Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks so you I am free from all that this morning. You see the bliss in behalf of suffering humanity." B. F. Fisher, Roscoe, Ill.

REV. JOSEPH SMITH HERE.

Noted Evangelist Preaches at the M. E. Church Tonight for the First Time.

Evangelist Joseph H. Smith will arrive tonight from Seattle and will preach his first sermon at the M. E. church at 7:30 tonight. This is the beginning of his 10-days' pentecostal meetings at the M. E. church. He comes highly recommended to the people of Pendleton and is an able speaker and inspiring worker.

The general conference of the M. E. church highly honored Rev. Smith by giving him direction of one of its leading phases of work at Los Angeles last fall. His success at the general conference has placed him at the very head of evangelists in the United States.

As his stay in this city will be brief, the people are cordially invited to hear him.

Rev. Joseph H. Smith.

TORTURED SERBIAN SOLDIERS.

Boiling Water, Skewers and Bastinado Are Used.

Vienna, Jan. 19.—A trial just concluded at Belgrade has brought to light hideous forms of punishment practiced habitually upon clumsy conscripts. Dashing a pail of boiling water over the feet is a favorite method of "instruction." A sergeant named Georgevics admitted that he had meted out this torture for years. It was proved that bastinado on the soles of the feet is inflicted nearly every week. Some soldiers have had their toenails torn off; the arms of others are run through meat skewers, while some unfortunate wretches are kept for lengthy periods suspended by their feet.

As a result of this excessive cruelty desertions are an every day occurrence. Sometimes whole companies cross the borders into Macedonia or Bulgaria.

Mutual Insurance Men.

Lincoln, Neb., Jan. 19.—Insurance in all its phases is to be discussed at the tenth annual meeting of the Nebraska Association of Mutual Insurance Companies, which began its sessions here today with a good attendance. The opening sessions were devoted to the reports of officers and committees, the enrollment of new members and other business of a routine nature. This evening Prof. Wesley Dodd of Des Moines, will address the convention. Tomorrow will be given over to papers and addresses by a number of prominent insurance men.

Indiana Dairy Meeting.

Indianapolis, Ind., Jan. 19.—Nearly every county of the state is represented at the fifteenth annual meeting of the Indiana State Dairy Association in session here. The gathering was formally opened today with President N. Johnson of Mooreville, presiding. The convention promises to be especially interesting as the program provides for addresses by well-informed experts of Ohio, Iowa and other states. The convention will prepare an appeal to the legislature now in session urging it to provide for the appointment of a state dairy commissioner.

Want Perfect Motor Cars.

New York, Jan. 19.—Engineers and designers representing all of the large automobile factories of America met in this city today and discussed plans to form an organization to be known as the Superintendents and Engineers' Branch of the Association of Licensed Automobile Manufacturers. The main objects of the proposed organization will be to study methods whereby American machines may be simplified in mechanism and reduced to the lowest possible level in cost of construction and maintenance.

Anti-Saloon League.

Raleigh, N. C., Jan. 19.—Foes of the liquor traffic assembled here in force today for the annual meeting of the Anti-Saloon League of North Carolina. The convention met and organized at noon. The particular objects of the meeting are to plan the spring local option campaign and to devise ways and means for increasing the membership of the league and extending its strength and influence throughout the state.

SPORTS MUST GO

ANTI-GAMBLING BILL BEFORE THE HOUSE.

Expected That Gamblers Will Make a Hard Fight Against the Bill—Lost Gambling Bill Presented, But Precautions Have Been Taken to Prevent Any Further Thefts—Chances That the Bill Will Become a Law Are Good—Aimed at "Bucket Shops" Also.

The anti-gambling bill, introduced at the special session a year ago and mysteriously stolen after it had passed the house, has again made its appearance, and it is expected that the gambling interests will make a vigorous fight to prevent its passage. The new bill was introduced in the house by Gray of Douglas.

The precautions adopted by both senate and house make it reasonably certain that a bill cannot again be stolen while being carried from one chamber to the other. The fight must therefore be in the open, and unless the bill should be buried in committee it is likely to pass.

The sentiment in favor of the bill seems to be strong and the advocates of the measure are resolved to put it to the test. But the anti-gambling crusade will not stop at the suppression of ordinary games of chance. Aimed at Bucket Shops.

Bucket shops are also to come under the ban, if a bill introduced by Hermann of Coos becomes a law. It is entitled "an act to suppress bucket shops and gambling in stocks, bonds, petroleum, cotton, grain, coal, provisions and other produce," and its provisions are very stringent.

All margin trading in the commodities named is prohibited under penalty of fine of not less than \$200 nor more than \$1000. A second offense is punishable by imprisonment in the county jail for six months or if the offender be a corporation by forfeiture of its charter.

A continuance in business after a first conviction shall be deemed a second offense within the meaning of the act. Any person who knowingly permits a bucket shop business to be conducted upon his premises is to be liable as a principal.

"Jack" King is under arrest at Seattle charged with burglary, house-breaking, murder, arson, kidnapping, attempt to kill, resisting an officer and a few other things. He is one of the very bad men of the Sound country, and the police believe they "have him going" now, straight for a life sentence.

WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea. These symptoms are but warnings that there is danger ahead, and unless headed a life of suffering or a serious operation is the inevitable result. The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound. Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham: "I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women. "For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.
