OWL TEA HOUSE

14-QUART GRANITE DISH PAN 40c

Dear Madame:

I take my pen in hand to let you know there is only one 25 cent coffee on earth that has anything like the strength and flavor of Mocha and Java.

It is called "Mother's Pride," (and so we have found it).

It is sold exclusively by the OWL TEA HOUSE.

TANNER'S CONFESSION HAS PROVED MITCHELL'S GUILT.

(Continued from page 1.)

you immediately on receipt of this drop everything and come directly here. Bring with you in trunk, but don't let your family or anyone know, all the company's books, day ledger, all of them; also your bank book, as I am extremely anxious to see for myself personally what the books show. Besides it is important we should talk over with Fulton, who is to help defend me in regard to the cases. I hope you can come. If so, don't let a soul know you are coming, not even Harry. And if you conclude to come, wire me as follows: "John leaves direct for Washington this evening, Tanner." I do hope you can come and immediately, before you are called again before the grand jury. Sincerely your friend,

JOHN H. MITCHELL.

P. S.—Don't show Harry this letter or tell him anything in it. Don't let him see our books. Tell him nothing. P. S.—Keep all important papers in safe, and safe and office carefully locked, as these scoundrels will get in if possible.

P. S.—Burn this without fail.

The Kribs Checks.

There are in the possession of the government three checks from the Kribs firm, showing plainly that Senator Mitchell received money for his services in expediting claims before the government. Concerning them Judge Tanner testified as follows:

"Under the first agreement," further questioned Mr. Heney, "the checks that were paid by Mr. Kribs for services performed in the matter of expediting cases went into the firm account and were divided with the knowledge of Senator Mitchell that he was getting his half of them?"

"It went into the firm account and was divided with him in this way: The money, his half of it, was sent to him in the shape of a deposit tag showing the amount; and I usually stated, 'Inclosed you will find deposit tag for your share of proceeds of our business for current month,' or something of that kind. Now, I couldn't swear that he had knowledge of where this money came from."

"Didn't you talk with him about it at any time when he was here?" asked Mr. Heney.

"Not subsequent to the time that this money was paid."

"Was there anything said at the time Senator Mitchell was here in 1933?" asked Mr. Heney.

"Well, he knew that I was doing work for Kribs, and that he was paying money; but I couldn't say that he knew that any of these special amounts that I sent him as Kribs' money, or anything of that kind," was the answer.

He knew you were doing work for Kribs, and that this work involved these claims about which you wrote the senator and asked him to look after?" asked the attorney.

"Yes," said Judge Tanner.

The Mitchell Case Hopeless.

It is considered generally that the confession of Judge Tanner has dealt a death blow to the cause of Senator Mitchell and that there is absolutely no hope for anything but conviction in his case when it comes to trial. There is a growing belief that the senator will not stand trial.

Tanner Will Be Pardoned.

It is understood that this action of Judge Tanner in making his plea of guilty and in becoming a witness for the government will draw from President Roosevelt a pardon for his offense. This is stated by Mr. Heney, but it is also stated that the pardon will not be issued until after the Mitchell trial, if there be a trial, and if the judge has given his testimony in behalf of the government. When the Mitchell trial is ended, then Judge Tanner will be pardoned by the president.

Williamson's High Ideals.

Washington, Feb. 13.—Representative Williamson, of Oregon, indicted by the federal grand jury at Portland Saturday on the charge of complicity in land frauds, leaves for home shortly to prepare for trial. He said this morning:

"Hereafter I will keep away from the house of representatives. I have high ideals as to what the house should be, and believe it to be an affront to my fellow members for me to appear on the floor while this hangs over me."

Representative Hermann, also under indictment, takes a different view. He has been regular in attending the sessions since his indictment, and has voted on all pending questions. Senator Mitchell has absented himself from the senate.

Congregational Church.

The revival meetings will continue with a meeting at 7:30 every evening. Tonight we receive several members who have been converted in our meetings. The general public is showing a decided interest in these meetings, as our methods are not antagonistic, but rather in the spirit of Christian love. We follow Christ in this work and desire to draw the attention of those who realize the need of Him and His influence in everyday life. Come every evening and enjoy a meeting in which Christian love is the moving power. T. R. E.

Will Open a Bath House.

E. N. Warnell, the trained nurse who has been in attendance upon Jesse Palfrey for several months, left for Portland this morning. It is Mr. Warnell's intention to return to Pendleton within a few weeks and establish an electric and Turkish bath establishment.

Curtain Will Rise at 8:15 Sharp.

Special attention is called to the fact that the curtain at the Frazer theater will rise promptly at 8:15 he night of Charles B. Hanford's engagement.

HARD EXAMINATION

PROF. PEEBLES SAYS IT WAS UNREASONABLY SO.

Many Applicants for Certificates Had to Put in Twelve Hours Continuous Work. When Much Less Would Have Sufficed for a Test of Qualifications—Mr. Peebles is Especially Well Qualified as a Critic.

The recent county teachers' examination held here was pronounced by the members of the examining board to be much harder and longer than usual. Professor Peebles, of the Normal School, who is one of the board, criticizes the state board severely for sending out such unnecessarily long lists of questions on the various subjects. Prof. Peebles was himself on the state board of examiners for 10 years and he does not believe in causing so much physical hardship as was endured by the teachers at the recent examination. In speaking of the matter this morning, he said:

"I believe that an equally thorough test could have been made by the use of one-half the questions that constituted the examination and those taking the examination would have been spared much of the physical and mental strain."

According to the professor, Thursday was the hardest day of the examination and to handle the four subjects upon which they were examined that day some of the teachers were forced to work from 8 o'clock in the morning until nearly that hour in the evening, some of them not daring to take time in which to eat.

"Taking a series of examinations one after the other is a great nervous and physical strain at best, especially for young women, and this time the subjects were so long that it was much worse than usual," said Prof. Peebles.

WEALTH IN WHEAT RAISING.

Splendid Record Made by John Banister, of Weston.

What may be accomplished from wheat farming in Umatilla county is illustrated by the success of John Banister, the well known wheat raiser from near Weston.

Mr. Banister began wheat farming only four or five years ago, without capital, and rented land from Indians on the reservation. He was successful, and last year purchased the claim place of 160 acres near Weston for \$9000. From the first crop of this place \$32 per acre was realized. Last year, from the 480 acres which he had in wheat, Mr. Banister reaped a crop of 19,000 bushels. This he sold for 74 cents, thus receiving \$14,060, for his crop. The three quarter sections of land now owned by Mr. Banister are worth \$36,000, a good stake in itself to be made in such a short time.

FUNERAL OF RICHARD BROOKS.

Paid for by Subscription Made by Pendleton Friends.

Yesterday, at 11 a. m., the funeral of Richard Brooks occurred from the undertaking parlors of M. A. Rader, Rev. G. W. Rigby officiating. The interment was in Olney cemetery, and the friends of the dead man provided well for the funeral.

Brooks is the man who died several days since at the hospital. He was formerly an employee of Anton Vey's stock ranch. After his death, M. A. Rader wired to a brother of the deceased, James E. Brooks, who lives at Kingston, Ill., for instructions as to the funeral. After waiting long for an answer, Mr. Rader took the matter up with the telegraph company, and from them it was learned that the brother had refused to even reply to the message telling of his brother's death. Accordingly, a subscription was taken up here by the friends of the dead man and a suitable burial given him.

WINTER IN GILLIAM COUNTY.

Temperature Down to 20 Degrees Below Zero.

William Colwell, the sheepman, who returned yesterday from a trip through Gilliam county, thinks this a California climate compared with what he experienced in that section.

According to him the temperature near Mayville in that county went as low as 20 degrees below zero, and at other points was down to 16. In coming out Mr. Colwell "staged it," and declares that the trip was not as comfortable as some he has made. Along the road the frost had accumulated on the telephone wires until they were as large around as a stove pipe. The sage brush and shrubbery along the way were crystallized with frost.

Remonstrance Was Sent In.

Saturday the remonstrance to Senator Pierce's bill to incorporate the Little Walla Walla Irrigation district was sent in to the Umatilla county delegation at Salem. The remonstrance was signed by 35 property owners of the above district, while the petition for the law had but 27 signers. Three of those who signed the petition for the law changed their sentiments when the proposed law was explained to them, and signed the remonstrance.

Ayers Won the Medal.

Yesterday afternoon the monthly medal shoot of the Pendleton Sportsmen's association was held, and in spite of the cold some good sport was had. The association medal was won by T. W. Ayers by hitting 20 out of 25 shots. The following scores were made by those present: T. H. White, 18; H. J. Stillman, 17; T. W. Ayers, 20; and William Hoch, 17. All of these being the number of hits out of 25 blue rocks shot at.

AT THE CHRISTIAN CHURCH.

Meetings Will Be Continued Indefinitely.

Yesterday was a great day for the First Christian church of this city. Evangelist Dorris preached his farewell sermon last night to an audience that filled the large church. At the close of the service 13 more were added, making 93 since Mr. Dorris began.

Mr. Dorris left this morning for Des Moines, Iowa, where he is to begin a meeting with the Central church next Sunday.

The interest aroused by Mr. Dorris is so great that the church decided to continue the meetings. Mr. N. H. Brooks will preach tonight and Miss Fraker will sing. There will be baptismal services—12 or 15 are to be baptized. Everybody earnestly invited to attend.

Poisoned by Beef Tea.

As the result of ptomaine or analogous poisoning, Mrs. Alice Wilson, wife of Charles Wilson, died at 8 o'clock at her home at Whitebird yesterday morning. The poisoning was the result of the use of some form of prepared beef tea. Drs. Stockton and Campbell were summoned to wait on the patient, but found her condition to be beyond recovery. The deceased was 25 years of age and had been married about three years.—Lewiston Tribune.

McManus Imitates Pendleton.

The Pilot Rock Record is thinking of incorporating with a capital stock of about \$16. This money is to be spent in the purchase of new screws for the old Washington hand press. The editor, however, will insist upon holding the majority of the stock, as otherwise he might lose his job. Therefore there will be no change in the policy of the paper, which many of our readers will greatly regret.—Pilot Rock Record.

Moving From Lebanon.

E. L. Power has sold his neat home on Bridge avenue to Mr. Connet, the nephew of C. E. Pugh, who arrived here a short time since from Kansas. Possession has already been given. Mr. Power moving into J. M. Wiley's house. Mr. Power will move to Pendleton in about a month, says the Lebanon Advance. Mr. Power will engage in the harness business here.

Buying Wallows Sheep.

A Wyoming buyer has purchased about 10,000 yearling ewes of parties residing in this county, the price ranging from \$2.25 to \$2.50 per head, according to quality of sheep. Mackin & Falconer also contracted about 5000 yearling weathers for \$2 per head to a Montana buyer. Those still holding yearlings expect prices to strengthen and consequently buyers have been unable to contract large amounts.—Wallowa Chieftain.

Fire at Alamo.

There was a disastrous fire at Alamo yesterday, three of the main buildings on the main street of the town having been burned to the ground.

The fire caught from a defective flue in Hotel Alamo, owned by Mrs. McPhee. That, the next building, owned by Pete McPhee and occupied by a saloon, and the city hall, adjoining the saloon, owned by the town, were destroyed.—Sumpter Miner.

Got the Money From His Uncle.

After vainly trying to find some one kind enough to advance him money with which to pay his fine of \$25, to which he was subjected Saturday, Kid Slater, the pugilist, finally secured the necessary amount by pawning some jewelry and various other articles of personal property.

Death of Mrs. Halley's Mother.

Mrs. John Halley, Jr., has received a message from her brother in Salt Lake City telling her of the death of her mother, Mrs. Mary Kimball. The death occurred at 6:40 a. m. Saturday, and was caused by a general break-down due to extreme age.

Machine Shop at Athena.

Marlon Jack, one of the most extensive wheat raisers of the county, is in town from his ranch at Havana. Mr. Jack is installing a machine shop at Athena now.
