SHOT BY IRATE FARMER.

Everett Owen Claims He Was Wounded While Searching for Shelter.

Because he requested a farmer to give him shelter from the cold, Everett Owen declares he was driven from the place at the point of a shotgun and finally shot. He was brought to Pendleton last night, suffering from a gunshot in the left leg and is now in St. Anthony's hospital. Owen is a stranger and is without money, but he tells a straightforward story and the officers are at a loss to account for the supposed actions of his assailant.

The matter has not yet been brought to the attention of the district attorney's office, but will be this afternoon. Owen declares that he approached a farm house near Barnhart station about 8 o'clock, night before last. After repeatedly knocking on the door it was opened and he stepped within the room and asked for a night's lodging. He alleges that one of the two men in the place seized a gun and with an oath ordered him away, and immediately after shot him.

The injured man was found yesterday by a farmer, who brought him to town. The name of the man who did the shooting is said to be Thomas. It is believed he mistook Owen for a robber. Owen's injuries are in the calf of the leg, and were caused by small birdshot.
