

Better Than a Bank

A bank allows you four per cent interest on deposits left in their possession six months or more. We do better than that. You spend the money and we allow you 19 per cent besides.

HOW?

We give a 2-3 cent premium ticket, or 10 per cent, on every twenty-five cent purchase of Teas, Coffees, Spices, Extracts, Baking Powder, etc. Besides we give you better Teas and Coffees. Try us and be convinced. You can buy as good extracts and spices of others. We do not claim any better, but we do save you 19 per cent. Are you so rich that that is not an item? We think not.

Owl Tea House

The Place

Business College Notes

The Business college was moved on New Year's day to better and more commodious quarters in the center of town. It now occupies the whole second floor of the Hendricks building at the corner of Main and Webb streets. The rooms have been rearranged and improved and we now have the best location in the city for the college. Students on every hand are delighted with the change, and the constantly increasing attendance is evidence of the appreciation of the school.

Victor Mason of Bickleton, Wash., and May McBroom of Gardane, returned to their work this morning. Nearly all of the students are now back from vacation.

Roy Alexander enrolled this morning for penmanship.

Miss Anna Cate is ill at her home in Gardane, but hopes to return to her work here in a few days.

Don Morse will enroll with us tomorrow morning.

V. White of Mt. Angel, Ore., is with us for a thorough course in shorthand. Mr. White took his bookkeeping course in Portland.

Among the recent arrivals were Everett Stubbfield of Wallowa, in the shorthand department. A. S. Johnson of Alboel, and Ben Neil of Wild Horse, in the bookkeeping department.

The penmanship was graded last week by the Teutsch Department store. The gold medal will be awarded on their decision, but we have not yet heard who is the lucky one.

Some who are acquainted with the work of the business college, the breadth of courses, the high standard required for graduation, and the high standard maintained in all departments of the school, should be interested to know that no school in the country maintains broader courses, has higher requirements for graduation or maintains a high standard of scholarship than does the P. B. C. Although students of any grade are

Where Two Years Meet

At the beginning of the new year we desire to thank our customers for the trade and good will extended us during the past 12 months.

The year 1905 was one of the most satisfactory we have ever had, both in amount of business and in the pleasant relations existing between ourselves and customers.

We endeavor to so conduct our business that each customer will be a satisfied and loyal one, and the past year has produced evidence that we enjoy the confidence and good will of our trade.

We trust we may merit a continuance of these favors for we shall in the coming year as in the past, make every effort to conduct a drug store that will appeal to all.

We extend to all our friends best wishes for a Happy and Prosperous New Year.

HARDWARE AND IMPLEMENT MEN

MEET TO ORGANIZE A COUNTY ASSOCIATION.

Temporary Organization Was Effected Followed by an Intermission—Movement Started by G. W. Proebstel of Weston—Projectors Disclaim All Intention of Advancing Prices—Credits, Freight Rates and Transient and Outside Competition Will Be Considered.

Today the hardware and implement dealers of Umatilla county have been in session here, the meeting being called for the purpose of forming a permanent county organization.

This forenoon the first meeting was held in the rooms of the Commercial association, and a temporary organization formed. The meeting was called to order by G. W. Proebstel, of Weston, and upon motion of A. J. Goodman, Mr. Proebstel was made temporary president. L. W. McAdam was named as temporary secretary. After a short informal session it was agreed to meet again at 3 o'clock.

The movement for the organization of a county hardware and implement dealers' association was started by G. W. Proebstel, of Weston, and the convention today was the result of his efforts.

"It is not the intention of the association to seek to advance prices," said one of the members after the meeting this forenoon. "But to have an organization in which the dealers of the county may get together on other subjects. Among the things that will be taken up will be the matter of credits, freight rates and transient and outside competition."

Those in attendance at the meeting today have been as follows: G. W. Proebstel, Weston; C. A. Barrett, W. D. Chamberlain, Athena; A. Wright, Freewater; Mr. Allen, Milton; L. W. McAdam, Echo; W. E. Brock, A. J. Goodman, W. J. Clark, Fred Weber, R. H. Wilcox, John Nielson, Pendleton. Other local men would have been present had they not been absent from the city.

MEDALS FOR EMPLOYEES.

Oregon Short Line Gives Prizes for Best Kept Grounds.

General Superintendent E. Buckingham of the Oregon Short Line, today announced the winners of medals awarded as a result of the November inspection of the short line system by a party of 20 officials of the company, says a Salt Lake dispatch. E. P. Shaw, station agent at Nampa, Idaho, wins the gold medal for having the best kept station on the system. John McEntee, roadmaster of the Salt Lake-Ogden district, gets the gold medal for the best roadmaster's district, and Walter Reed, section foreman at Farmington, Utah, gets the gold medal for the best kept section.

Silver medals were awarded for the best kept sections in each district of each division, including the following: Idaho division, first district, section 17, A. Larsen, foreman; second district, section 15, George Munns, foreman; third district, section 50, Fred Sutter, foreman; fourth district, section 60, J. Williams, foreman.

WHEAT OUTLOOK EXCELLENT.

C. A. Barrett Brings Encouragement From Athena.

C. A. Barrett, the well known Athena merchant, has been in the city today attending the hardware dealers' meeting. In speaking this morning of the conditions in his part of the county, Mr. Barrett said: "Seldom is the farming outlook at this time of the year as favorable as it is at present. There was considerable moisture during the fall, and to this has been added the snow which has fallen within the past few weeks, but which is now all melted. As a result the wheat is doing splendidly, though it is not so far advanced as has been known at this season."

Regarding county politics Mr. Barrett says that so far but little interest has been taken by his townsmen, and there is not much political discussion. There is a general desire, he says, to wait until the situation has developed more fully. So far no candidates for circuit judge have appeared from the Athena bar.

STRIKING COMPARISON.

Pendleton's Revenue From Sated Sources Ten Times That of Walla Walla.

There is an astonishing difference between the incomes derived from the police departments of Pendleton and Walla Walla. In a letter just received by Marshal Coffman from Chief Alvah Brown of Walla Walla, the total receipts from fines and forfeited bail at Walla Walla during the past year is given as \$1125.50.

In Pendleton the sum of \$11,535.90 was derived from such sources during the past year. Of this amount about \$5000 was from petty offenders such as drunks and those guilty of disorderly conduct. The remainder was divided about half between fines from gamblers and keepers of bawdy houses. In Walla Walla no regular fines are imposed upon the latter places.

COST OVER \$21,000.

Final Payment Made on the Eagles' Building.

On Saturday afternoon the final payment upon the Eagles' building was made to Contractor Gibson. It was for the sum of \$5825, and upon the payment being made the bondsmen were released. The entire cost

of the new building and land amounts to \$27,740.55, of which sum \$6532.95 was paid for the land, thus leaving the cost of the building a little over \$21,000.

Family Sent to Kansas.

Mrs. Durusha and five children, who have been in the county hospital for some time were sent to Kansas City last evening by Manager J. B. McBill of the poor farm. The family has been particularly unfortunate, the father, A. Durusha, having died in the county hospital some time ago. Since his death several of the children have been afflicted ill, and Mrs. Durusha requested to be sent to Kansas City, from which place they will go to Attoona, Kas., where relatives reside.

Mrs. Pierson to Kansas.

Mrs. W. E. Pierson of Uklah, left last evening for Fort Scott, Kas., where she has been called by the serious illness of her father, who is not expected to live. Her stay in Kansas depends upon the condition of her father, but she will probably remain there for a month at least. Mr. Pierson, who accompanied her to this city, will leave in the morning for his home at Uklah with a load of supplies. Sleighing is good in that part of the county, there being several inches of snow all over the country.

Fell and Broke His Arm.

George Weigel, a salesman for a clothing concern, had an arm broken near Pilot Rock Saturday afternoon. At the time he was driving along on an apparently smooth road, when in some manner he was thrown from his hack and fell upon his left arm. The arm was broken just above the wrist and also his left thumb was dislocated. Yesterday morning the injured man was brought to Pendleton, and left on the westbound train for his home at The Dalles.

Will Irrigate 1000 Acres More.

W. T. Shaw, of Hudson Bay, is in the city today on a business and trading trip. He has just recovered from a three weeks' siege with stomach trouble. He says the irrigation litigation in the Hudson Bay district will not affect the land owners under his ditch and that practically 1000 acres additional will be brought under irrigation by this ditch next season.

Old Clothes Wanted.

Old castaway clothing which you are thinking of throwing away will be received at Salvation Army headquarters at 610 Bluff street, from where it will be distributed to poor families in need of it. Every attention is given to this distribution and all of the old clothing can be used. Please do not throw it away, but save it and it will be called for and placed where it will do good.

Little Snow on McKay.

A. M. Isaacs, the well known McKay creek stockman and farmer, has been in the city today. He states that there is no snow in his section at present, although the elevation is greater than here. The snow that has fallen has been melted by Chinook winds, and as a result it has been necessary for stockmen to do but little feeding.

Special Meetings for Four Nights.

Special prayer meetings will be held at the Thompson street M. E. church for four nights this week, beginning tonight, preparatory to the series of revival meetings which will begin at this church next Sunday. The meeting which will begin next Sunday will perhaps last three weeks.

Drew Pinnola at Donaldson's.

Miss Ellen Blue, daughter of A. D. Blue, drew the \$300 pinnola offered by the Donaldson pharmacy. Number 1737 was the fortunate number, and it was presented today by Miss Blue and the prize was immediately awarded her.

"Girl From Sweden."

Last evening the "Girl From Sweden" company arrived on the east-bound train. After passing the night the troupe left on the north-bound train this morning to fill engagements before returning to Pendleton next week.

In Police Court.

In police court this morning Willie Crow, Mrs. Chapman, (Indian), and Frank George, were charged with drunkenness. The usual sentences were given the first two while \$5 bail was forfeited by the latter.

Golden Rule in the Eagles' Building.

Messrs. Garret & Cople of the Golden Rule store, have rented the west room on the first floor of the Eagles' building, and the remains of their stock will be moved there and placed on sale.

Card of Thanks.

We desire to thank all our friends and neighbors who so kindly assisted us during the sickness and death of our beloved son, Victor.

MR. AND MRS. T. A. HODGSON.

"BARON" WANTS HIS RIGHTS.

Illustration of the "Things" to Which American Girls Are Married.

Because he is a baron, the world, or at least his father-in-law, owes him a living, is the creed of a dapper, diminutive, debonaire German who calls himself Baron Max Selgfried von Schwedler Schwartzenburg, says a Cleveland dispatch. He has just come here to demand his "rights" of Phil J. Keidel, a wealthy grocer, whose daughter he married.

The baron wants to be supported. Miss Keidel met the man abroad, he says, and was married to him nine years ago. He claims it caused him to be disinherited. A separation took place about a year ago because they had no money and the baron did not work.

"What could we do?" says the baron. "I cannot maintain a family, I have no trade. My father-in-law allowed us all the money we needed during the first year. We spent considerable time in Paris and Monte Carlo. I recall now, as I speak of it, that I lost \$12,000 at the Casino while there. But that was a mere bagatelle." At last accounts the father-in-law seemed indifferent to the alleged value of titles.

RICH IDAHOAN DEAD.

Dan McGinnis, Turfman, Left Large Estate to Widow.

Dan McGinnis, the famous Idaho cattle and horse man, who died on December 29 in Los Angeles and whose remains were buried in this city Friday, left a will bequeathing to his widow the bulk of his large estate, says the Boise Statesman.

The estate is said to be a very wealthy one, consisting for the most part of cash and negotiable paper, although the 1000-acre Elmore county ranch is rated as a valuable asset. Mrs. McGinnis is named by the will as executrix. The will has not yet been

admitted to probate, and will not be until the widow and her counsel returns to Elmore county, where the bulk of the estate is located.

J. C. Leary of Salt Lake, manager of the United Stockyards at that place, and an old-time friend of the deceased, is authority for the statement that the cash left by McGinnis, which is represented by certificates of deposit in the Elmore county banks in which the deceased was a heavy stockholder will reach a grand total of \$147,000.

The realty holdings and his personal property, which is largely represented by a string of race horses and a herd of pure blood Hereford cattle on the home ranch near Glenn's Ferry, will bring the aggregate value of the estate to over a quarter of a million dollars.

Buy's Site of Forestry Building.

After a short wrangle yesterday the city council passed an ordinance appropriating \$14,000 to purchase two acres of ground as a site for the forestry building at the Lewis and Clark exposition. In all probability Mayor Lane will sign the ordinance, says the Oregon Daily Journal. Councilmen Rushlight, Kellahey, Sharkey and Menefee opposed the purchase of the building, contending that the \$14,000 could be expended in some other channel that would be of greater benefit to the people. When they said that they would be defeated they attempted to reduce the appropriation to \$10,500, which would purchase only one and one-half acres of land, which they said would be sufficient. They failed to carry this point and then attempted to postpone action for two weeks, but this also failed.

Near Florence, Ore., Paul Bease, 15 years old, pointed a shotgun at Frank Anderson, aged 10 years, thinking it was not loaded, and pulled the trigger. The load struck the Anderson boy in the abdomen and he died two hours later.

SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. Book with information about Scrofula and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and as a dying man will grasp at a straw, I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months, which entirely cured me.

Montgomery, Va. W. H. STOCKTON.
