For more than a year I suffered from irregular action of the kidneys, combined with duli heavy aching pains across my joins and back. When I stoeped I had to be very careful in straightening up if I did not want to suffer severely. When I caught the least cold it invariably settled in my heavy and aggrayated the back and kidneys and aggravated the complaint. I had little faith in Doan's complaint. I had little faith in Doan's Eidney Pills when I went to Brock & McComas Co's drug store for them, but they helped me from the first and a continuation of their use corrected the kidney difficulty and relieved the aching in my back and loins. I have recommended this remedy to others and know of several who have used them with the most attifactory results."

sented a beautifully carved picture of near Ontario: Sacajawea, the Indian woman who led the men over their journey. The representation is also an exact copy of the copper statue which is to be erected in Oregon in honor of this Indian woman, by the public-spirited citizens of Oregon, and unveiled at the coming exposition.

The seal of Oregon occupies the topmost part of the back of the spoon, with Mt. St. Helens and Spirit lake, the home of the copper, and two great fir trees. Under these the famous Columbia river salmon finds a convenient display.

The spoon is a beautiful piece of ingenious and artistic work, and should find a ready demand. The entire proceeds from the sale is to be presented to the monument fund.
