

# AMONG THE EXCHANGES OF THE INLAND EMPIRE

**Arm Mangled by Pistol Shot.**  
 Ed Brandon, a 17-year-old boy who has been employed herding sheep for Ed Palmer in Ferry Canyon, met with a serious and painful accident last Thursday while at his work on the range. He carried a .38-caliber revolver while at work, and when the accident occurred the gun was in his hip pocket, muzzle up. He was sitting on the ground resting, and when he started to get up the hammer of the pistol caught on a rock, against which he was leaning, and the weapon was discharged. The ball took effect in the right wrist and ranged upward almost to the elbow, shattering the bone and making a serious and painful wound.

Dr. Wood was called to attend the wounded boy, and in dressing the arm several pieces of bone were removed.—Condon Globe.

**700,000 Acres Withdrawn.**  
 Register J. H. West and Receiver C. H. Garby, of the local land office yesterday received a telegram from Commissioner W. A. Richards, of the general land office, withdrawing from all disposal, except under the mineral laws, a large tract of land aggregating about 700,000 acres in the country lying northeast of Prairie City and extending east as far as the Montana line. In the district withdrawn is included the Little North fork and the upper North fork section of the Clearwater basin and, the South fork of the St. Joe river. The entire Pot mountain section is located in this belt and four of the five townships to be opened for settlement June 14 are also located in the territory withdrawn.—Lewis-ton Tribune.

**Suit From British Columbia.**  
 A suit was filed in the circuit court this morning by Butcher, Clifford & Correll, attorneys for W. L. McDonald, a high official of British Columbia, against Al Geiser for \$161.40, an amount claimed to be due by reason of two fines imposed against Mr. Geiser for having brought alien labor into Rossland, when he was operating a mining property in 1902.

Mr. Geiser could not be seen this afternoon with reference to the matter. Late this afternoon Mr. Geiser

stated that he held receipts from the officials for the fines then imposed and there was evidently a screw loose in their legal machinery.—Baker City Herald.

**Fight Is Now On.**  
 The Northern Pacific company yesterday fired a big gun in the railroad warfare now being waged with the O. R. & N. company in the Lewiston territory by bringing to the aid a party of 12 surveyors who will this morning commence the survey down the Snake river from this point. A Clarkston message last night stated that the engineers in charge of the work had secured a permit to locate their camp at a point near the big bluff on the south bank of the Snake river and it is believed that the work of surveying the Snake river line will commence at once.

The party came to Lewiston from Seattle and the engineers in charge are registered under the names of H. C. Ester and E. Friday.

The old Northern Pacific survey crosses the Snake river at a point almost due west from the company's roundhouse and from Clarkston follows down the south bank of the river to a point below Riparia, where the river is again crossed and the line extended to Pasco. The company also has a survey down the north bank of the Columbia from Pasco to Portland and engineers are now in the field renewing this survey.

The situation now shows clearly that the fight is being resumed on the identical lines of the contest of five years ago—a battle for the water grades with the Lewiston country as the storm center.—Lewiston Tribune.

**Blow Up Condemned Bridge.**  
 County Commissioner J. P. Egan received communication from County Attorney E. C. Ward to blow up the Underwood bridge, so as to avoid any damage suit which might be brought against the county should any one receive injuries while attempting to cross the bridge which has been superseded by the new structure at the mouth of the river. Mr. Richardson was in White Salmon to do some surveying last week and went out with Commissioner Egan to remove the old bridge.—Hood River Glacier.

**DAILY MARKET REPORT.**

 Lettuce, 5c bunch.  
 Spinach, 6c bunch.  
 Turnips, 4c pound.

**EXHIBITS BEING WITHDRAWN.**  
 Strike on Lewis and Clark Fair Buildings Doing Damage.  
 A railroad man who has just visited Portland, declares that owing to the strike on the Lewis and Clark fair buildings and inability of the large exhibitors to secure skilled labor, the Westinghouse Airbrake exhibit, one of the most elaborate mechanical exhibits seen at the St. Louis exposition will not be brought to the Lewis and Clark fair. Other mechanical exhibits will also be withdrawn, it is said, if skilled workmen cannot be secured to prepare the buildings and put the machinery in place.

The present strike will thus do incalculable damage to the fair if allowed to continue. It is said there are hordes of unskilled workmen at work on the buildings, but they are in each others way and make little progress.

The absence of the Westinghouse exhibit will be a severe blow to the fair as this and the General Electric exhibit comprised the most important portion of the mechanical exhibit.

**COMING EVENTS.**

April 18—Montana Stockgrowers' Association, Miles City.  
 April 23—Easter Sunday.  
 May 1—May Day picnic at Echo.  
 May 9-14—Convention of Order of Railway Conductors, Portland.

 July 11-14—American Medical Association, Portland.

**The Colonel's Waterloo.**  
 Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure. Dyspepsia, Biliousness and Kidney Disease, by Tallman & Co., druggists, at 50c a bottle.

**Laatz Bros.**

MAIN STREET. NEAR DEPOT.

**OSTEOPATHY**

HEADACHE AND HEADACHE POWDERS.

This subject was brought into prominence last winter by the crusade of the medical doctors of Kansas City against the use of headache powders. They are coal tar products, whose results are gotten through their depressing influence on the heart's action. Which influence results finally in an incurable heart disease. Then, too, they relieve for the time only, and medical texts assert their failure to cure.

Osteopathy goes at this in the accustomed way SEEKING the CAUSE. This is almost invariably found in slight displacement of bones of the neck, particularly the first and second vertebrae.

Those are the predisposing causes, rendering the condition delicate, ready to be overthrown by one of the many exciting influences, indigestion, female troubles, excitement, exhaustion, etc.

The cure is evident, correct the bony displacements. This is what the Osteopath does, and he rarely fails to permanently cure.
