### MINNESOTA LEAVES SEATTLE.

**Destined to Orient With Enormous Cargo.**

Seattle, Wash., Jan. 21.—Amid the shrill salutes of countless whistles and the cheers of thousands assembled about the waterfront, the steamship Minnesota, the largest steamship ever constructed in America and the newest of the fleet of the Great Northern Steamship company, left this port today on its initial trip to the Orient.

The Minnesota will call at Yokohama, Kobe, Nagasaki, Manila, Shanghai and Hongkong. Her cargo includes 21,000 bales of piece goods, 14,000 bales of raw cotton, 23,000 cases of canned goods, 1,000 cases of cigarettes and 600 tons of flour. Other freight makes the total cargo over 22,000 tons and its total value about \$1,500,000. The crew is made up largely of Chinamen selected from the best that could be found in the Asiatic seaports.

### Woman Assaults an Attorney.

Portland, Jan. 21.—Mrs. Rosa Hathaway, of this city, administered an unmerciful thrashing to Attorney Nat Hitchings, in the office of Deputy City Attorney Kavanaugh last evening. The trouble arose over the conduct of Mrs. Hathaway's divorce case by Hitchings, and before the attorney was aware of his danger, and while conversing quietly about the matter, Mrs. Hathaway choked him, beat him in the face and forced him into a corner where he was forced to plead for mercy before she would release her grip on his throat.

### Change of Railway Officials.

Stohr, late general traffic manager of the Great Western railway, today assumed the position of assistant traffic director of the Harriman lines, with headquarters in this city. Mr. Stohr succeeds B. A. Campbell, who has become fourth vice-president of the Great Northern.

## RACING CIRCUIT TO BE ORGANIZED

### BAKER CITY HORSEMEN MAD AT THE ASSOCIATION.

**Effort Will Be Made to Form an Independent Racing Circuit Composed of Baker City, Pendleton, La Grande, Boise and Walla Walla—Northwestern Association Failed to Consider These Points in Fixing Racing Dates—Baker City People Will Make Overtures to All These Points Looking to Organization.**

### Baker City, Jan. 21.—A movement is now on foot among horsemen of this city for the organization of an independent racing circuit composed of this city and Pendleton, inasmuch as the Northwest Racing association did not consider either of these places in fixing their dates for the fall races.

Horsemen here are enthusiastic over the proposition and believe that an independent association composed of Boise, Baker City, La Grande, Pendleton and Walla Walla could be organized, and be made highly successful. All of these points are horse growing centers and contain many first-class horses which could be developed into a racing string, equal to any local aggregation to be found anywhere in the West.

Overtures will be made by local horsemen to each of these places with a view to organizing a racing circuit, independent of the Northwest association.

### SEATTLE IS A BUSINESS TOWN.

### More Evidences of Something Doing Than in Portland.

John F. Robinson, proprietor of the Domestic Laundry, who was in Seattle this week attending the semi-annual meeting of the Northwestern Laundrymen's association, is strong in his praise of the businesslike appearance of the Sound metropolis. "I hate to say anything against Portland," said Mr. Robinson, "but there are more people on the streets of Seattle at 8 o'clock in the morning than one can see on Portland streets at 11 o'clock."

"However, this may in a way be accounted for owing to the fact that Seattle does most of her business on three or four streets, while that of Portland is scattered over a much more extensive area."

Officers were not elected at the recent meeting, but will be at the next session to be held in Portland on the third Monday in September.

### Bridge Across John Day.

The material for the John Day steel bridge at Spray is being put on the ground quite rapidly now that teams have been secured to do the hauling. Two trips were made last week with three six-horse teams and another will go out from here this week. The construction work of the bridge is reported to be progressing rapidly.—Heppner Times.

### SORENSEN JURY DISAGREES.

Portland, Jan. 21.—After being out 40 hours the jury in the case of George Sorenson, charged with offering a bribe to District Attorney Hall, this noon reported it could not agree and were discharged. Charges of bribery are made against two jurymen—A. C. Adams, of Polk county, and John Northrup, of The Dalles. In all probability indictments will be returned this afternoon.

On the discharge of the trial jury Federal Judge Bellinger instructed the district attorney to take Sorenson's case before the grand jury with a view to indictment for perjury.

The federal grand jury this morning examined C. T. Scoggin, Amos King, W. M. Hawk, H. B. Brown, Ed Smith, Clyde Brown, R. H. Morris, Clyde Glass, James Johnson and Mrs. Sophia Colonne, all of Wheeler county, charged with having taken up homesteads for the Butte Creek Land, Lumber & Livestock Co.

## INDUSTRIAL UPHEAVAL NOW THREATENING THE RUSSIAS

**The War is Overshadowed by the St. Petersburg Trade Strikes, Which Are Formidable and Growing.**

**A Priest Is Active in Organizing and Demands an Audience by the Czar to the Workingmen—Preparations Are Being Made for Armed Rebellion—A Body Guard of Four Hundred Laborers Is Proposed for the Czar—The Latest Advances Are to the Effect That the Powers That Be Will Be Obdurate to All Appeals.**

Paris, Jan. 21.—A telegram from St. Petersburg states that at a conference today between the ministers, police authorities and employers they all decided to resist the strikers' demands.

### On the Verge of Revolution.

St. Petersburg, Jan. 21.—The labor disaffection continues to spread in all directions. It is estimated that fully 150,000 workmen have already quit in the various towns.

Delegates from the workingmen of Moscow and Liban arrived at St. Petersburg this morning to secure the co-operation of Father Copon in calling out the employes of those towns. It is believed that Sunday's proposed demonstration will prove an end to the industrial crisis, or the beginning of a revolution which will shake Russia to its foundations.

The government is taking every precaution to curb any disturbance. Military forces will be posted at strategic points, but concealed as much as possible in order not to excite the strikers by too open a display of force. The czar is now in consultation with his chief advisors as to the advisability of showing himself in front of the palace during the demonstration. It is understood the czar is inclined to appear, but a decision is not yet reached.

### Strikers Assembling.

The strikers assembled on the streets this morning early, but continue to show a complete lack of truculence. They are marching about quietly, delegations visiting the various factories persuading the employes to quit. Secret police are following the strikers in order to keep the authorities informed. There have been no clashes.

The opinion is rapidly growing that the government will be compelled to concede the demands of the strikers.

### Body Guard of Laborers.

The strikers have notified the government that they have selected a corps of 400 picked men, who are to act as a body guard for the czar in the event of his agreeing to confer with their leaders. The members of this body guard have sworn to sacrifice their lives for the czar in fulfilling this guarantee of his safety.

None of the printers who quit yesterday have returned to their posts, consequently St. Petersburg is today without a newspaper.

### Socialists Are Active.

Violent socialist proclamations are being circulated today, calling for a general uprising. As no plans are proposed the proclamations are having no effect on the strikers.

### TO EXHUME BODY.

**Doubts About the Killing of a Baker County Woman.**

Baker City, Jan. 20.—Deputy Sheriff Jesse Snow, District Attorney Leroy Lomax and the Doctors Dougherty left yesterday for Pine Valley, where they will hold an autopsy upon the body of the late Mrs. Peck, who was shot October 17 by her son-in-law, Leonard Foster, accidentally, as claimed by him, but for which he was indicted for murder in the first degree, was tried at the November court, the jury disagreed and the defendant was released on \$8000 bonds pending a new trial.

It is understood that it is the purpose of the autopsy to establish the exact location and direction of the wounds in the body of the deceased, which, it seems, the evidence before the coroner's jury and the trial jury did not clearly define.

### In Memory of Victoria.

London, Jan. 21.—Tomorrow will be the fourth anniversary of the death of Queen Victoria, and as usual King Edward, Queen Alexandra and other members of the royal family will attend memorial services in Frogmore mausoleum. The anniversary of the king's accession to the throne will be marked by the customary salutes at the naval and military stations and the dressing of the warships at Portsmouth, Sheerness and other naval stations.

### King Oscar 76 Years Old.

Stockholm, Jan. 21.—The 76th birthday of King Oscar was royally observed in Stockholm today. The festivities were inaugurated in the forenoon with special services in all the churches. Later in the day the king received the congratulations of the royal family, the court officials, the Swedish and Norwegian ministers and the municipal authorities. The city and harbor were gaily decorated and the usual salutes were fired.

## QUESTIONS OF JURISDICTION

### CAN CHARLEY LUKE BE LEGALLY TRIED HERE?

**Offense Was Committed on the Reservation, and Both Defendant and Complaining Witness Are Indians—Apparently the Case Should Go to the United States Court for Original Trial—Discrepancy in State's Testimony May Clear Luke.**

There are several questions perplexing the mind of State Circuit Judge W. R. Ellis as to whether or not Charley Luke, an Indian convicted of larceny by bailee, should be granted a new trial. Luke is alleged to have borrowed a horse from another Indian and selling the animal.

In the description of the animal made in the information the color of the animal is given as sorrel. Evidence of a witness stated that the horse in question is a pinto. That is the main question upon which Attorney J. R. Raley, representing the accused, bases his argument for a new trial. But there is yet another question that has not been brought out.

Both the accused and the complaining witness being Indians, has the state circuit court jurisdiction to try the case, or should it go before the United States district court? Four years ago Columbia George and Toy Toy, two Umatillas, were tried and convicted in the state circuit court of the murder of Anna Edna, a squaw. They were sentenced to death, but the supreme court decided that the trial should have been before the federal court, and they were tried again and escaped with life sentences.

In the present case an Indian is accused of stealing from an Indian, but the horse was disposed of outside of the reservation. Decisions of the United States supreme court and the various state supreme courts conflict in regard to which has jurisdiction in such cases.

Argument for new trial was made this morning but Judge Ellis reserved decision until next Tuesday afternoon.
