### WORK ON TAYLOR BUILDING.

Elegant New Structure Will Be Ready for Occupancy by August 1, It is Hoped.

The work of placing the timbers and framing in the elegant new Taylor building at the corner of Main and Water streets is now progressing rapidly. The framing is being done in a most substantial manner and it will be one of the best buildings in the Northwest from point of substantial construction. A 50-foot steel girder has just been received for the entire front. This one monster steel girder will bind the two walls together and will be supported by four cast-iron columns. A broad stairway will be constructed in the rear of the building, and an elevator will be installed and the building will be equipped in a modern manner in every particular.

### EXTENSIVE BATH PARLORS.

Every Modern Form of Bath is Now Given in Pendleton.

A recently installed institution in Pendleton, and one that is proving a very popular place is the Warnell Electric and Turkish bath parlors, over the Domestic laundry. The establishment has been run for several months past by Mr. Warnell, but until recently it was exclusively for gentlemen. Now the time has been divided, giving the day until 2 p. m. to ladies, while the time from that hour until 11 p. m. is for gentlemen. Miss Traynor, a graduate nurse, is in charge of the ladies' department. The parlors are equipped with cabinets fitted with electric lights and mirrors, and also with showers, and the treatment given is according to the most advanced methods.

### Y. P. S. C. E. Social.

This evening a general social will be given by the Endeavor society of the Presbyterian church. It will be held in the parlors of the church, and members of the society and other young people of the city are cordially invited to attend.

### GIFT TO STATE OF NEW YORK.

Rockefeller Will Give \$10,000,000 to Education.

New York, June 30.—It is announced this afternoon that John D. Rockefeller has made a gift of \$10,000,000 to the general education board, of which Robert R. Ogden is chairman of the funds for the endowment for higher education. He states the gift is accepted. It is understood Rockefeller contemplates further gifts for this purpose. In the letter to the board authorizing the gift, E. E. Gates, Rockefeller's secretary, says, "\$10,000,000 is to be paid October 1, in cash or in income-producing securities; the principal to be held in perpetuity as a foundation for education; the income to be used for the benefit of such institutions of learning, or employed in such other ways as the board deems best adapted to promote a comprehensive system of higher education in the state. John D. Rockefeller, Jr., with other gentlemen, was instrumental in forming a general education board in 1902 and secured a charter from congress. Rockefeller contributed \$1,000,000 immediately for common schools in the south. The present gift is designed to aid colleges and universities in all sections.

The commission appointed to revise the Haitian tariff laws has recommended sweeping reductions and decreases.

### MUST NOT SWIM IN TOWN.

Marshal Coffman Will Undertake to Stop Improper Customs.

Numerous complaints have been lodged with Marshal Coffman regarding boys swimming in the river within the thickly settled portion of town and especially in the Byers mill race. Consequently, it is the intention of the marshal to hereafter arrest any boys who may be found swimming in those places, even if they are adorned with bathing suits. According to Marshal Coffman there are plenty of places where people may go bathing in the river outside of the settled portion of the town and boys will hereafter be required to go to these places.

### MISSOULA CUT-OFF SURE.

General Railroad Activity Promised in the Northwest.

Senator Dubois, who returned Wednesday from a trip with the congressional reclamation party through Oregon and Washington, brought some very important railroad news says the Boise Statesman.

The senator states he has been shown an official communication announcing that the Northern Pacific will proceed with the construction of the Missoula cut-off from Missoula to Lewiston and will also build to Grangeville. This work is to be undertaken in the immediate future.

Further, the senator was informed that it had been arranged that the Northern Pacific and the Union Pacific should build the north and south road in this state. This will be undertaken in the near future. It is the impression of the senator that the Union Pacific, or Oregon Short Line will acquire the P. & I. N. road and extend it to a connection with a road built southward by the Northern Pacific.

Again, the senator announces he has been informed by the Northwestern people that the line of that company is to be extended immediately 150 miles westward from its present terminus at Caspar, Wyo., and that it is to be built on through this state. While he has no direct information as to the route to be followed in this state, it is his conviction that the line will come through Boise.

The British freight steamer which left San Francisco June 5, 1904, for Liverpool via the Horn, has not been seen since July 10, 1904, and is supposed to have gone to the bottom from unknown causes, with all the crew.

The demand for Oregon lumber, especially fir—is growing rapidly along the Atlantic coast.

## MALARIA IN THE SYSTEM

Holly Springs, Miss., March 24, 1903: While building railroads in Tennessee some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. I. McGowan

I suffered greatly from Boils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZIEGLER, 217 Read St., Evansville, Ind.

I began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria. Arkansas City, Ark. C. C. HEMINGWAY.

Boils, abscesses, sores, dark or yellow spots and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

### WORSE EVERY YEAR.

Plenty of Pendleton Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't other kidney ills follow. Urinary troubles, diabetes, Bright's disease.

A Pendleton citizen tells you how the cure is easy.

Mrs. J. Brynk, who lives on Star street, says: "Doan's Kidney Pills are a grand medicine, as I know from experience, and I have no hesitation in saying that any sufferer from backache or other kidney troubles who will give them a fair trial, will be more than satisfied with the results. I suffered for three or four years with pains in my back, which became acute when I attempted to bend over, or lift anything. Besides, I had rheumatism or lumbago in my left arm so bad that I could not raise it above my shoulder without assistance from my left hand. I saw Doan's Kidney Pills advertised and got a box at the Brock & McComas Co. drug store. When I had used three boxes, the backache had vanished and with it the rheumatic pains through my arms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
