

AT REFORM SCHOOL

QUARTERLY REPORT SHOWS 96 BOYS INMATES.

Three Boys Committed During Month of September—Thirty Acres of Potatoes on the Farm—Drinking Water Supply is Short—Must Haul Water for Domestic Purposes After September 15 Every Year—Maintenance for Quarter Cost \$8528.95.

Salem, Oct. 5.—The state board of reform school commissioners have the report of Superintendent N. H. Looney for the quarter ending Sept. 26, which was filed with the governor yesterday.

It reports a number of conditions that should be improved and especially refers to the insufficient supply of water, they having to haul their potable water in barrels from a distance after September 15.

Superintendent Looney in his quarterly report says that the septic tank has been finished and has a capacity of 20,000 gallons. They are hauling their prunes; thirty acres of potatoes are not ready to dig. Forty acres of wheat and oats, and 82 acres of chest and vetch are planted. Thirty acres of this was on ground belonging to the Mute school.

Wood on hand to last until October 1, 1905. Roof of industrial school building has been tarred and cemented. Drinking water supply gave out the middle of September and water had to be hauled from a spring near by.

He submitted plans for a water supply. He says the walk to the depot must be rebuilt. He asks for a new woodshed more in keeping with the institution. Also for new and additional machinery for the carpenter and blacksmith shop and engineering department. One hundred and twenty new chairs are needed for the library.

He reports the resignation of Mr. and Mrs. Porsal on June 30 and that Mr. and Mrs. Schmid from the government school at Washington, D. C., were appointed in their stead. They took charge of their departments August 1. Mr. Schmid is said to have had ten years' experience in this line.

September 1 there were 96 boys in the school. Three were committed during the month. Wiley Williams from Douglas county and Reul Wheeler, Charles Croman from Marion county. Two boys returned from leave of absence. Five boys were paroled last month.

Election in Georgia.

Atlanta, Ga., Oct. 5.—Georgia's biennial state election is being held today. As the democratic ticket is the only one in the field and as this is headed by Governor Terrell and made up of the other state officers who are candidates for re-election, the public interest in the election is naturally not very keen. In addition to the candidates for state and judicial offices there are four constitutional amendments to be voted for. These amendments are to determine whether the state tax shall forever be fixed at no higher than 5 mills, whether the state shall have 145 counties instead of 137, whether the state shall have 182 members of the house instead of 175, and whether the people of the different school districts can vote for a local taxation for school purposes.

The annual address of the president and the report of the other officers was followed by an address on "Negotiable Instruments," by W. O. Harris, which closed the forenoon session. John M. Atherton and J. C. Flourney addressed the convention this afternoon. The meeting will conclude tomorrow with the annual election of officers.

Wisconsin W. C. T. U.

Racine, Wis., Oct. 5.—The arrival of a number of belated delegates increased the attendance when the W. C. T. U. convention began its business sessions this morning. Reports of officers and the appointment of committees, which business was interspersed with the singing of hymns, occupied the morning. The feature of the afternoon was the annual address of the state president, Mrs. M. C. Upham, of Marshfield, which reviewed at considerable length the work of the state organization during the past year and dwelt on the plans for the future. Mrs. L. M. N. Stevens, national president, and Miss Anna A. Gordon, national vice-president, are to speak this evening.

C. P. R. Stock Issue.

Montreal, Que., Oct. 5.—At their annual meeting today the stockholders of the Canadian Pacific Railroad voted to authorize the proposed increase of \$25,000,000 in capital stock. The actual increase is not to be made all at once, but will be issued from time to time for improvements and corporate purposes. The new issue will make the total capital stock \$142,500,000, of which \$110,000,000 will be common stock.
