PROGRAM FOR INSTITUTE.

Superintendent Welles Returns From Brief Visit to Weston.

County School Superintendent Frank K. Welles, returned last night from Weston, where he conferred with President French of the Eastern Oregon state normal school regarding the program for the coming Inland Empire and Umatilla County Teachers' Institute.

"The program will be completed in about a week," said Mr. Welles. "We have secured the consent of a number of leading educators of the North-

west to be present and deliver papers and lead in the discussions. The coming institute, I believe, will be of much importance to the teachers of this part of the country, and we look for a large attendance."

Mr. Welles says the state normal at Weston started this fall with a larger attendance than last year. "President French," he said, "is looking forward to a very successful year in the history of the school."

"I did not have time to visit the public school, but understand that the enrollment is large."
