Mohair Prices.

On account of the mild winter this spring the clip of mohair is unusually long and it was never a better quality. There is already a demand from New England for Oregon mohair and it now commands 30 cents per pound. —Dallas (Ore.) Itemizer.

Last year the mohair growers formed a pool and were able to market their product at the highest market price. At that time about 400 fleeces were pooled. This year it is thought from 1200 to 1500 fleeces will be put in the combine. The price being offered here now is 25 to 29 cents per pound. A pool that was formed over at Jefferson was sold for 31 1/2 cents. Our growers expect to get about that figure for the pool now forming. —Scio (Ore.) News.

Is it then reasonable to suppose that the same style hat will be equally becoming to all men? We are inclined to think not.

A NEW BATH ESTABLISHMENT.

Will Be Opened on the Lower Floor of the Bowman Building.

An electric Turkish bath establishment for Pendleton is what is promised by E. N. Warnell, who states that he will commence the fitting up of the bath rooms within a short time. Mr. Warnell is the professional nurse who treated Jesse Failing for several months last fall, and who returned to Pendleton a few days ago to resume his practice here.

According to Mr. Warnell, rooms have been secured for his bath parlors on the lower floor of the Bowman building, and are very well suited for the purpose. As soon as he can make the necessary arrangements he states that he will open up for business here and believes that the establishment will fill a long felt need.

Mr. Warnell himself will have charge of the men's room, and an experienced woman graduate nurse will have charge during ladies' hours.
