

Our New Building

We are now doing business in our new home, although we have not entirely completed our new store. We think we will have a little bit the most attractive store in Pendleton when we get everything in readiness. We know we have the largest, best and freshest stock of groceries in this city, as we have just laid in a bright, fresh supply of high-grade groceries. We are positive that no store in Pendleton offers as great inducements to the trade as we do, or sells as high-grade goods. We give the most prompt delivery of goods.

Patronize Home Merchants.

It is a surprise to those who visit country districts as well as discover the number of city people who patronize Eastern order houses, and yet no mail order house ever helped to build the little white school house in your district, or the road past your door. No mail order house ever took you by the hand when you were in distress and told you to let go until after harvest next year. No mail order house sold you a machine and then spent most of the profit in the community where you and your neighbors live. No mail order house ever sat at your table and rejoiced with you when you were glad, nor spoke encouraging words in affliction, nor stood with uncovered head beside the grave when your children died. Spend your money with the home merchant.
—The Dalles Chronicle.

"Mistress Cook," said Golden Gate, "let us be be friends. Keep my top down tight to save my aroma and freshness; make me right and I'll help you hold your job. Good coffee makes the whole breakfast taste right—poor coffee spoils everything."
