# TO NEW ZEALAND

### W. R. FREY AND WIFE START ON 9000 MILE VOYAGE.

Will Be Accompanied From Hood River by Ex-State Senator T. R. Coon, of Wasco County—This Is Mr. Frey's Eighth Voyage Across the Pacific Ocean—Still Owns Property in the Northwest and Will Return in the Future—He Owns a Perpetual Lease on 2000-Acre Farm in Southern New Zealand.

W. R. Frey and wife, of this place, take tomorrow's west-bound train—the beginning of a journey of approximately 9000 miles, which will end at Dunedin, on the eastern coast of New Zealand. This will be Mr. Frey's eighth trip across the Pacific, and Mrs. Frey's second. The latter is a native of New Zealand, and her coming to this country two years ago with Mr. Frey was the occasion of her first sea voyage in this direction.

Mr. and Mrs. Frey will be accompanied from Hood River to Dunedin by ex-Senator T. R. Coon and family, who have entirely sold out their belongings in Wasco county and are going to New Zealand to reside.

The party will take the steamer at Victoria, B. C. The first land sighted will be the Hawaiian Islands. The next stop will be the Fiji Islands, where the steamer will stop 19 days—both for the rest and to enable the passengers to view the scenery of the islands. The next stop will be at Auckland, in the northern island of New Zealand; the next at Wellington, at the southern terminus of the northern island, and the last will be at Dunedin, a city of 365,000 population, which is on the southeastern coast of the southern island. The journey will take approximately 30 days.

The fare from Victoria to Dunedin is \$213 for first-class, and \$113 for second-class.

The stay of Mr. and Mrs. Frey in New Zealand will be of as yet unknown duration, but as they have property interests in Oregon yet, they expect to sooner or later, and perhaps several times, revisit the Northwest.

### Owens Farm in New Zealand.

Mr. Frey owns 28 miles south of Dunedin and near the coast, 2000 acres of stock and forage farm. Its products are sheep and cattle, and mangles, turnips and lucerne. Mr. Frey "owns" this place in the only sense that there is any such thing as private ownership of land in New Zealand since the breaking up by the government of the great estates of that country—he has a perpetual lease, which his heirs inherit, and he and they are dependent upon the continued use and improvement of the land for their tenure.

Mr. Frey not only accepts this restricted ownership with good grace, but he is a strong partisan of the system of land "confiscation" and tenure which has made New Zealand famous the world over. Further, he indorses all the industrial revolutionary measures which have prevailed in New Zealand during the past 15 years and is an out and out avowed state socialist.

When Mr. Frey was asked if he intended to engage in farming in New Zealand, he replied by saying that he was not a farmer and never had been, though he has large farming interests.

Incidentally, Mr. Frey spoke of having made the journey from Australia to England three times by way of the Red Sea and was asked in what capacity he had had occasion to make so many and such extended journeys. The reply was that for many years he was an agent of the National Bank of Australia, an institution with headquarters in London, England, but with branches all over the English-speaking world. He entered the service of the bank while in Scotland, his native country.

### MAY RAISE COAST RATES.

#### New Threat From Railway—Claim Scalpers Are the Cause.

Owing to the diligence of scalpers dealing with portions of unused special rate tickets it is asserted the Western Passenger Association is now considering the advisability of doing away with a \$59 return trip ticket from Chicago to the Pacific coast.

In future, unless there is a change of opinion, the prediction is made that the special rate for a return round trip ticket will be \$62.50, or the fare of a first-class single way ticket.

The different railroads in the Western Passenger Association have been forced into the consideration of this measure because of the banner business that has been done in these \$59 round trip tickets, says the San Francisco Bulletin.

### Local Option in Baker.

Baker City, Oct. 8.—As the time for election approaches, some little interest is being evinced in the prohibition question in Baker county. The friends of local option have for several weeks been industriously circulating petitions to enforce the local option law in Baker county with the exception of Sumpter and all that part of Baker City outside of South Baker. It has been the idea of the leaders that by cutting out Baker City they could carry local option in the rest of the county. Yesterday two of these petitions were filed with County Clerk A. B. Combs; one from the precinct of Unity and the other from Halves.

### A Love Letter.

Would not interest you if you're looking for a guaranteed salve for sores, burns or piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best salve on earth. 25c at Tallman & Co.'s drug store."

### HEALTHY PLANTS

#### Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil-of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result. Sold by leading druggists. Send 50c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.
