

# A FARMERS' WAREHOUSE

NOW CONTAINS 120,000 BUSHELS OF GOOD WHEAT.

Was Built Last Summer—Is 80x110x14 Feet in Size and Built and Operated on the Co-operative Plan—Is the Culmination of Five Years of Agitation—Cat Gives Birth to Five Living Kittens All Joined Together, Four of Which Are Now Living.

Milton, Oct. 8.—For the past five years the farmers of this section of the country have been talking about building a warehouse, but never took any definite action until this summer.

A meeting was called and a farmers' union for storing their own grain was organized. A committee was appointed to look after the probable amount that would be stored, and build accordingly. The result of this is that they have a building 80x110x14 feet full to the top. The receipts show that there are something over 120,000 bushels of the best wheat in the country, all under roof, and no one to dictate what shall be done with it, and subject to the price that the market affords.

### A Cat Freak.

Samuel Thomas, an old resident of Milton, is the proud owner of a pussy cat that gave birth to five kittens last week that were all grown together.

The first two were attached together on the belly from the fore legs down, each having all the necessary appendages and equipments that any cat has. The first one of these had its left fore foot grown fast to the third's throat. The second one of the double ones was attached to the fourth by the right fore foot of the former and the left of the latter. The fourth and fifth had two of their hind legs grown fast from the lower joint down.

One kitten has a web foot, and one only three legs. Otherwise all are perfectly formed. The one that had a foot fast to its throat died, and had to be amputated. It was only grown to the skin.

Those who have seen the freak think that all will come apart in a few days, as movements of the kittens seem to irritate the parts attached. Whatever the result is, the freak is one of the greatest curiosities. Should they remain as born, Mr. Thomas' fortune is made.

### NOT FOR CONGRESS.

Robert G. Smith, of Josephine, Not a Candidate.

Robert G. Smith, of Josephine county, familiarly known at the last session of the state legislature as "Josephine Smith," declares that under no circumstances will he be under no circumstances will he be a candidate for congress in the next campaign, says the Oregon Daily Journal. Smith was the recognized

### Nasal CATARRH

In all its stages. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is hot drying—does not produce sneezing. Large Size, 50 cents at Drug stores or by mail; Trial Size, 10 cents. ELY BROTHERS, 56 Warren Street, New York

leader of the democratic minority in the house at the last legislative session, and he has been regarded since that time as the probable nominee of his party for representative from the first district. He arrived in Portland last evening, and in the course of a conversation on this subject defined his position in plain terms.

"I am out of the congressional race altogether. I shall not be a candidate," he added the explanation: "I have too much important business to attend to, so that I could not afford to make the campaign."

"Would you accept the nomination if it were given to you at the primaries?"

"No; I am absolutely out of it. I shall not be a candidate. I hear that H. H. Giffrey, of Salem, the reading clerk in the United States senate, may seek the democratic nomination, but I do not know."

Smith is said to be interested in some important enterprises in Southern Oregon which are absorbing his time to the exclusion of politics. When asked whether he would seek another term in the legislature, he replied that his plans for the future were unsettled.

"I might move to Portland and take a hand in politics up here," he added with a smile.

### MAYOR OF FRANKFORT, KY.

Tells What Vinol is Doing in the South.

"To Whom it May Concern: For the benefit of the people of Pendleton permit me to say a few words in the columns of the East Oregonian endorsing the peerless merits of that modern cod liver oil preparation—Vinol.

"For years I suffered from indigestion, stomach trouble, and general nervous debility. I had spent lots of money with different doctors and tried all kinds of medicines, but without any benefit whatever.

MAYOR DARNELL.

"Some of the city officials and prominent citizens here called my attention to what Vinol had accomplished for them, and induced me to give it a trial. I must confess that it certainly worked wonders for me. It was delicious to take and did not upset my stomach like old-fashioned cod liver oil and emulsion; it gave me a hearty appetite, cured my stomach trouble and strengthened and invigorated my entire system. I wish every sick person in Pendleton would try this great cod liver oil preparation, Vinol." J. S. Darnell, mayor of Frankfort, Ky.

Mr. Brock of Brock & McComas Co., our local druggists say, "The above letter is perfectly genuine, and we endorse all Mayor Darnell says. We guarantee Vinol to increase the appetite, cure stomach troubles, renew the vitality of the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or we will return to the purchaser every dollar paid for it." Brock & McComas Co.

## ALBA NEWS NOTES

### HEAVY RAINS HAVE BEEN OF VERY GREAT BENEFIT.

Large Numbers Have Visited the Fair With Profit and Pleasure—Sawmill is Running With Full Crew—Four Hundred Head of Stock Steers Sold at \$2.75 Per Cwt.—Alba School is Running—Fall Range is Improving Rapidly.

Alba, Oct. 8.—The earth has been moistened by heavy rains for the past two days, making the grass start up in good shape.

Herbert Thompson and wife started for Portland this morning.

The Alba sawmill is running with a full crew. Lumber has been in great demand this fall.

Four hundred head of 3-year-old steers were sold here last week and were driven to Echo and Birch creek to be fed for winter beef. The price paid was \$2.75. They were weighed at the Ukiah stockyards.

Professor Uret is teaching the Alba school.

A large number of people from this neighborhood have visited the fair at Portland and all have reported that the money was well spent.

### SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomel Four Times a Day and Be Cured.

If a few years ago someone had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed, and it remained for that eminent investigator, R. T. Booth, to discover in Hyomel this method of cure. Hyomel has performed almost miraculous cures of catarrh, and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomel costs \$1, and consists of an inhaler, a medicine dropper, and a bottle of Hyomel.

Breathe Hyomel through the inhaler for a few minutes four times a day, and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and last cure.

In Pendleton there are scores of well known people who have been cured of catarrh by Hyomel. If it does not cure you, Tallman & Co. will return the money you pay for Hyomel. This is the strongest evidence that can be offered as to their faith in the remedy.

### Plans to Get Rich

They take out the materials which are clogging your energies, and give you a new start. Cure headache and dizziness, too. At Tallman & Co. and Brock & McComas' drug stores; 25c. guaranteed.

### Haines is Growing.

There was filed yesterday morning in the office of the county clerk a plat of the new addition of Hammond to the town of Haines for approval by the county court.

It is evident from all reports and from the personal observations of Baker City visitors to Haines that that burg is growing at a very rapid pace. It has now two or three large commercial houses which would be a credit to any city of 6000 people. These houses are supplying neighboring mines and ranches at wholesale and retail with immense quantities of goods, and are working up a trade that promises in the future to be a most important one. The little town itself is growing, new houses are going up and the new town plat is the result of this general growth.—Baker City Democrat.
