**TORTURE**

Seeing is Believing

ARE THESE CURES PERMANENT  
Read and be Convinced.

This is to certify that I have been a helpless cripple for two and a half years from that giant disease, rheumatism, and was in bed part of the time, and for two years was compelled to walk with crutches. Dr. Ward treated me at the opera house August 2, 1905, and broke my crutches at the Opera house without them and I continue to walk and am feeling fine, have no more use for crutches. I take pleasure in recommending Dr. Ward to the public.

(Signed) M. T. CARLTON.  
Boise, Idaho, August 5, 1905.

To Whom It May Concern: "I was treated by Dr. Ward at the opera house, August 5, 1905, for deafness. Have been improving since. I now hear as well as I ever did, and shall ever be grateful to Dr. Ward for curing me."

(Signed) H. M. COLLINS.  
Boise, Idaho, August 5, 1905.

Voices of the skeptical are hushed for they must now believe that this man is a wonder, for they now see what he can really do, and "what the eye sees the heart must believe."

DAYS

## OREGON SOCIALISTS

FULL STATE TICKET  
HAS BEEN NOMINATED.

Platform Outlines Socialistic Principles—Demands Equal Suffrage for Men and Women, Justice and Full Rewards for the Laborer and Laws Regulating the Encroachments of Monopoly.

The socialists of Oregon will be in the field with a full state ticket this year and are making a vigorous campaign. The socialist vote in the state at the last election was 6419 for the candidate for supreme judge. This vote was an increase of 23 per cent over the vote of two years previous. Estimating that the socialists make 23 per cent gains this year, the total vote at the coming state election would be 7295. It is very probable that more than 23 per cent increase will be witnessed this year, since the Portland labor unions have largely adopted socialism and railroad employees are turning to that political faith in large numbers.

Following is the state ticket, which has just been nominated in Portland: Governor—C. W. Barzee, The Dalles.

Secretary of State—R. C. Brown, Roseburg.

Treasurer—G. B. Cook, Portland. Superintendent of Public Instruction—J. C. Hosmer, Marion county. Labor Commissioner—W. J. Richards, Albany.

Attorney General—C. E. Brix, Prineville.

State Printer—J. C. Cooper, McMinnville.

United States Senator (long term)—A. O. Simola, Portland.

United States Senator (short term)—J. D. Stephens, Portland.

Congressman (first district)—W. W. Myers, Oregon City.

Congressman (second district)—A. M. Paul, La Grande.

Platform Adopted.

The following state platform has been adopted: We, the socialist party of the state of Oregon, in convention assembled, proclaim our allegiance to the socialist party of America and affirm our unflinching adherence to the principles and program of the international revolutionary socialism. We base our appeal upon the following declaration as our platform principles:

1. Labor produces all wealth.  
2. Labor's share is a mean and uncertain portion of its products.  
3. The capitalist class appropriates products of labor by the private ownership of the means of production and distribution, by and through the wage system, being thus enabled to live in idleness and luxury.

4. An inevitable class war is created by the appropriation of labor's products.  
5. The class struggle must continue so long as the profit system endures.

6. The most efficient and potent weapon with which the people can successfully oppose the capitalist class is the ballot.  
7. If elected to any office the socialist's one and only consideration shall be the working class—is this legislation favorable to the working class? If not, I am against it.

8. We declare in favor of the equal suffrage of men and women.  
9. In conclusion, we appeal to all workmen to study the principles

of socialism, to vote with their class at all elections, until they overthrow the powers of capitalism and terminate forever the class struggle and inaugurate the co-operative commonwealth, based on the fundamental principle: "To every worker the full product of his labor."

**Doctors Are Puzzled.**  
The remarkable recovery of Kenneth Melver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and La Grippe. Guaranteed at Tallman & Co.'s and Brock & McComas drug stores. 50c and \$1.00. Trial bottle free.

**FOR A GREATER WEST POINT.**  
Proposed to Add 250-Acre Island to the Reservation.  
West Point, N. Y., March 16.—The purchase of Constitution Island, in the Hudson, as an addition to the military reservation of West Point, has been recommended by the secretary of war in a letter to congress. Secretary Taft at the same time submitted reports from officers of the war department and from General Mills, superintendent of the academy, to show that the academy needs more room. He recommended that an item be incorporated in the Military Academy appropriation bill for \$175,000 to purchase the island.

The island is at the bend of the Hudson, opposite from here and only about 300 yards distant. Its area is 250 acres and it has long been the property of the Warner family. On the island are the remains of the breastworks begun in 1775 and completed later by Kosciuszko.

General Bates, chief of staff, in a report says: "There is every reason for the government making a purchase of the island, and none for not making it. The present owner is an aged woman who for sentimental reasons has always refused to sell an acre of her property to private parties, preferring to live undisturbed in her home; and now, as the property must soon pass into other hands, her one wish is to have it go to the government."

It is proposed to use the island, if purchased, as a drill ground in practical military engineering, and especially in exercises in pontooning, rowing across the river to the pontoon site on the east bank, according to the war department authorities, will afford useful and additional practice for the troops.

**Have You Dyspepsia, Indigestion?**  
If today you suffer from indigestion, sluggish liver or impure blood, and you were told of a preparation which would cure you at a small cost, would you try the remedy? There is a medicine—Green's August Flower. Go to your druggist's and buy a test bottle for 25 cents, or the regular size for 75 cents. If you have used all other dyspepsia remedies without satisfaction, or if you have never used any preparation for these distressing affections; if you have head ache, biliousness, loss of appetite, sleeplessness, nervousness, or any disorder of the stomach or liver, cure yourself quickly by using the infallible August Flower. It is not an alcoholic stimulant, but quite harmless for general use. Get a copy of Green's prize almanac. Tallman & Co.

**SOME BIG AUTO FIGURES.**  
Annual Increase in Production About One-Third.  
New York, March 16.—Some statistics of unusual interest concerning the automobile industry in the United States have just been brought out in the litigation over the Seidel patent. According to official figures, as sworn to in the United States circuit court the total number of vehicles manufactured and imported under licenses from January 1, 1903, to January 1, 1906, was 41,996. The valuation of these cars was \$63,141,437.22, and the royalties paid on them to be licensees was \$314,182.52. All of the figures given represent cars actually sold.

The increase of production in 1904 over 1903 amounted to 20 per cent in the number of vehicles and the increase in the value of the gross sales was 53 per cent. The increase of 1905 over 1904 in the number of vehicles was 32.5 per cent, while the increase in the value of the product sold rose to 66.2 per cent. The total business, according to the testimony, amounted to 17,849 vehicles, having a valuation of \$21,814,758.99.

According to these figures the average selling price of automobiles in 1903 was \$1,170; in 1904 it was \$1,422, and in 1905, \$1,784. The average selling price for imported cars for the three years was \$6710.

**Horse Sale a Success.**  
The Ennis mule and horse sale held at McDonald's brick barn was one of the most successful sales of its kind ever held in Walla Walla, says the Walla Walla Union. Horsemen and farmers living in the vicinity of the city as well as many from outside points were in attendance in large numbers and he bidding for the horses was quite lively. At the sale yesterday something like \$5000 worth of mules and horses were sold.

**Sold Out.**  
This is to notify the public that we have sold our lumber business in Pendleton. Parties indebted to our firm will kindly call and settle immediately.

**GRAY'S HARBOR LUMBER CO.**  
In a will filed for probate at Chicago, George C. Watts, a contractor and Board of Trade man left \$20,000 to provide a home for his fox terrier Bill, and \$300 a year for the care of his riding horse King.

**CUTICURA GROWS HAIR**  
Crueted Scalps Cleansed and Purified by Cuticura Soap  
Assisted by light dressings of Cuticura, the great Skin Cure. This treatment at once stops falling hair, removes crusts, scales, and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Complete external and internal treatment for every humor, from pimples to scrofula, from infancy to age, consisting of Cuticura Soap, Ointment, and Pills, may now be had of all druggists for one dollar. A single set is often sufficient to cure the most distressing cases.

Sold throughout the world. Cuticura Soap, 25c. Ointment, 50c. and Box of Pills, 50c. Form of Cuticura Coated Pills, 25c. per trial of 60. Fuller Drug & Chem. Co., Sole Proprietors, Boston. Send for "The Great Humor Cure."

## DOCTORS ARE PUZZLED.

FOR A GREATER WEST POINT.

Proposed to Add 250-Acre Island to the Reservation.

West Point, N. ARE YOU TIRED OF PAYING

# "BLUNDER TAXES"

Many a business man pays as much money for the luxury of blundering as a steam yacht, or a private touring car would cost. "Blunder Taxes" cannot be evaded—whatever else waits, these must be paid. If a business man gets into the habit of making the same blunders more than once, the taxes will soon amount to confiscation.

"Blunder Taxes" are levied with amazing frequency upon store advertisers. Among the blunders which are assessed at "full value" in advertising are these:

Selection of poor mediums.  
Using too little space in good mediums.  
Devoting less attention to preparing the daily store advertisement than to the storing of some empty boxes in the basement.

Stopping the ad altogether for one or more days now and then.  
Figuring the advertising appropriation on the basis of what you can "afford" after all other expenses are provided for.

The use of "programs," schemes, circulars, posters, fence-signs, placards and Jim-cracks, under the impression that you are securing real publicity, and that somewhere, somehow, sometime someone will be influenced by some of these things to come to your store and buy something.

**YOUR "BLUNDER TAX" BILL GROWS SMALLER AND SMALLER AS YOUR USE OF NEWSPAPER PUBLICITY GROWS BIGGER AND BIGGER.**

CONTINUOUS PUBLICITY IN THE

WILL PREVENT PAYING "BLUNDER TAXES."

### TESTS SPRAYING FLUID.

Experiments Made by Idaho Professors at Lewiston.

The experimental spraying tests which have been conducted since Tuesday by Professor L. F. Henderson of the University of Idaho, and Horticultural Inspector William Mohl were concluded yesterday, says the Lewiston Tribune.

The tests were made in Mr. Wing's orchard on East Main street, and the John Vernon place. About 18 trees were treated in the city and about 36 in the Vernon orchard. Professor Henderson states that the trees were terribly infested with scale and in many instances the spray was poured on, about six gallons being used to each tree.

The Rex spray was used with several different strengths. The tests were made under 20 per cent solution, using five gallons of Rex spray to 40 gallons of water, and is called the 10 per cent solution. The first was applied hot and the second lukewarm. Then there was a 7 per cent

solution made by mixing one gallon of the Rex spray with 15 gallons of water. This was put on cold. These solutions of varying strength were used in order to test the efficacy of the spray under several conditions.

Tests were also made with the Piper formula of 15 pounds of lime, the same amount of sulphur and 60 gallons of water. A good many trees were sprayed with this formula. Then also the California formula was used with full strength. This spray consists of 40 pounds of lime, 20 pounds of sulphur and 15 pounds of salt to the barrel. This is the spray Mr. Mohl has been using in spraying orchards this spring. The trees were tagged with the name of the spray used in order that no mistakes would occur when the examination is made two months hence.

Indigestion is much of a habit. Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palpitating and frowning. Kodol digests what you eat and makes the stomach sweet. Sold by Tallman & Co.

## MERCURY MAKES WRECKS NOT CURES

Thousands who have had their health ruined by Mercury testify that it makes wrecks instead of cures in the treatment of Contagious Blood Poison. While it may mask the disease in the system for awhile, when the treatment is left off the trouble returns with renewed violence, combined with the disastrous effects of this powerful mineral. Mercury, and Potash, which is also a common treatment for Contagious Blood Poison, eat out the lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and muscles, and leave its victims complete physical wrecks.

I suffered greatly from Contagious Blood Poison. I consulted physicians who prescribed Mercury. Nothing did me any good—in fact the treatment proved more harmful than beneficial. A friend told me that S. S. S. had certainly cured him, and I immediately commenced its use, and in a short while I could find no trace of the disease. This was two years ago, and I can truthfully say I am entirely cured. Bowling Green, Ky. D. M. SANDERS.

Another effect of this treatment is mercurial rheumatism, the worst and most hopeless form of this disease. There is but one certain, reliable antidote for this destructive poison, and that is S. S. S. It is the only medicine that is able to go into the blood and cure the disease permanently. S. S. S. does not hide or cover up anything, but so completely drives out the poison that no signs of it are ever seen again. S. S. S. is made entirely of roots, herbs and barks, and while curing Contagious Blood Poison, will drive out the effects of any mineral treatment. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral of any kind. Book with instructions for self-treatment and any medical advice wished furnished without charge.

## S.S.S.
