REV. JOSEPH SMITH DEPARTS.

Has Held Most Highly Successful Meetings at the M. E. Church.

After holding 10 days of the most highly successful revival meetings at the M. E. church in this city, Rev. Joseph Smith left this morning for San Francisco, where he will begin a series of meetings this week.

Meetings were held at the M. E. church yesterday at 11 a. m., 3 p. m. and 7:30 p. m., all of which were well attended and most profitable. At the evening service many were turned away on account of a lack of room to accommodate the enormous gathering.

Rev. Smith is a forceful and able speaker, and during his stay here has converted over 50 people, beside bringing over 200 to the altar seeking the prayers of the church.

During his stay here Rev. Smith has been ill most of the time with the grip and has not been at his best, although his efforts have been highly successful. His wife, who is ill at their home at Redlands, Cal., is improving.

Congregation Revival Meetings.

A good attendance yesterday morning to hear the sermon on "The New Birth." The service with its good congregational and choir singing, was an inspiration. The revival meetings will continue for some time, and the present plan of stirring singing, plain preaching and short meetings will be followed in all these meetings. Mr. Charles A. Hill will continue in charge of the musical part of the services. No freak subjects, but the gospel of Christ, taught. T. R. E.

A HELPFUL SCHOOL

NOW 94 SCHOLARS IN CATHOLIC MISSION.

Father Neate and Assistants Doing Excellent Work Among Indian Children—Farm of 800 Acres Attached to the Mission is Highly Cultivated—Instruments for a Band Have Been Ordered—New Chapel May Be Built This Spring.

There are now 26 boys and 55 girls in the Catholic Mission school on the reservation, and the clergy and others who have the affairs of the mission school in hand and are most deeply interested in it, are highly pleased at the developments of the past few months. Not merely is the attendance large, but the interest is at flood tide continuously, under Father Neate's management. Father Neate without reservation attributes his success in the administration of the school to his able and enthusiastic and devoted assistants—Father Dimler and Brothers Urban, Euphrontus and O'Brien.

Brother Euphrontus has the Indian band organized and the instruments therefor ordered. They will arrive in a short time. The band will consist of 15 pieces.

There are now 800 acres under plow at the Catholic Mission farm, which is in charge of Brother O'Brien, who is said to be not merely a highly educated man, but a practical farmer of great skill, and extremely devoted to his work and the interests of the Indians.

Father Neate has in hand the raising of funds with which to effect long contemplated and much needed repairs on the mission church, which will be reshingled, reboarded on the outside and also repainted throughout, the coming spring. The repairs mentioned are sure to be effected, and there is some promise of enough funds being in sight by spring or by the time the work of repairing should begin, to warrant an entirely new church building.

E. P. JARMAN INJURED.

Well Known Butter Creek Farmer and Stockman Lacerated by Barbed Wire.

A special from Heppner to the Oregon Sunday Journal of yesterday says that E. P. Jarman, a well known stockman of Upper Butter Creek, and a son-in-law of O. F. Thompson, the well known pioneer of Butter creek, was horribly lacerated by barbed wire and his horse killed by becoming entangled in a heap of wire in an old sheep corral near Sand Hollow, Saturday night.

When Jarman's horse ran into the wire and began plunging, he attempted to dismount, but his foot caught in the stirrup and he was dragged, head down, until knocked unconscious, when the horse was so badly cut by the wire that it fell over the fence and was unable to rise, man and horse being found later by passers, in a heap together.

One of Jarman's legs is horribly lacerated, but otherwise he is not seriously injured.

Standing on the postoffice corner this morning at 8:30 o'clock Mr. Warren gazed with surprised admiration at the length of Main street stretching half a mile to the southward, and said: "Well! I haven't seen the equal of that in Oregon outside of Portland. There are as many people and vehicles in sight as in a 'city.'"
