## CREAMERY TO OPEN

NEW BUILDING TO BE ERECTED BY PENDLETON ICE CO.

Creamery Plant Will Adjoin Cold Storage Building on the South—Over 300 Cows Now in Sight—Creamery Will Be Ready for Business April 1—Alex Knight, Jr., to Be Manager Here.

A contract was closed last evening by which the Pendleton Ice & Cold Storage company will erect a building for the Pendleton Creamery, adjoining the cold storage building, on the south.

The building will be 25x50 feet in size and built especially for creamery purposes, with inclined floor for perfect drainage, and will be connected with the cold storage rooms. The building will front on the railroad side tracks, south of the cold storage, and a large and convenient platform will be built in front for the accommodation of cream cans, as they are brought in by the teams from the milk ranches and dairies.

The building will be ready for the machinery in three or four weeks and by April 1, the creamery will be open for business. The capacity of the creamery will be expansive, the machinery to be installed to be of sufficient scope to handle any amount of cream to be produced in this district.

Already about 300 cows are promised for the creamery this season, which number, with the surplus cream to come from the La Grande creamery, owned by the Pendleton creamery people, will be sufficient to start the plant here. The price of butter fat will be regulated altogether by the prices of butter in the markets here, and will be announced later.

Alex Knight, Jr., who recently came into Union county from Pennsylvania, and who with O. E. Harper, now owns the Union, La Grande and Pendleton creameries, will have charge of the plant here.

### HAMILTON WANTED IN IDAHO.

He Seemed Overwilling to Do Time for a Year.

When Frank Hamilton was arraigned in the circuit court the other day he pleaded guilty to the charge of obtaining money under false pretenses with such readiness that it aroused a suspicion that other and possibly greater crimes might be weighing upon his mind. This feeling was strengthened by the fact that he had been in the circuit court on a charge of obtaining money under false pretenses with such readiness that it aroused a suspicion that other and possibly greater crimes might be weighing upon his mind. ing was also strengthened in the mind of Sheriff Taylor by the cheerful demeanor of Hamilton after he had received his sentence of one year.

Yesterday an explanation came in the shape of a telegram to the sheriff from W. E. Krebs & Co. of Lewiston, saying that they held checks drawn by Hamilton to the amount of \$70, each check being for \$10. These checks were drawn upon a Lewiston bank, and were evidently passed in a similar manner to which the checks on the First National bank here were cashed by Hamilton last Saturday night.

### MRS. PHOEBE JONES DEAD.

Pioneer Woman, Formerly of Pendleton, Died at Walla Walla.

Mrs. Phoebe Jones, formerly of Pendleton, died on Saturday, February 4, in Walla Walla, after a five weeks' illness. Mrs. Jones was the mother of L. W. Jones, the well known railroad engineer, who for many years ran out of Pendleton on the Walla Walla branch.

Mrs. Jones was 75 years of age, having been born in New York state in 1830. She was buried at Walla Walla February 6.

### C. S. Haynes Promoted.

C. S. Haynes, who has been day operator in the O. R. & N. offices here for the past four years, has resigned this position to accept a position as ticket clerk in the offices of Robert Burns, general agent of the O. R. & N. at Walla Walla. Mr. Haynes has been in the service of the O. R. & N. for the past five years, starting as night operator at Wallula, and advancing rapidly until he was sent to Pendleton as day operator, a year later. He has been in line for promotion for the position of train dispatcher at La Grande, but has accepted the position under Mr. Burns after due consideration. He will leave for Walla Walla as soon as relief is sent here.

### Move to Pendleton March 1.

District Attorney G. W. Phelps has leased the residence of Dr. L. K. Blakeslee, on Lewis street, and will move his family to Pendleton about March 1. In speaking of his change of residence this morning, the district attorney said he found the same to be necessary in order to properly attend to the duties of his office, as his presence here is required so much, and it requires two days' travel for a visit here from Heppner.

### Scarlet Fever on College.

One more case of scarlet fever was reported this morning. It is the little son of Charles Eppinger, who resides on College street between Webb and Alta. Dr. Best is the attending physician.

### Ice Harvest on Again.

Shipments of ice are now being sent out from North Powder by the O. R. & N. to all their ice houses along the line. The ice is from 10 to 14 inches thick and is a very good quality, for the bad weather experienced during the past month.

### TO CURE ANY DISEASE.

The Cause Must Be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newb's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 50c. in stamps for sample to The Herpicide Co., Detroit, Mich. A. C. ## PATRIOTIC JAP OFF TO THE WAR

JAPANESE COLONY HOLDS A GENUINE JUBILEE.

Matsu-Moto Hears the Call of His Country and Leaves for the Front—35 of His Countrymen Tender Him a Banquet and Escort Him to the Train.

Another patriotic son of Japan has gone home from Pendleton to enter his country's army and fight the Russians. He is Elkich Matsu-Moto, and he left last night on the west-bound passenger train for Seattle, where he will take a steamer on February 11 for the Orient. He was escorted to the train last night by 35 patriotic countrymen who had just tendered him a farewell banquet at George Kawashiri's restaurant. At the farewell meeting all the Japanese of the city were present that could possibly be there. Patriotic songs were sung and speeches made, all in the language of the Mikado.

There was much of human interest to be noticed at the little meeting last night held in George Kawashiri's chop house, for they were gathered in honor of a patriotic soldier, one who is entitled to respect, no matter what may be his race or creed. When the writer called early in the evening he was received with greatest courtesy and information was freely given. From his countrymen it was learned that Matsu-Moto, who was formerly porter at the Hotel Pendleton, had just left St. Joseph's hospital after being ill for five weeks with typhoid fever. A week ago a cablegram came from his parents in Ehimeken, Japan, saying that the government had called for his services, and asking him to come. At that time he was too weak to travel and now still shows signs of his illness. However, he decided to start anyway and rely on recuperating his health on the voyage.

Matsu-Moto is 23 years old and he has spent three years in this country. He is a single man and has a brother here and one in California. He is not an enlisted man in the Japanese army, but is one of the reserve and as such he has been called out.

Matsu-Moto looks the boy that he is and at present will not weigh over 125 pounds, but says he will fatten quickly. He is not over five feet six inches in height. When asked if he was glad to go he answered "yes" with a smile that was without guile, and when he shook hands with the reporter in parting there was a light in his eyes similar to what the latter has seen in the eyes of Second Oregon volunteers when they had left for Camp McKinley. It spoke of patriotism in a language that is world wide.

### SEASON OPENS NEXT SATURDAY

Baseball Game Between High School and Town Team.

The baseball season for Pendleton will be opened next Saturday, provided the weather is suitable for a game. A local team has been organized by Robert Kruger, who last season was a member of the Jacksonville team, which was a member of the state league. It is proposed to have the first game with the high school team, and it will be in the nature of a practice game. The proposed line-up of the two teams is as given below:

Pendleton	Position	High School
Kruger	p	Strand
Knapp	c	Penland
Froome	1b	Hoover
Alexander	2b	Menns
Osborne	3b	Johnson
Drake	ss	Leonard
Miller	lf	Storie
Baker	cf	Bollerman
Liebe	rf	Dickson

### Both Ready for Fight.

Tomorrow night occurs the fight between "Kid" Slater and Andy King, which will be pulled off at the Fraser theater. The former has been working out with big Jack Curley, and is in good condition for the mill. King has also been training hard, and this morning expressed himself as confident of winning. His training will end tonight, thus leaving him tomorrow in which to rest.

### Six Inches of Snow at Kamela.

Trainmen passing through Pendleton today, on west-bound trains, say that about six inches of snow fell at Kamela last night. A fierce windstorm raged on the west slope of the mountains all day, drifting the snow as it fell. The old snow at Kamela had nearly entirely melted away.

### CARNIVAL AT WALLA WALLA.

By the Foresters and Maccabees, February 18-18.

From the 13th to the 18th of this month a fraternal carnival will be held at Walla Walla by the Foresters and Maccabee lodges of that city. A joint committee has the arrangements in charge. Of this committee A. T. Bedell is president, Hugh Bentley, secretary, and Ralph White, treasurer.

An effort has been made to induce the Pendleton lodges to join their Walla Walla brethren in the above movement, and yesterday W. B. McInturff, a member of the carnival executive committee, was here consulting with the Maccabees on the subject. The local Maccabee tent has an excellent set of paraphernalia, and it was the hope of the committee to secure the attendance of the Pendleton members in a body on the night of the 18th, which is to be "Maccabee Night." However, it is understood that the sentiment of the local tent is opposed to the proposition.

## IRELAND RELEASED

VERDICT OF ACQUITTAL ORDERED BY THE COURT.

Decision Was Rendered on a Technicality, Guilt Being Established and Not Denied—No Appeal Can Be Taken by the Prosecution, and the Temperance People Find Themselves Tied Up for Some Time.

Last evening the jury in the case of George Ireland, the Freewater saloonkeeper who has been on trial in the circuit court here, was directed to return a verdict of acquittal for the defendant.

The case was a closely contested one and the decision was based on the view that the law for the Free-water sub-division was not legally enacted. This mainly because the petition for the vote from that place was not recorded by the county clerk before the election was ordered by the county clerk. Judge Ellis held that the recording as well as the filing of the petition was essential before the court could call the election. Another point brought by the defense was that the meeting of the county court was called upon six days' notice instead of 10.

In charging the jury Judge Ellis expressed regret that in a case where the wish of the people was an element, the decision could not be favorable to their side. However, he held that the law had not been complied with and accordingly directed Charles Wilkins to sign a verdict of acquittal, as foreman of the jury.

Owing to the procedure that was followed in the above trial, no appeal can be taken by the prosecution. Under the conditions the only way the case could be taken to the supreme court was by a verdict of guilty being returned, in which case the defense could have appealed.

There are but two situations under which an appeal could have been made by the state, but in this case they did not arise. One of these would have been for the defense to have moved a demurrer to the indictment, which, if sustained by the court, would be subject to appeal by the state. The other contingency is when a verdict of guilty is returned and a motion for an arrest of judgment is sustained by the court. It is regretted by many that the procedure in the Ireland case was not such that an appeal could be made by the state, and the supreme court thus made to pass upon the matter.

### Leave for Condon Today.

Frank Robinson and family leave today for Condon, where Mr. Robinson has already made arrangements to open an amusement parlor. Their household goods and the fixtures for the amusement parlor have been shipped via Arlington and will be hauled by freight teams to Condon.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained the credit of a cure. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out," as the saying goes, on such a proposition; but they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such unrivaled properties as to fully warrant its makers in publishing the remarkable offer above made in the utmost good faith.

"A short time ago I was almost dead with nervous prostration, general debility and female weakness," writes Mrs. Loreto Webster, of 377 Virginia Ave., Lexington, Ky., Worthy Treasurer, Independent Order of Good Templars. "Dr. Pierce's Favorite Prescription was recommended to me as a sure cure, and I found this to be true. I obtained splendid results, securing fine health. Women who are afflicted to think there is one safe and sure cure, get to them for their troubles. I advise every sick and suffering woman to stop spending money and wasting time with doctors' prescriptions, when a few bottles of your remedy is sure to cure. I am the happy mother of two children, boy aged six years, and girl, eight years."

Do not permit the dealer to insult your intelligence by suggesting some other compound which he recommends as "just as good," because he makes it himself. Dr. Pierce's Favorite Prescription has stood the test of time and experience. Thousands speak well of it—because thousands have been cured by it.
