ARE ON THE RESERVATION.

Caldesac Buildings Intrude on Indian Land.

While the Northern Pacific surveyors were cross-sectioning the town today to establish a right of way line, it is reported that discoveries were made which developed the fact that a number of property owners have been living on Indian reservation land, says the Caldesac Register. This property is all included in the platting of the limits in the official maps of the city.

The surveyors started running their lines from Mellon's addition on the north side of Lapwal creek and found that the right of way run by them deviates from one of the city plats, and after cutting through the center of Mr. Crowwell's residence, goes into Lapwal creek.

Following are the names of the property owners said to be affected by the reported discovery: Theodore Wright, A. J. Greene, E. F. Bemis, C. B. Updegraff, John Green and Mr. Lawrence. Aside from these there is a \$5000 brick school house which is also said to be constructed on Indian land. These people who are affected by the reported irregularity in the limit line, have been paying taxes on the land.

Athletics Are Profitable.

For the first time in the history of the University of Oregon, the football team and the glee club are in good financial condition, both organizations now being out of debt and having funds in their treasuries. The glee club makes three trips each year, each trip lasting about 10 days. One trip is made to southern and one to eastern Oregon and one to the Willamette valley counties.

Repairing Tracks.

A crew of about 30 Japs and Greeks is now at work repairing the tracks in the O. R. & N. yards in this city. The yards and tracks will be put in first-class repair for the year.

O. R. & N. Offices Painted.

The inside of the O. R. & N. depot and offices has been newly painted and is now very attractive.

Does Food Distress You?

Can't you eat what you like without having to suffer for it? You can if you will take

F & S Dyspepsia Tablets

They cure all forms of indigestion, dyspepsia, etc. The trouble with you is that your food lies in your stomach and ferments instead of going through the ordinary process of digestion. They overcome this condition and establish the normal functions of your digestive system. For sale by

WINSLOW BROS.

THE OLD-FASHIONED WAY

of cleaning a watch or clock was to lubricate the works with coal oil. Did all right for the half turns our grandfathers carried.

Fine watches need careful handling. Particles of dust must be removed piece by piece. Each minute wheel must be freed from anything which would retard the movement.

We clean and repair watches and clocks thoroughly. By having them adjusted frequently years are added to their life.

JEWELERS AND OPTICIANS. Postoffice Block.

A person who has a savings account is in a measure a public benefactor, because in his modest way, he does his share to increase the amount of money per capita in active circulation. The person who does not keep a savings account, but hides his money in our-of-the-way places, withdraws that money from circulation and thereby retards the full growth and prosperity of the country, and also robs himself of a legitimate income.

Commercial National Bank Pendleton, Oregon

EAGLES' BENEFIT

VARIED PROGRAM WILL BE GIVEN NEXT SUNDAY.

Rendered in Their Hall and During the Evening, Opening With a Band Concert—Vocal Renditions by Some of the Finest Singers of the City—Illustrated Songs and Clog Dancing and Banjo Playing—The New Drop Curtain Will Be in Use Sunday Evening.

On next Sunday evening the Eagles' band will give a program in their hall for the purpose of raising funds with which to further equip their organization.

At the opening of the entertainment a concert will be given by the band, and following the same a vocal selection will be rendered by Miss Elizabeth Kinross. Also, Misses Effie and Phyllis Parkes and Miss Nina Maple will sing. Two of the parties who are here for the coming Eagles' carnival will give an exhibition of clog dancing. Messrs. Lawrence and Larkins will render a duet, and illustrated songs will be given by K. J. Taylor and Richard Lawrence, while a banjo selection will be given by O. Larkin. Several instrumental solos will be played by different members of the band.

A new drop curtain has been provided for the Eagles' hall and will be in use Sunday night, and also will be available for initiatory work by the different lodges meeting there.

JAIL CONTRACTS AWARDED.

Walla Walla Will Construct New Buildings Costing \$33,242.

The Pauly Jail company, represented by Glass & Prudhomme, of Portland, was awarded the contract for furnishing the cell work for Walla Walla county's new jail at this afternoon's meeting of the commissioners, says the Walla Walla Statesman. The board took plenty of time to consider the bids, finally deciding that the Pauly people offered the best proposition, not only in matter of arrangement, but in the style of construction, material and locking devices.

The bid price by the company, calling for inch and a quarter bars and the latest type of locking device, was \$11,617, which will bring the total cost of the new jail complete up to \$33,242. Counting the extras that the commissioners decided upon the bid of the Pauly people was only about \$1069 higher than the lowest bid submitted, which did not fill the requirements of the specifications prepared by Architect Osterman.

SNOW RAPIDLY MELTING.

Warm Days of This Week Diminishing the Snow on the Mountains.

Unless there is a heavy fall of snow later in the year, there will be but little high water this spring and little snow left to swell the streams used in irrigating.

There is but a little over a foot of snow left out of the timber on the summit of the mountains while in the heavy timber there is but two feet and it is now rapidly melting.

The snow which is now lying on the mountains fell early in the winter and one time there was five feet at the summit. Should no more snow fall at the head waters of the streams, there will be a decided scarcity of water for irrigating purposes this season.

VISITED MASONIC LODGES.

Judge H. J. Bean Custodian of Secret Work, Instructs Masonic Bodies in Ancient Usages.

County Judge H. J. Bean, who is custodian of the secret work and instructor of Masonic lodges for the eastern Oregon district, has just visited the lodges at Weston, Athena and Helix in an official capacity and will extend his visits to other lodges as he can spare the time.

Judge Bean was appointed at the last session of the Oregon grand lodge to perform this work. He is one of the best posted men on Masonic usages and secret work in the state and his jurisdiction extends over all the territory east of the Cascade mountains.

DISTRIBUTING LITERATURE.

Charles J. Gray, of the Northwestern Lines, Placing Advertising Matter With the Public.

Charles J. Gray, traveling freight and passenger agent for the Northwestern lines, is in the city today distributing some excellent descriptive reading matter concerning the road, and its tributary country.

The Northwestern is pushing rapidly westward and within a few years hopes to reach the Pacific coast, according to statements made in the east. It has been one of the civiliz-ers of the central states and the little booklet describing its progress through Illinois, Iowa and the Dakotas is highly interesting as a comparative study of settlement.

SUIT FOR DIVORCE.

Plaintiff Alleged Cruel and Inhuman Treatment.

Marla Redford has commenced suit for divorce from Edwin Redford and in the complaint filed today by Carter, Raley & Raley it is claimed the defendant has acted in a cruel and inhuman manner towards the plaintiff for two years past. Among other things he is alleged to have struck her, called her vile names and to have repeatedly told her that he wished she would get a divorce from him, also, that Laura Pierce was ten times better than she, and that at various times his conduct towards

Laura Pierce was such as to be unbecom- ing in a married man.

It is claimed by the plaintiff that the defendant owns property in Pendleton valued at \$2400, also that he has \$1000 in money and of this the wife demands her share. Likewise, \$250 attorneys' fee is asked.

APPRAISING CAMERON ESTATE.

Believed He Left an Estate Valued at About \$35,000.

This afternoon the property of the late James Cameron, who died in California, is being appraised by J. F. Hill, E. L. Smith and A. Zueske, who were recently appointed to do so by the county judge. It is said the total value of the property left by the deceased will be in the neighborhood of \$35,000. James McEachern of Helix, is the administrator. The appraisers' meeting was held in the office of Carter, Raley & Raley.

Mission School Prospering.

Father Neate of St. Andrew's Catholic mission school on the Umatilla reservation was in the city today in the interest of the school. There are now about 95 in attendance and the health of the pupils has been very good all winter.

Glee Club Tonight.

The University of Oregon Glee and Mandolin clubs promise to give an excellent performance at the Frazer tonight. The company consists of about 30 members and is just returning from a tour of eastern Oregon, where it has met with flattering success. The seat sales for today indicate that it will be well patronized in this city.

TRACK DATES FIXED.

May 4 the Date for Associated Students Meet.

Manager Harold Ellis, of the track team, announces that the Associated Students' track and field meet will be held in Walla Walla on May 4, with the Washington State college, and that the missionary team would go to Moscow either May 16 or 18, and meet the University of Idaho on the track, says the Walla Walla Bulletin. Another big intercollegiate track meet to be held in this city about June 1 is being planned and all the academies and high schools in the state will be invited to attend. Meets of like nature have been held here before, lasting two or three days and have been very successful. The interest aroused in the academic games is as great as in collegiate contests.

Manager Allen, of the baseball team, announced that three games have been scheduled with Washington State college at Pullman, two are to be played here and one at Pullman. Two games will also be played with the University of Idaho.

While the arrangements with the universities and schools on the sound have not been definitely arranged, games will be played with them and the schedule will be made in a short time.

It is the intention to play several games here and also to have the Whitman team make a trip to the coast to meet the Sound teams on their home grounds. The University of Washington is planning to make a tour of the inland empire as they have done in the past years, and on this trip will meet the Missionaries.

Idaho is expecting to make an extended trip through the states of Oregon and Washington.

Linen From Ireland.

Two large boxes bearing many custom house marks were standing on the sidewalk in front of the store of D. T. Kyger on Saturday as a reporter chanced to be passing that place of business, says the Walla Walla Bulletin. Inquiry revealed the fact that they contained 800 pounds of pure Irish linen, imported direct from Belfast, Ireland. The duty alone on the goods amounted to \$281.

Mothers! Retain Your Youthful Figures.

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbirth is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form divine than any other natural function.

MOTHER'S FRIEND

is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason. It is a liniment, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend. \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women. P. B. C. WON AT BASKET BALL.

Score 17 to 14 in Favor of the Business College Team.

Last night the basket ball team of the Pendleton Business college won from the high school second team by a score of 17 to 14. However, throughout the most of the game the score was favorable to the high school boys, and victory was snatched from them by several successful throws made by the Business college team near the close of the second half.

In the game last night the Business college team had the advantage of age and experience, several of their players being members of the Commercial association team, while Physical Director Wilson also played with them. In view of this the second team certainly did well to hold their rivals as they did.

The line-up of the teams was as follows:

High School Seconds—Cooly, center; Means and Johns, guards; Bolterman and Dickson, forwards.

Business College—Wilson, center; Rever, White and Goodell, guards; White and Penland, forwards.

For the high school team five points were made by Cooly, five by Dickson and four by Bolterman. White made eight points for the Business college, Penland, two, Wilson, two and Woodell two. One point was awarded the mon a foul.

Bids for Hotel at Maxwell. Bids for the construction of the proposed hotel to be erected by the Maxwell company at Hermiston, will be advertised for next week. Architect C. E. Troutman was at Hermiston yesterday looking over the location for the building.
