Expect to Organize an Interstate Organization—Has Met in Agricultural Building at the Fair Ground.

St. Louis, Sept. 26.—Prominent planters of Georgia, Alabama, Mississippi, Texas and other states filled the auditorium of the agricultural building at the World's fair this morning at the opening of the convention of the Southern Cotton Growers' Protective Association. President Harvie Jordan of Georgia called the gathering to order at 10 o'clock. The visitors were greeted by President Francis of the exposition and Frederic W. Taylor, chief of the agricultural section. For the visitors response was made by T. B. Parker of Raleigh, N. C.

President Jordan delivered a vigorous address in which he set forth the purpose of the convention to be to discuss and perfect the best ways and means for the future handling of the south's great staple crop by the producers, and to perfect arrangements for financing the cotton in the hands of the producers so as to secure a steadier and more uniform movement of the staple on the markets of the country.

S. E. B. Morse of New York, delivered an address on "The Southern Cotton Corporation" and the forenoon session closed with the appointment of committees.

Upon re-assembling this afternoon the convention listened to addresses as follows: "Better Facilities Needed in Handling Cotton," Richard H. Edmonds, Baltimore, Md.; "Best System of Warehousing Cotton," Eugene Williams, Waco, Texas; "Slow Movement of the Cotton Crop by the Producers Essential to Insure Good Prices," E. C. Peters, Culvert, Texas.

The convention expects to conclude its business this evening by perfecting an interstate organization and electing officers for the year.

Illinois Republican Clubs. East St. Louis, Ill., Sept. 26.—Young republicans from all parts of the state were present today at the opening of the biennial convention of the Illinois League of Republican Clubs. President C. F. Buck of Monmouth presided over the day's proceedings, which were largely of a routine nature. Interest centered in the public meeting to be held tonight which will be addressed by Secretary Shaw, Senator Cullom and other party leaders of national prominence.

A Boy's Wild Ride for Life.

With family averred expecting him to die, and a son riding for life, 15 miles to see Dr. King's New Discovery for Consumption, coughs and colds. W. H. It is now estimated that there are 12,000 salmon in the storage basin of the Ontario hatchery. It is expected that 15,000 will be confined by October 15, when spawning will begin.

E. T. WADE & SON, Office E. O. Building.

OIL FOR STREETS.

North Yakima Will Try an Experiment to Abolish Dust.

The experiment of using oil on the streets and roads of North Yakima will be tried by the city council, says the Goldendale Sentinel. The first work will be done on Yakima avenue and will cover two blocks from Front to Second street. This work will be done provided the property owners will assist in bearing part of the expense.

The matter came up through a communication presented by A. B. Chino of the First National bank. He had corresponded with the Standard Oil agents at Seattle and had received rates and information on the amount of material required. Mayor Fechter presented the matter and said that was time the city was doing something in the way of good roads. The start should be made now before winter sets in.

The oil will cost about \$600 for the two blocks mentioned. The city will bear about half of the cost. The company will send a tank of 238 barrels to this city at a cost of \$2.11 per barrel, or 5 cents a gallon including freight. The freight on the car of oil will amount to \$215 from Seattle. The members of the ditch committee were given power to ascertain what the property owners will contribute toward the scheme and should they meet with success they will have power to act.

Bucklen's Arnica Salve.

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, felons, ulcers, tetter, salt rheum, fever chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at Tallman & Co., druggists.

CHAS. J. FERGUSON, Lessee.

\$100 Reward \$90.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

What a lot of time we waste wondering why.
