CRACK ATHLETES

ONE CLUB THAT HOLDS 27 CHAMPIONSHIPS.

An Irish Association is the Best Equipped Amateur Organization in the United States—Foot Races From a Few Paces to a Mile and a Half—All 'Round Athletic Events.

New York, Feb. 4.—Lovers of ath-letics will have a chance to witness the cream of the athletic world in competition in Madison Square garden tonight, when the Greater New York Irish A. A. will hold its annual ath-letic carnival of sports. The associa-tion is probably the largest and best equipped amateur athletic club in the country. There is hardly a member of it but is personally interested in sports, and they hold among them no less than 27 championships.
Among the events to be contested tonight are a 300-yard handicap run, a 600-yard novice race, a 1000-yard handicap run and a mile and a half handicap race. Then there will be a running high jump, handicap; an 850-yard relay race for school boys; a 2-mile handicap relay race for four men teams; throwing the 55-pound weight from a stand; putting the 28-pound shot; the 10-mile run for the A. A. U. championship; a one-mile intercollegiate relay race from scratch and a game of old Gaelic football.
Probably the most interest centers in the 10-mile championship run, the winner of which will receive a di-iamond-studded gold medal donated by John D. Crimmins. All the best dis-tance runners in the amateur ranks, including Champion Joyce and E. P. Carr, will start in the race for this prize. The carnival will be open to all registered athletes, whether mem-bers of the athletic clubs or not. The entry list is the largest in the history of indoor meets in the metropolises and unless all signs go astray several new records will be established.

GREAT SKATING TOURNAMENT.

From Short Dashes to Five-Mile Runs.
Montreal, Que., Feb. 4.—A number of the fastest skaters of the United States and Canada are taking part in the speed skating championships of the Canadian Skating association, which began auspiciously today in the Montreal Amateur Athletic associa-tion rink. The program consists of the following events: Two hundred and twenty yards, half mile, one mile, three miles and five miles; 220-yard hurdle race, one-half mile back-ward, and a half-mile junior cham-pionship for boys under 12 years old and a mile race for boys under 16 years.

CHICAGO AUTOMOBILE SHOW.

Two Hundred Firms and 80 Makes Represented.
Chicago, Ill., Feb. 4.—The fourth annual show of the Chicago Auto-mobile association opens in the Coliseum tonight with every available foot of space in the big exhibition hall occu-pied. The show, which will con-tinue through next week, promises to be as notable in every respect as the recent New York exhibition. Nearly 200 firms are represented and 80 different makes of machines are displayed.
The hotels are filled with visitors from all parts of the West and the auto dealers are anticipating a rush of orders. While all types of self-propelling cars are represented the exhibit of commercial vehicles is es-pecially notable.

Beautiful Oregon Weather.

Roy Belts was in Pilot Rock Tues-day. He says his sheep are doing well on the winter range and has not, as yet, found it necessary to feed. This speaks pretty well for the weather in the Pilot Rock country. The man living in the Middle West, who is just now making his way to the barn by having a rope stretched from the house, kissing his wife and family good-bye each time he goes out to feed his cow and team, will read this item and swear the editor is a liar.—Pilot Rock Record.

PRaise FOR CHOATE

AMERICAN IS POPULAR AT COURT OF ST. JAMES.

English Publications Speak Very Laudatory of the Retiring American Minister—Is Credited With Helping Bring About a State of English-American Rapprochement Never Before Reached—"Is More Than a Diplomat."

London, Feb. 4.—The English press continues to ring with high praise of Ambassador Choate, announcement of whose intended retirement has been received with a feeling of genuine regret that is absolutely without precedent. The following paragraph from the current issue of "Black and White," is a fair sample of the friendly sentiment that has found ex-pression in newspapers and periodicals throughout the country:

"In all the long line of distinguished men who have filled the post of American ambassador at the court of St. James, none has enjoyed a wider popularity than Mr. Choate, and none will be missed and regretted more sincerely on this side of the Atlantic when in the course of a few months he presents, as he has decided to do, his letters of recall. We in England have come to regard the American ambassador as much more than a diplomat. He is, in a way, a public institution, and the part that he plays in our social life is almost as active and intimate as if he were one of our public men.

"On all sorts of ceremonial occasions and celebrations the American ambassador is invited to deliver orations, which are invariably models of felicity, and which are unchilled by that formality and reserve imposed by tradition on the utterances of other diplomatists. The art of apt and graceful speech has been cultivated to a high degree of perfection in the states, but none of Mr. Choate's predecessors has excelled him in its practice; and his withdrawal from our midst will indeed be a sensible loss to many sides of our social activity. Of his qualities as a diplomatist it is possible to speak as highly, for during his residence in England several anxious questions between the United States and Great Britain have come up for adjustment, and their settlement has been due in no small measure to his exertions. He understood the English people, and he liked them as much as they liked him; and it should be some satisfaction to him to know that he returns to his own country having helped to bring about a better understanding between the two English-speaking nations than has ever before in their history prevailed."

TAILORS ARE IN CONVENTION.

Nearly Every Large City Represented at New York.

New York, Feb. 4.—Many times nine tailors will gather next week at Lakewood, N. J., for the first annual convention and exhibit of the Merchant Tailors' National Protective association. The association includes a membership of 1500 merchant tailors throughout the United States, nearly every large city being represented.
The association last year absorbed the old Merchant Tailors' National Exchange. The coming convention will be novel, for besides the general discussion of topics of interest to tailors, there will be a big exhibit of garments for men. It is expected that there will be at least 800 exhibitors. The sessions of the convention will begin on Tuesday and continue for three days.

TEACHERS TAKE PORT ARTHUR.

Hundreds Gather From All Parts of Texas.

Port Arthur, Texas, Feb. 4.—Port Arthur surrendered today to an invading force of pedagogues who came from far and near to attend the annual meeting of the Southeast Texas Teachers' association.
The day's program was a highly in-structive and entertaining one, the features including papers and discus-sions covering every phase of edu-cational work. Among the topics dis-cussed were the rural school, compul-sory education, the efficacy of sum-mer schools, and other educational problems of special interest to that section of Texas covered by the asso-ciation.

Mothers Plan Congress.

Washington, D. C., Feb. 4.—Pre-liminary arrangements have been made for the triennial meeting of the National Congress of Mothers, which is to assemble in this city early next month. President Roosevelt has con-sented to address the congress and another speaker of prominence will be Senator Frederick T. Du Bois. One day of the gathering will be designat-ed International day, when addresses will be made by several members of the diplomatic corps.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell im-itations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby de-frauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.
Tallman & Co.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so decep-tive. Many sudden deaths are caused by it—heart dis-ease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will at-tack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feel-ing badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.
It corrects inability to hold urine and scalding pain in passing it, and over-comes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.
Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new dis-covery and a book that tells all about it, both sent free by mail. Address, Dr. Kil-mer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MAPLEINE

The new Maple Sap
MAKES MAPLE SYRUP
Pure granulated sugar and maple-ine—that's all. Make it at home—it saves money and insures purity.
