Going to the fair? Phone Main 2811 to haul your baggage at all hours. Leave orders at Gritman's cigar store. Leather's day and night transfer.

No meeting of the city council was held last evening, owing to the absence of a number of the members from the city, and the fact that there was no important business to come up. No meeting will be held this week unless something should occur to make one necessary.

For Sale—550 acres of standing wheat on leased land 10 miles north-west of city and 175 acres of summer fallow seven and nine miles from city on road to above wheat land and complete farming outfit consisting of Holt

combined harvester, used one season, cook wagon, water tank, field wagon, plows, 20 head horses, harness and other tools and farm machinery. A splendid opportunity for some one to start in wheat business. Call or address T. H. Thorne, 601 Perkins avenue, Pendleton, Ore.

FERRY AT IRRIGON.

L. E. Danes Will Have Boat in Operation August 1.

L. E. Danes, who has the ferry franchise on the Columbia at this point, will have a large sailboat in commission in a few days, and work is progressing favorably on his big barge which will be used as a ferryboat, says the Oregon Irrigator.

This barge will be fitted up with a 12-horse-power gasoline engine, and it will handle all of the present business in good shape. It will be ready for service about August 1.

As soon as this ferry is in operation we will get a big trade from the Washington side, and no doubt much of the wheat from the Horse Heaven country will come here for shipment.

Mr. Danes is to be commended for his enterprise, and we firmly believe he will find it a profitable one.

Sumpter is Reviving.

In Sumpter district progressing? Well, rather. Forty stamps that have been idle were placed in commission this week at mines formerly condemned as "played out" and several new properties began shipping to the smelter. The successes are wholly due to unswerving confidence in the properties and intelligent, scientific mining. A new era, an era of greatest promise, is being ushered over the threshold and when modern mining and milling methods shall have become more general throughout the district many valuable properties will become producers and the real worth of the district be more fully recognized.—Blue Mountain American.

Killed by a Tick.

The 3-month-old child of Mr. and Mrs. John Nichols died last Friday and was buried Saturday. We understand that the little one's death was caused by a tick which adhered to the body and simply sucked the life-blood away.

While preparing the child's body for the casket, the tick dropped to the floor; it was almost an inch in diameter. It seems strange that it should not have been discovered before the death of the child.—Joseph Herald.

Peterson Was Discharged.

The case against E. E. Peterson, who was charged with horse stealing, has been dismissed at the request of the prosecuting witness, Link Meador, who paid the costs of the action. It appears that after hearing Peterson's explanation, Mr. Peterson thought the horse was his own property when he took it to Walla Walla with others of his horses last November.—Dayton Courier-Press.

Goldendale Salaries.

The following salaries, per month, have been fixed by the Goldendale directors for the coming school year: Principal high school, \$100; first assistant, \$70; second assistant, \$50; Principal grammar grades, \$70, and the remaining grades, \$60.—Goldendale Sentinel.

Attorney General Hadley, of Missouri, has undertaken to prove that the Standard Oil company and the Waters-Pierce Oil company have long had that state divided between them, the former having a monopoly of the northern half of the state and the latter of the southern half.

PERSONAL MENTION

J. F. Hill and wife left today for Portland.

Sam Thompson is in from his ranch with a healthy tan on his face.

Mrs. G. L. Hall is visiting at the home of S. A. Edwards, at Juniper.

Rev. G. L. Hall was a passenger on this morning's train for Echo, where he will hold services tonight.

Miss Adna Raley left this morning on the 9 o'clock train for a few weeks' visit at Portland and Salem.

Joe Blakley went to Echo this morning to serve papers in a civil case, a citation to Mary M. Crayne.

Miss Adna Raley left this morning for Portland, where she will visit friends for a week and take in the fair.

Miss Eva Froome, who has been absent for a short time visiting at Walsburg and Athena, returned last evening.

County School Superintendent Welles left this morning for Walla Walla to visit some of the schools near the state line.

Mrs. Shelly Jones, of Boise, arrived this morning and will visit at the home of Mrs. Jesse Salling for a week or 10 days.

Mrs. E. G. Smith left this morning for her home in Echo. Her husband is serving on the jury, and will not go for some days.

Miss Sneff, of Chicago, is here visiting her uncle and aunt, Mr. and Mrs. August Stangler, and will remain here during the summer.

G. M. Rice, cashier of the First National bank, went to Walla Walla this morning. He will meet his brother of Walsburg, there.

J. C. Appell, of the Alexander Department Store, returned this morning from Portland, where he has been visiting the fair during the past week.

Miss Alice Peebles left Weston yesterday for Salem, where she will join her mother and sister Lois. Miss Ino Proctor will accompany Miss Peebles and will visit several weeks at the fair.

Dan Bowman, who left a day or two ago to take charge of the Umatilla county exhibit at the fair, will be joined by his wife, who goes down tomorrow. They will stay in Portland all summer and fall.

F. J. Brandt, a prominent sheepman of the Oyhee country, arrived in Pendleton yesterday for the purpose of purchasing a band of sheep with which to restock his range. Last season Mr. Brandt sold a large quantity of his flocks and is now seeking for Umatilla sheep with which to restock. He expects to pay a good figure.

COMPLAINS OF OUR CORN.

European Merchants Declare it Improperly Marketed.

Under date of May 14, 1905, United States Consul General Guenther, Frankfort, Germany, transmits the following translation of an article which appeared in the Frankfort Gazette of the same date:

"In spite of the numerous complaints which for years past have been made against the sad condition in which Indian corn from the United States arrives in European ports, no improvement has taken place. As the new crop was sold to be of excellent quality recipients of the corn expected it would turn out better, but experience has already shown that this hope is fallacious. Several ports of entry have attempted to have these abuses stopped, but their efforts have been unavailing.

"Recently the chamber of commerce of Crefeld has taken hold of the question and has urgently requested the German Union of chambers of commerce to take action at the convention of the union which is to be held in Berlin May 23. As a preliminary condition to success it is requisite to get all the German, Dutch and British grain ports and produce exchanges to act in unison."

In a communication dated May 18 Consul General Guenther further reports that the North German Lloyd Steamship company states to the press that in order to obviate the bad condition of American corn upon its arrival in port it has caused experiments to be made. These have led to the adoption of the Clayton apparatus, which produces sulphurous acid gas to disinfect and sterilize the grain, and also prevent danger by fire. The experiments upon various small lots of corn showed that the flavor and quality of the grain are in no wise injuriously affected. The Lloyd's steamship Norderney has been equipped with a Clayton apparatus and it found to work as expected the other steamships of the company's La Plata line will be provided with similar appliances.

Shearing is in Progress.

The Lee Bros' clip of wool is being hauled to the city from the shearing plant in four and six-horse teams and is being stored in the warehouse of Hellner's C. & C. company. It is expected that this will be one of the largest clips ever made in Baker county. Other woolgrowers are also clipping and will soon have their wool on the market. Most of the clips have been sold in advance at from 15 to 17 1/2 cents and the market is still on the rise. Baker county wool this year is of superior quality, being free from dirt, owing to the exceptionally fine season.—Baker City Democrat.

Canadian Crop Estimated.

Officials of the Canadian Pacific railroad were quoted as estimating a wheat crop of 125,000,000 bushels for the Canadian Northwest, barring unforeseen accidents. The entire Canadian possessions raised only 84,000,000 bushels of wheat last year and 75,000,000 bushels in 1903.

The purchasing agents for supplies ordered by the Panama canal commission will be Alfred Anderson, at New York; S. E. Redfern, at New Orleans; Major C. A. Devol, U. S. A., at San Francisco; F. H. Harroden, at Tacoma.

LIVES THERE A MAN WITH SOUL SO DEAD THAT HE IS NOT QUICKENED WITH PATRIOTISM AT THE APPROACH OF THE NATION'S

BIRTHDAY

EVERY MAN AND EVERY BOY WILL BE EXPECTED TO LEND A HAND IN CELEBRATING THIS HOLIDAY PROPERLY, WHETHER IT BE AT HOME OR ELSEWHERE.

HAVE YOU GOT ALL YOUR FIXINGS? YOUR HOT WEATHER SUIT? YOUR OUTING TROUSERS? YOUR HAT OR CAP? YOUR SMALL WEAR?

THERE'S SURE TO BE SOMETHING YOU'LL WANT FOR THE DAY WE CELEBRATE, AND YOU KNOW YOU CAN GET IT BEST HERE.

DON'T WAIT UNTIL THE LAST MOMENT—COME WHILE THE PICKING IS GOOD AND YOU CAN FIND WHAT YOU WANT.

JEROME ON THE TRAIL.

Equitable Will be Investigated by District Attorney.

New York, June 22.—District Attorney Jerome has entered into investigation of the Equitable trouble and today wired Superintendent Hendricks asking him to forward at once the official copies of his report. Jerome will make no statement of his intentions.

Governor Higgins has announced that he has notified District Attorney Jerome he stands ready to co-operate with him in case there is sufficient evidence to warrant prosecution of the Equitable officials.

Alexander and Hyde Both Out.

New York, June 22.—Following quickly the institution of a new and independent investigation of the affairs of the Equitable Life Assurance society by the direction of Paul Morton, chairman of the board of directors, came the announcement tonight by Mr. Morton that he had accepted the resignations of James V. Alexander as president and James H. Hyde as vice-president.

These resignations, with those of Second Vice-President Gage E. Turnbull, Third Vice-President George E. Wilson, Fourth Vice-President William H. McIntyre and Assistant Secretary H. B. Winthrop, were placed in the hands of Mr. Morton at the meeting of the board of directors at which he was elected chairman of the board with plenary powers over the affairs of the society. In receiving the resignations the new chairman announced that he would hold them in abeyance until he had time to acquaint himself further with the affairs of the society.

MONOPOLY OF LABOR.

Massachusetts Supreme Court Decides Against Coercion.

Boston, June 22.—The supreme court today handed down a decision holding that any attempt to force all laborers to combine in the unions is against the policy of the law, because it tends to create a monopoly.

Will Retain Organizers.

San Francisco, June 22.—The International Printing Pressmen's convention this morning decided to continue its staff of organizers in the field. The remainder of the session was taken up by routine matters.

The sinking of the British submarine A-8 was caused by the absence of one rivet. Though the hole where it should have been placed, one ton of water entered in 10 minutes, filling a buoyancy chamber, causing the vessel to turn turtle and sink abruptly.

Weber Has Them

Racine Buggies and Hacks

and there are none better or more serviceable.

Bain and Cooper Wagons—built for this climate.

Hodge and Keystone Harvesting Machinery. (Not made by the trust.) All kinds of extras.
