#### BEND AUTO LINE STARTED. First Trip of the Big Machine Ends Disastrously.

Antelope, April 9. Editor East Oregonian:—The long looked for and much talked of big passenger automobile and freight car that is to run between Cross Keys and Bend in Crook county, arrived in Shaniko.

After being set up and inspected to see that everything was in running order, she was introduced to the sage brush country on a trial trip of five or six miles. The big auto which carries 12 passengers, and looks as big as a freight car, was in the best of humor and worked like a well trained sheep dog. In fact, it behaved so well on the trip that on its return 12 passengers were soon registered and paid \$9.50 apiece for a ride to Prineville, in order to have the name of being the first to ride an auto into the Inland Empire.

By 6 o'clock Friday morning 12 as jolly chaps as ever met, followed by a crowd of sightseers, had gathered around the big machine to see her off. When all were seated and well wishes for a successful trip was said, the chauffeur pulled the throttle open and soon she was in motion. Up Union street, out onto the prairie, down Cross-Hollen canyon for about two miles and up against a rock she dashed and came to a sudden stop. On examination it was found that the transmitter had been broken and could go no further until repaired, which would at least take four days as they would have to send to Portland for them.

The passengers, not feeling like being twitted by the crowd over their unfortunate mishap, walked on to Antelope, where they took the stage and continued on toward Prineville. The auto was hauled back to Shaniko with a four-horse team.

The cause of the break was that they had a 20 horse-power engine on a 40 horse-power machine, the roads were too rough and the load too heavy. M. S. W.

#### PENDLETON DEFEATED ECHO. Rain Stopped the Game at End of Seventh Inning.

By a score of eight to four, Pendleton defeated Echo at Baseball yesterday in a game that lasted but seven innings. At the end of that time it was necessary to call the game on account of the rain, and Pendleton being in the lead was given the game.

Twelve players were taken down yesterday, and all were played during the game. Good ball is said by the manager to have been played by all, and especially was this true of the batting. The pitching for Pendleton

#### TEACHING CONTRACTS FILED. Reports Received From Recently Closed Schools.

The following contracts for teaching have been filed with County Superintendent Welles: S. S. Darnell, district No. 97, four months; Miss Inez Allard, district No. 103, three months; T. W. Tandy, district No. 102, five months; Miss Alcy Foss, district No. 15, three months; Miss Cordelia Hall, district No. 57, three months.

According to Superintendent Welles practically all of the rural schools that hold school sessions in the spring have now secured their teachers. The following reports from schools that have but recently closed have been received at the superintendent's office: Francis Gilliam, district No. 37; Nellie E. Darr, district No. 24; Maude Sherman, district No. 43; Lucy Mosie, district No. 66.

#### GWINN SELLS HIS RESIDENCE. A. H. Sunderman, the Sheepman, Pays \$4,000 for It.

J. H. Gwinn has sold his residence at 218 South Main street to August H. Sunderman for \$4,000. Mr. Sunderman, who is a sheepman of the Echo country, will make his home here entirely in the future. The lot upon which the place stands is 7x2 100 feet. Mr. Gwinn expects to leave Pendleton about the 20th for Denver to take up his duties as secretary of the National Livestock Association.

#### Improvements on West Court. Street Commissioner Brown is engaged in filling the squares on West Court street, preparatory to the building of cross walks in that section. Many new houses have been erected in that portion of town lately, and as a result improvements in the street and new walks are necessitated.

#### Arrived From Heppner. Miss Fay Bartholomew arrived Saturday evening from Heppner, and is the guest of Judge and Mrs. W. R. Ellis. Dr. and Mrs. E. R. Swinburne are expected to reach here tomorrow and will live in the house adjoining their new residence until the latter is completed.

#### GRAND JURY DISCHARGED. Eastern Oregon Members Return Home After Most Historical Session Ever Held in the State.

The most historical session of a federal grand jury ever held in Oregon, was brought to an end Saturday night. George D. Peebler and Al Vogel, of this city; John Shaw, of North Powder, who have been serving on the jury, returned home last evening, and all speak in highest terms of the manner in which the sessions were conducted by Francis J. Heney, deputy attorney general, who has had charge of the land frauds, which has been the only business to come before this session.

#### From the Evidence Now in the Hands of Mr. Heney, the members say it seems impossible to understand how a jury can fail to convict those charged with the different crimes for which they have been indicted.

### MANY SHEEP SOLD

#### HUNTER & STEPHENS THE HEAVIEST PURCHASERS.

Nearly All the Sales so Far Effected Have Been in the Southern Part of the County—A Large Proportion Are Yearlings, and After Shearing They Will Be Sent to Dakota for Fattening—12,000 Head of First National Bank Stock Sold.

With the near approach of shearing time the sheep market has at last loosened up, and sales are now being made rather freely. During the past week Hunter & Stephens have purchased a total of 29,000 head from various growers south of this place, the sales in detail being as follows:

One thousand eight hundred head of A. H. Sunderman, of Echo; 1100 head of Otto Reimann, Combs canyon; 2000 head of Donald Ross, Vinson; 1000 head of William Chapman, Vinson; 1000 head of Chris Nelson, Vinson; 1800 head of Joe Vey, Echo. All of the above sheep were yearlings, and according to Mr. Stephens, are to be sent from here after shearing to Dakota, where they will be fattened for the Chicago market. The prices paid, according to Mr. Stephens, range in the neighborhood of \$2.25 per head after shearing.

Besides the above, 12,000 head of ewes, lambs and yearlings were bought of Herbert Roylen. They were the First National Bank stock, and are said to be a fine lot of sheep. Mr. Stephens intends to summer the ewes and lambs in Eastern Oregon, and will probably ship the yearlings of the band to Dakota with his other purchases.

From all accounts, shearing will now soon commence in the country west and south of here, although it is said that sheepmen are in no hurry to begin, as the longer they wait the heavier will their clip be, and the less the danger of unfavorable weather.

#### A VERY SUCCESSFUL AFFAIR. Over 200 Delegates Attend the K. of P. Convention.

The Knights of Pythias district convention held here Saturday evening was a most successful affair, and was attended by over 200 delegates from the six lodges of the county, and a number of prominent members from outside the county. The meeting was called to order by W. M. Peterson, district deputy grand chancellor, and the following program was followed: Address of welcome by T. G. Montgomery, C. C., Damon Lodge No. 4. Responses by Clark Wood, Stevens No. 49; A. R. Shumway, Hercules No. 54; B. V. Richards, Pleiades No. 74; W. O. Reid, Lomax No. 93. Short addresses by L. M. Carl, grand chancellor; M. F. Davis, grand vice chancellor; L. R. Stinson, grand K. of R. & S.; Fred S. Grant, of Portland.

Following the above, initiatory work in the third rank was taken up and a contest held between teams from Pythian Lodge No. 29 of Athena and Damon Lodge No. 4 of Pendleton. The decision was given to the Pendleton team, though excellent work was done by the visitors, and the score was very close.

Following the contest the convention adjourned to the Hotel Bickers, where a banquet was served, and thus the session brought to a pleasing close.

#### ROAD NEARING COMPLETION. Arlington-Condon Branch Will Be Ready for Operation About May 15.

County Commissioner Horace Walker has just returned from a trip to Arlington and Condon and says the branch road between those points is rapidly nearing completion. It is thought it will be ready for operation about May 15.

The track is now laid as far as Rock Creek, three miles from Condon, and a large force of men is at work. Construction trains are run over the road, but no freight is handled yet. Four stages now run from Arlington to Condon and are loaded at every trip.

Owing to the fact that many of the freighters have sold off their teams and quit the business, it is difficult to get freight into Condon and building material and other necessities are not plentiful. Mr. Walker expects to see a building boom in Condon when the railroad reaches the city.

#### Stillman Holds the Medal. In the monthly medal shoot yesterday the highest score was made by H. J. Stillman, who made 22 hits out of 25 shots. Other scores made were as follows: Markham, 20; McClellan, 17; Vincent, 16; Sewell, 15; Ayres, 14; Ferguson, 10; Ingram, 9. By winning the contest yesterday, Mr. Stillman is given the medal for the next month.

#### "The Moonshiner's Daughter." Tomorrow night "The Moonshiner's Daughter," the scenic Kentucky melodrama, will be seen at the Frazer. Specialties will be introduced between acts and a large amount of special scenery will be presented. This is said to be one of the best melodramas coming to the city this season. It will be at the Frazer Tuesday evening, April 11.

#### Gone to California. J. M. Bentley returned this morning from Portland, where he has been for the past two or three days. His brother, R. H. Bentley, has returned to his home in California, accompanied by his sister, Mrs. J. W. McCormick, and nephew, R. N. Bentley.

#### The Astoria hose teams have begun to practice for the tournaments which will be held in Portland during the fair.

phoid pneumonit. Dressor was but 17 years old and was brought up from Echo on the passenger train the preceding evening. However, his condition was so serious that nothing could be done for him, and he died within 24 hours after arriving here.

The deceased had been engaged as a sheep herder on one of the ranches near Echo, and has a brother living near Pilot Rock, who is now here as a result of his brother's death. The funeral was held this afternoon from the Baker & Folsom undertaking parlors, and the interment was in Olney cemetery.

#### OUTSIDE SHEEP BARRED. Grant County Closes the Gates Against Migratory Herds.

The regular March meeting of the Range Protection association of Grant county was held at Hamilton on March 25, on which date the committee on ways and means reported that all trails leading to and all private bridges across the North Fork river were closed to outside sheep, says the Blue Mountain Eagle.

The association passed a resolution asking the county court to enforce the law, if any exist, or to make an order regulating the travel of sheep across the bridge at Monument.

It will be seen that the annual coming of outside sheep into Grant county is not wanted by the people in the north part of the county. This is not confined to cattlemen, but to sheepmen also.

The closing of all trails leading to the north fork of the John Day river, and of all private bridges across said stream, means that outside sheepmen will find some difficulty in getting their bands to the summer range heretofore enjoyed by them.

The next meeting of the Range Protection association will be held at Long Creek on April 29.

#### FINED FOR SLOT MACHINES. Nine Firms Contribute a Total of \$330.

In the police court this morning, fines for running slot machines were paid by the following: Doss Swearingen, F. X. Schemp, Fred Schneider, F. G. McIntosh, Paul Hemmelgar, J. E. Russell, Lee Baker, J. A. Ogg and Antone Nolte. All paid \$30 each with the exception of the first, who paid \$60, thus making a total revenue to the city of \$330.

This is the first time that operators of slot machines have been fined for a long time.

#### Will Have Fruit Cannery. Other progressive cities are clamoring for industries that will employ labor, thus making producers as well as consumers. Echo has steady employment for every available man or woman who will work, and in addition will have work for 50 people in the new fruit cannery which will be established here this season. Arrangements are already made with a California firm to put in a fruit packing and canning plant, which will be a fixture for all time to come; 4,500,000 pounds of fruit was the production last year. What will that amount to in money at one cent per pound?—Echo News.

#### New Daily at Sumpter. Charles Liebenstein, proprietor of the Blue Mountain American, at Sumpter, will begin the publication of the Evening News, a daily afternoon paper about April 15, at that place. He has purchased the Sumpter Miner, which has suspended, and now has a clear field in the camp. Colonel James Connelia, former editor of the Sumpter Miner, is said to will soon begin the publication of a monthly mining journal at Baker City.

#### Spanish Warship at Portland. The Don John De Austria, one of the Spanish ships sunk by Admiral Dewey in the famous battle of Manila bay, has been raised and will be sent to Portland to be exhibited at the Lewis and Clark centennial. The vessel will be anchored during the exposition in the Willamette river, adjoining the exposition grounds, together with a number of Uncle Sam's latest and finest warships.

#### Stillman Holds the Medal. In the monthly medal shoot yesterday the highest score was made by H. J. Stillman, who made 22 hits out of 25 shots.
