## BRIGGSON ITEMS

STOCK FEED AND WATER ARE BECOMING SCARCE.

Moved to Weston for Educational Advantages—Potatoes Bring \$1.50 in Pendleton, Per Bushel—Bear Tracks Are Seen, But the Animals Are Not—Wheat Brings Seventy Cents Per Bushel—H. Williams Will Build a New Barn.

BRIGGSON, Sept. 26.—Quite a shower of rain fell in this vicinity last Friday, but not enough to be of any material benefit except to lay the dust. A heavy rain is very much needed, as feed and water are becoming very scarce.

Lou Van Winkle moved his household effects to Weston last week in order to send his children to school the coming winter.

J. S. Taylor will dig about 600 sacks of potatoes this week and haul them to Pendleton, where he receives \$1.50 per sack.

George A. Brucher will this week move his wife and family to Weston, where his children will attend school this fall and winter.

Bear tracks have been seen in this vicinity of late, but as yet no one has been lucky enough to catch sight of bruin.

Frank Taylor has purchased a neat cottage in Weston and will reside in the same until spring, when he will again move onto his ranch.

Judd Mitchell last week sold 1000 sacks of wheat for which he received 70 cents per bushel.

Owing to no rains this summer and heavy frosts of late there will only be about a two-thirds crop of potatoes; but on account of good prices, the farmers will realize more for the crop than they have for a number of years.

H. Williams is hauling lumber for a barn which he will erect on his ranch this fall.

### HARVEST FESTIVAL.

Salvationists Preparing for Profitable Meeting in This City.

The annual harvest festival of the Salvation Army begins tomorrow morning and will continue for four days. The local work is under the charge of Eosign R. Kuhn, in temporary command of the Pendleton barracks. Provisions, clothing, fruits, vegetables and money are accepted as donations for the festival and the proceeds from the sales of the articles collected go into the relief fund of the army.

The harvest festival is one of the original ideas of the Salvation Army and the various corps and divisions vie with each other in securing the largest collections. Another of the

yearly events of the Salvation Army is self-denial week, which is held in January. With the Salvationists self-denial week is as Lenten season to the Roman Catholic and the Protestant Episcopalian. During this period special efforts are made in raising money for army relief and mission work.

Major Robert Dubbin, commanding the North Pacific division of the Salvation Army, with headquarters in Portland, is expected to arrive in Pendleton tomorrow evening and will conduct special meetings for two days. Major Dubbin and his wife attended the international congress at London, and this will be his first visit to this city since his return to the United States.

### THE WALTERS DAM.

Concreting Will Be For About 250 Feet Above and Below.

Work progresses finely on the new Walters dam and the concrete work above and below it. The dam is now complete up to the breast within about 40 feet of the northern end, excepting the gap in the middle, through which flows the weakened current of the river. Above the dam the concrete breast of the levee is completed, or nearly so, for about 75 feet, and it will be carried on up the river about 100 feet farther. Below, the concreting will be laid for about 75 feet.

The entire enterprise will be completed within a week or by the end of a week. Twelve men are at work now, under Mr. Walters' personal direction.

### THREATS FROM GAMBLERS.

Life of Seattle City Attorney in Danger From Thugs.

The praiseworthy manner in which Attorney E. H. James, of the Civic Union, has been running the gamblers to earth, after the police have failed to close the various places where poker was being played openly, has brought down the wrath of those who are in sympathy with law violation, says the Seattle Star.

Threats of every conceivable sort have been made against him, all of them anonymous in origin.

Yesterday, however, he received a badly scrawled letter, in which the writer threatened to blow up his home and wife and family, if he did not cease his anti-gambling crusade.

James has consigned these letters to his waste basket and claims that, now that he has got started in the work of cleaning out the gamblers, threats will not deter him as long as he can get tangible evidence against the lawbreakers.

### GIDEONS IN SESSION.

Order of Traveling Men Hold Regular Annual Meeting.

Minneapolis, Minn., Sept. 30.—The Gideons, an organization of Christian traveling men, holds its annual national convention in Minneapolis during the next two days and delegates are arriving in large numbers to attend the sessions.

The order is strongest in Illinois, Wisconsin, Minnesota, Iowa, Indiana and Missouri, though delegates will be present from many other states besides. Even far-off California will have several representatives at the meeting.

The business sessions will be held tomorrow and will be devoted to the reception of reports and the election of officers. Sunday there will be special services in several of the leading churches at which addresses will be delivered by evangelists and other prominent speakers who belong to the organization.

### Tramway Competition in England.

London, Sept. 30.—The steam railways of England, like those of the United States, are beginning to feel seriously the competition of the electric or tramway companies. A government blue book just issued shows that the number of tramway passengers has exceeded the number of third-class passengers in each year since 1900; also that the excess of that year has been subsequently very largely increased. Further, the increase in the number of tramway passengers during the last 12 months has been over 50 times the increase in the number of third-class railway passengers.

### Salem for Better Streets.

The movement for better streets continues to grow, and within a few months it is certain that Salem will have adopted a systematic method of street improvement and building that will give the capital city of Oregon better thoroughfares, says the Salem Journal. Mayor Waters, while on his recent trip to Portland, investigated the bitulithic pavement, and he pronounces it as one of the most successful of the many pavements. The city of Portland some time ago paved several blocks with the material and the trial proved more than satisfactory.

### Recovering Speech and Hearing.

Messrs. Ely Bros.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

### Salem for Public Ownership.

A mass meeting of Salem citizens is called for tonight to discuss the advisability of the purchase of the electric lighting plant by the city. Petitions representing 80 per cent of the property owners have been filed with the council, asking for municipal ownership of the plant.

Many women are denied the happiness of children through derangement of the generative organs. Mrs. Beyer advises women to use Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with stomach complaint for years. I got so bad that I could not carry my children but five months, then would have a miscarriage. The last time I became pregnant, my husband got me to take Lydia E. Pinkham's Vegetable Compound. After taking the first bottle I was relieved of the sickness of stomach, and began to feel better in every way. I continued its use and was enabled to carry my baby to maturity. I now have a nice baby girl, and can work better than I ever could before. I am like a new woman."—MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Another case which proves that no other medicine in the world accomplishes the same results as Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for five years and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, who is the pride and joy of my household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness Lydia E. Pinkham's Vegetable Compound has brought to my home. Sincerely yours, Mrs. M. P. WHARRY, Flat 31, The Norman, Milwaukee, Wis."

Actual sterility in woman is very rare. If any woman thinks she is sterile let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

### A Baby's Birth

is very much like the blossoming of a flower. Its beauty and perfection depends entirely upon the care bestowed upon its parent. Expectant mothers should have the tenderest care. They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use
