YEARLY DECORATION

OBSERVANCE IS MORE AND MORE DIFFICULT.

The Old Veterans Are Dependent Upon the General Public for the Purchase of Suitable Floral Tributes, and Whoever Is Disposed Will Have a Chance to Contribute—Memorial Services in Town, Followed by Decoration at the Cemetery.

In view of the fact that the ranks of the veterans within the local post have become thinned by the hand of the grim reaper with the result that the greater number now bivouac upon another shore, it has become a difficult matter for the members alone to meet the expenses of a suitable memorial observance. It is the desire of the members of the post that appropriate exercises should be held, and flowers be placed upon the graves of the dead. But the extent to which this may be done is dependent largely upon the amount of money available for the purpose. Consequently, the general public will be given a chance to contribute such amounts as may seem fit. Then, when the extent of the fund is known, arrangements will be made for an observance accordingly.

Owing to the fact that it is necessary to secure the flowers from Portland, they are naturally rather expensive, and unless sufficient money is subscribed there are scarcely enough for all the graves. In speaking of this matter yesterday one well known veteran said he sometimes felt ashamed of the small bunches that they were compelled to place above some of the dead.

While definite arrangements for the program have not yet been made this year, it is said to be the intention to have the memorial program held at some place in the city, after which the procession will go to the cemetery for the decoration of the graves.

Italy has laid out a naval program providing for the expenditure of \$27,000,000 during the next 12 years.

CALLS THE CONVENTION.

Secretary Tom Richardson Will Bring Crowd to Pendleton.

Secretary Tom Richardson, of the Oregon Development league, has issued the following official call for the meeting to be held here next Monday and Tuesday, May 15 and 16, and assures Pendleton of a large attendance from Portland:

Portland, Ore., May 9, 1935.—Dear Sir: The Oregon Development league and the Oregon Good Roads association have united in a joint convention which will be held in Pendleton, Monday and Tuesday, May 15 and 16. Among those who will be present on this occasion are Governor Chamberlain, Senator Fulton, General Manager B. A. Worthington, Judge John H. Scott, President of the Oregon Good Roads association, Hon. E. L. Smith, president of the Oregon Development league; Col. R. W. Richardson, secretary of the National Good Roads association, and many distinguished citizens from all parts of Oregon, and especially the eastern section of the state.

Each and every one of the 55 organizations composing the Oregon Development league are expected to name delegates. Portland, Salem and other points in Western Oregon have promised to send good delegations.

This is the last convention that will be held, either by the Oregon Development league or the Oregon Good Roads association, until after the convention of the National Good Roads association, which meets in the auditorium on the exposition grounds, June 21st to 24th inclusive. Mr. John S. Beall, chairman of the Good Roads committee of the Portland Commercial club, promises a good delegation on behalf of that organization. The leading newspapers of Oregon and Washington will have staff correspondents at Pendleton. The railroads have made a rate of a fare and a third for this meeting, and this insures a large attendance.

The Pendleton Commercial association, one of the best organizations in the state, will render every possible aid. The newspapers of the state are doing their full part and it is hoped that all the editors who can do so will attend.

An especially interesting incident will be an "experience meeting," giving reports from every delegation present. This feature will take place much earlier in the program than at the last annual meeting of the Oregon Development league, and will be in the hands of Vice-President A. Bennett, of Irrigon.

Hoping to meet you at Pendleton, I am, Very truly yours,

TOM RICHARDSON,
Secretary-Treasurer.

Williams' Juvenile Company.

The Williams' Opera company, a clever bunch of juveniles numbering about 12 and ranging in age from 4 to 12 years, which is making such a great hit all over the Northwest and, in fact, everywhere they appear, will open a four nights' engagement at the Fraser on May 18. For the opening bill they will present "The Rajah of Pazala," an immense musical comedy extravaganza, chock full of clever comedy and catchy music.

pretty girls, elaborate stage settings and handsome costumes. The piece itself deals with the happenings of a party of Americans and natives on the island of Pazala, and contains a plot as well as a pretty little love story, which affords much comedy element as well as a vehicle for many pretty and catchy musical numbers. For their second bill on Friday, they will produce "The Gypsy Girl," another pretty and captivating musical comedy, and for their closing bill the little people will put on "Gay-go," termed by the press as being one of the biggest musical comedy hits of the season.

Off to Idaho.

Harry Gibson, R. R. Smith and Dick Hoyt left this morning for Cambridge and Council, Idaho, in search of land suitable for homesteads. They will travel in a light wagon and expect to be gone a month. Dr. C. J. Whittaker and D. B. Richardson have located land in that district and give glowing reports of the country. If this party of land hunters finds anything favorable, all of them will locate permanently there.

Growth of the Eagles.

It is barely seven years since John Cort, the widely known Seattle theatrical manager, with a few congenial spirits, started the Fraternal Order of Eagles for the avowed object of the betterment of their fellowmen. The order spread with the rapidity of the flight of the eagle and today it has over 300,000 members with an aerie in every city in the nation. Pendleton has one of the largest aeries in the West, there being a membership of nearly 400 here.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

One man here used it last September, and cannot smell wine, liquor or beer now without making him sick. He had been a hard drinker for 15 years."
