### QUIT SHEEP FOR FARM.

Walla Walla Farmer Speaks of a Prospering Industry.

D. McGillivray, a pioneer resident of Walla Walla, and until a year ago engaged in the sheep business, is in Pendleton. Mr. McGillivray has given up the raising of sheep for what he believes to be the more lucrative occupation of wheat farming.

"I cannot discuss sheep nowadays," he remarked, "for I am a farmer. Wheat has been a good price this season and the improvements of farms, homes and cities throughout the Northwest show it."

"Walla Walla just now is up and down on account of the pavement work, and the city will not present a very handsome appearance during the race meet and county fair next week. But then, we need not be ashamed of the town for the plowed streets will soon be the best roadways in the Inland Empire."

### Recovering Speech and Hearing.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHERRY & CO., Toledo, O. Sold by druggists. Take Hall's Family Pills for constipation.

## AGRICULTURAL COLLEGE FILLED

ATTENDANCE HAS REACHED

507 THIS YEAR.

Greatest Number in the History of the School—Fully Expected That 650 Will Be in Attendance Before End of Year—Six Companies to Be Organized Into the Cadet Battalion.

A few years ago there were but two companies of cadets at the college, and there were scarcely enough students to keep the ranks properly filled.

This year there will be six companies in the battalion. There has never been but four before. The largest number of cadets in the battalion in the past was about 250. That was at the end of November last year, when the maximum was reached.

Now there are already 369 and a prospect of enough to swell the total long before the end of November to over 400. The instance shows something of the increase in the number of students at the college, says the Corvallis Times.

Another instance is the chapel exercises, shortly before 9 o'clock each morning. Once, a few years ago, there were only enough students to about half fill the seats in the chapel. That was seven years ago, when the total enrollment for the year was 217.

At chapel Sunday the benches on the floor were crowded and jammed with students. There were chairs in every possible niche and nook, and each accommodated a student.

There were students standing in the rear, and an overflow of students standing in the corridors. On the platform besides the faculty, the senior class was seated.

The number of students now is 507. It passed the 500 mark last Tuesday afternoon. It is more than a hundred more young people than were in attendance at the same time last year. It will be 650 or more before the swallows come again. The count does not include pupils in vocal music, in instrumental music and other side issues, but is confined exclusively to bona fide students in the regular college courses. The number is more than double that in the college courses of any other educational institution in Oregon. More than 60 students applied for quarters at Cathlamet hall and had to be turned away for lack of room.

For \$1.25 kid gloves, one day only, Wednesday, October 5. Teutach.
