

GREAT STOCK SHOW

GREAT STOCK SHOW.
OVER \$50,000 PRIZES

OFFERED IN PORTLAND.
The Livestock Exhibit Will Surpass Anything of the Kind Ever Held in America—The Classification is the Completest, the Premiums the Largest, and the Promised Exhibits the Most Numerous.

Interest in the livestock show to be held in connection with the Lewis and Clark exposition, which will be held in Portland from June 1 to October 15 next, is increasing daily, and the inducement of over \$50,000 in prizes, which is offered stockraisers, is certain to attract all the leading stockmen of the country to the exposition. The managers of the Western World's fair have decided to hold the horse show from August 25 to September 8, and the shows of cattle, swine, sheep and goats from September 19 to September 29. The other dates will be announced later.

The leading stockraisers' associations of the country have shown their interest in the exposition's enterprise by contributing generously to the fund set aside for prizes, and their hearty co-operation is assured. The National Livestock association has appropriated \$2,500; McLaughlin Bros., of Kansas City, \$2,500; the Percheron Horse Registry association, \$2,000 for premiums on Percheron horses; the American Shorthorn Breeders' association, \$3,000 for premiums on Shorthorns, and the American Hereford Breeders' association, \$1,000 for premiums on Hereford cattle. This, with the \$40,000 appropriated from the exposition funds for the purpose, brings the grand total of prize money up to \$51,000. The premiums offered by the Lewis and Clark fair management are divided as follows:

For horses	\$12,000
For cattle	16,000
For sheep and goats	6,500
For swine	3,500
For poultry and pets	1,500

The American Angora Goat association, whose annual shows at Kansas City have attracted a great deal of attention, both among raisers of goats and among people generally, who have watched the progress of the comparatively new industry of goat raising, will hold its annual show this year for the first time west of Kansas City. The show at the Lewis and Clark exposition will be the greatest show ever held.

While the interest in the stock show has been general throughout the United States, and a generous participation by all the large stock raisers of the Union is assured, the show will especially interest eastern visitors to the fair on account of the fact that at the exposition, the stock raisers of the Oregon country will be more generally represented than ever before. The value of the livestock in 1904 in the state of Oregon was nearly \$34,000,000. There were almost 125,000 dairy cows in the state, almost 300,000 horses and mules, over 3,000,000 sheep and lambs, and almost 300,000 swine.

SUNDAY SCHOOL WORKERS.

Louisianians Holding a State Convention.

Shreveport, La., March 21.—Enthusiasm is the keynote of the nineteenth annual convention begun here today by Sunday School workers of Louisiana. Arriving trains last night and this morning brought scores of delegates from every section of the state. A grand welcome demonstration will mark the formal opening of the gathering this evening. The sessions will continue three days.

In addition to receiving reports and transacting other business the convention will hear addresses by prominent Sunday school workers of this and other states. The list of scheduled speakers includes W. Fred Long of Little Rock, A. O. Brown of Texarkana, W. C. Pear, teacher and training secretary of the International Sunday School association, and Mrs. J. W. Barnes, international primary worker.

A feature of the convention will be the election of 36 delegates to the international convention, which meets in Toronto next June.

"TONY" PASTOR'S JUBILEE.

Has Been a Theatrical Manager for Fifty Years.

New York, March 21.—In the little green room off the stage of Tony Pastor's theater today were a few baskets of flowers and on a desk scores of letters and telegrams. "Tony" Pastor had received these, and also the personal congratulations of many friends, upon completing 49 years of active theatrical management. Mr. Pastor is dean of New York managers, and if it would not be giving too fine a line on his age it might be added that he was a legitimate actor, circus clown and variety performer for quite a few years before he became a theater manager, in 1855.

Mr. Pastor became the manager of a road company on March 21, 1855. He opened his Bowery opera house in August of the same year. In 1875 he moved over to Broadway, and on October 24, 1881, took possession of his present house, next door to Tammany Hall.

CATTLE RAISERS' CONVENTION.

A Large and Important Meeting for Texas.

Fort Worth, Texas, March 21.—The ninth annual convention of the Texas Cattle Raisers' association was called to order here today by President W. W. Turney, of El Paso. Mayor T. J. Powell welcomed the

WHAT JOY THEY BRING TO EVERY HOME

As with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used, remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

visitors, for whom response was made by R. D. Gage of Pecos. After those formalities were concluded the report of the executive committees was read. This showed that the past year had been one of activity for the association and that it had been particularly efficient in the prevention of cattle thefts.

Markets and their extension, irrigation, benefits to be derived from improvement of cattle, and the correlation of the agriculture and livestock industries were the subjects of papers and addresses presented during the day.

Owing to the many matters of importance to be discussed the present meeting is expected to be the most important ever held by the association. The beef trust investigation will be exhaustively discussed, and the association will also consider and act upon the subjects of interstate commerce regulation and better railway service. The attendance is unusually large and thoroughly representative of the greatest industry of the Lone Star state.

Bible Conference at Atlanta.

Atlanta, Ga., March 21.—The Tabernacle Bible Conference, which opened today to continue for two

weeks promises to be the most notable gathering of its kind ever held in the south. The subjects to be discussed cover a wide field of Christian work. Prominent among those taking part are Rev. F. B. Mayer, London, England; Rev. C. I. Schofield, Dallas, Texas; Rev. S. D. Gordon, Cleveland, O.; Rev. A. C. Dixon, Boston; Major J. H. Cole, Adrian, Mich.; Rev. W. F. Blackstone, Chicago; Rev. J. W. McCollum, Japan, and W. R. Moody, East Northfield, Mass.

To Succeed Senator Bate.

Nashville, Tenn., March 21.—When the Tennessee legislature assembled today it was for the purpose of electing a successor to Senator Bate. The prevailing opinion among the members appears to favor the selection of ex-Governor Benton McMillin. Mr. McMillin, who was Senator Bate's most active opponent during the last campaign, withdrew in favor of Bate with the understanding that should Bate retire McMillin would become the candidate.

Fruitgrowers at Fremont.

Fremont, Neb., March 21.—The Nebraska State Horticultural Society began a meeting here today with a

large attendance of prominent fruit-growers and horticultural experts from all over the state. The sessions will cover two days and will be devoted to the discussion of a wide range of subjects of interest and importance to the practical fruitgrower.

Fairbanks as a Mason.

Indianapolis, Ind., March 21.—This is a red letter week for the Masons of Indianapolis and vicinity. During the spring convocation which began today Vice-President Fairbanks will take the degrees in Freemasonry between that of master Mason and the 32nd degree. The vice-president is said to be anxious to go to the top in Masonry and consequently will crowd several degrees into a very small space of time.

OSTEOPATHY

HEADACHE AND HEADACHE POWDERS.

This subject was brought into prominence last winter by the crusade of the medical doctors of Kansas City against the use of headache powders. They are coal tar products, whose results are gotten through their depressing influence on the heart's action. Which influence results finally in an incurable heart disease. Then, too, they relieve for the time only, and medical texts assert their failure to cure.

Osteopathy goes at this in the accustomed way SEEKING THE CAUSE. This is almost invariably found in slight displacement of bones of the neck, particularly the first and second vertebrae.

Those are the predisposing causes, rendering the condition delicate, ready to be overthrown by one of the many exciting influences, indigestion, female troubles, excitement, exhaustion, etc.

The cure is evident, correct the bony displacements. This is what the Osteopath does, and he rarely fails to permanently cure.
