

AMONG THE EXCHANGES OF THE INLAND EMPIRE

Cherry Tree Four Feet in Diameter.

A correspondent of the Hood River Glacier says:

"In the summer of '89 or '87 the Oregon Pomological society was organized at The Dalles, and at one of our meetings, held at the farm of George Snipes, the writer took the diameter of several trees in his orchard. One cherry tree measured six feet six inches in circumference; one apple tree, four feet four inches in circumference. Mr. Snipes settled there in 1852, and perhaps soon planted these trees. If that cherry tree has had nothing happen to it until now, perhaps it can compete with California."

The editor of the Glacier adds: Upon inquiry this morning we learn that the large cherry tree mentioned was cut down last summer, the trunk only remaining. It measured four feet in diameter.

New Irrigation Ditch.

R. E. Graham, a pioneer resident of this county, who owns a fine ranch on the John Day river near the mouth of Thirty Mile, was in town Monday. Mr. Graham is busy this spring taking a ditch out of the John Day with which to irrigate his ranch. The ditch is to be three feet wide on the bottom and five feet at the top and will carry a large volume of water. It will be one and one-half miles long and will carry a full head of water when the river is at its lowest stage. Mr. Graham has about 200 acres of fine land under this ditch and when completed it will give him one of the most valuable places in the county.—Condon Globe.

Lewiston Wants Chicken Ordinance.

Many complaints have been made to Chief of Police Masters on the account of chickens running at will in the city and destroying the gardens and flowers of citizens who desire to improve their lawns with flowers and shrubbery. Chief Masters states that at the present time there is no ordinance preventing the chickens from running loose within the city limits, and that until an ordinance is passed

the police department can take no action in the matter. From reports received during the past few days it would indicate that the chicken nuisance prevails in all parts of the city, and many citizens are refraining from decorating their yards or the park space between the sidewalk and the street until they are assured of protection from their neighbors' chickens.—Lewiston Tribune.

Reported Killing of Elk.

It is reported on good authority that some miscreants killed four elk and left their carcasses on the snow in Grant county recently. The discovery was made a few days ago and it was found that the hunters took only the elk teeth. The whole carcasses were left to rot. This is wanton and disgraceful abuse of the game laws and criminal sacrifice of this noble animal.—Baker City Democrat.

Use California Ore.

The local smelter is receiving ore from Northern California, two more carloads having been delivered from the Sheridan, 130 miles south of the state boundary. The Sheridan is in Seelye and Kewick territory, but the management here desired the product of this property, and made a bid that brought it to the Eastern Oregon camp.—Sampter Daily Miner.

Blacksmith Hung Himself.

Fred Henry Jackson, about 65 years of age, committed suicide by hanging about seven miles west of Culver last Sunday. He was a blacksmith by trade and formerly worked for Frank J. Brooks in this city. Dependancy, caused by inability to procure work, is supposed to be the cause of the rash act. The inquest was held Wednesday.—Madras Pioneer.

New Baptist Church.

Work has commenced and is progressing rapidly on the new Baptist parsonage on the lot adjoining the church. The edifice is 26 feet square and will be two stories high.—Condon Globe.

DAILY MARKET REPORT.

July 11-14—American Medical Association, Portland.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by Tallman & Co., druggists, at 50c a bottle.

Highest Price for Lambs.

The highest price ever obtained in this market for western-bred lambs was secured by C. A. Burley of Grass Valley, Ore. There were 281 lambs in the lot that averaged 85 pounds. They were fed on screenings at St. Paul and were then brought to market by John James, who is Mr. Burley's manager. There were 1160 head in the shipment, including 463 yearling wethers that sold for \$8.50 and a string of ewes at \$5. Mr. James says that the high price of wool is operating to prevent many sheep from going on second feed as those who have the sheep are not anxious to let them go even at high prices.—Wool and Sheep Market (Chicago).

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at Tallman & Co.'s druggists.

Ex-Sheriff Arrested.

At Blackfoot, Idaho, ex-Sheriff P. A. Steers was placed under arrest Wednesday on three counts charging him with embezzlement of public funds. His preliminary hearing is set for March 10.—Boise Capital News.

WANTED—TO BUY A GOOD ROAN mare, weight about 1250 or more. Call on Harry Bartholomew.

OSTEOPATHY.

Ques. Do Osteonaths believe in the germ theory of disease?
Ans. Yes.
Ques. Then why do they say diseases are caused by slight displacement of bones, etc.?
Ans. The body in perfect health, is proof against germs. The blood is the best germicide and the only one that can operate within the body. When the bony or muscular obstructions cut off the healthy blood supply to any organ, the germ acting on that particular organ gets a foothold and propagates. The bony or muscular obstruction is the predisposing cause, the germ the active cause.
How then fight the germ?
The idea that a medicine is introduced to kill the germ is erroneous and is claimed by no physician. The blood is the only germicide that can act within the body, therefore remove the bony and muscular obstruction and permit the blood to do its work. This is what the Osteopath does in treating germ diseases. And it explains why the Osteopath can abort typhoid fever, pneumonia, la grippe, etc., while the medical doctors say they must run their course.

Reduction Sale
