

Our New Building

We are now doing business in our new home, although we have not entirely completed our new store. We think we will have a little bit the most attractive store in Pendleton when we get everything in readiness. We know we have the largest, best and freshest stock of groceries in this city, as we have just laid in a bright, fresh supply of high-grade groceries. We are positive that no store in Pendleton offers as great inducements to the trade as we do, or sells as high-grade goods. We give the most prompt delivery of goods.

ABSCESS ON ANKLE.
Otto Koepfen Underwent an Operation This Afternoon.
Otto Koepfen was operated upon this afternoon by Dr. McFaul, assisted by Dr. Cole, for an inflamed and pustulous condition of the right leg, just above the ankle. An abscess has developed from obscure causes, and the bone is affected. Mr. Koepfen has been afflicted with inflammatory rheumatism for several months. A short time ago he went on a trip to the Coeur d'Alenes and while away seemingly caught cold in the ankle, which was affected with rheumatism, and the result was as mentioned. When the inflammation developed in the ankle the rheumatism almost entirely left other parts of his system. An exploratory operation was performed about a week ago. The operation today is to relieve the abscess of pus and ascertain how badly the bone is affected.

HOSPITAL BENEFIT.
Will Be Conducted by the Sisterhood During the Present Month.

Vacant rooms in town, preferably in some business block, will be rented for the purpose, and the fair is expected to be of at least five days' duration.
The manufacture and presentation of goods for the fair are in progress now, and thoroughness, good taste, and practicability will characterize the entire project.

He will spend a month or six weeks in the Palouse country, expecting to return to Pendleton for the balance of the winter, if he can find employment in the vicinity on a farm. Mr. Harris has some means, and proposes to be extremely cautious about investing them.
