AN EXTRA MONTH OF SCHOOL.

Mrs. Flora Jones Re-employed in the Fruitvale District.

Mrs. Flora Jones has been employed by the board in the Fruitvale district, near Freewater, to teach an extra month, to follow the expiration of the six months term, on March 15, for which she was originally employed. The additional month mentioned begins March 19, and ends April 13, and it is probable that she will teach beyond the latter date, depending upon how the district's funds hold out.

Mrs. Jones was employed last fall to teach the intermediate and grammar grades, and had charge of those grades only, until March 5, when Miss Cora E. McCully's contract to teach the primary grades expired. Miss McCully quit the school at that time, and the pupils she had charge of have since been in Mrs. Jones' charge, giving the latter a total enrollment of nearly 60.

WORTH KNOWING.

A Firm That Is a Credit to Pendleton.

At the corner of Main and Court streets is located one of the best-known and popular drug emporiums in eastern Oregon.

By the retiring of two old members of this firm—Messrs. Brock and McComas (Mr. Brock last year and Mr. McComas about four years ago) it has been deemed advisable to call this old-new firm "The Pendleton Drug Co."

This firm has recently made extensive changes and improvements that will benefit any name the word Pendleton might suggest, and the general air of the store is now that of a busy city drug market.

The prescription department in its retired position, deserves special attention, for the reason that it is convenient and well stocked. The dispenser at all times facing the store front and is sufficiently retired that his attention need not be drawn from his work whenever accuracy is the all-important factor. In this department, which is always in charge of a registered druggist, is found everything required by the physicians and patient.

The office also faces the store and the bookkeeper may at all times see patrons entering. In connection with the office is the rubber goods department, where selection from a large stock of hot water bottles, syringes, etc., may be made without publicity.

To the right and left of a long entryway leading back from the sales counter is seen shelves heavily stocked with articles usually demanded by the trade—such drugs and chemicals as are usually sold by weight.

The photographic department is represented by a complete stock of Eastman Kodaks and photo supplies for both professional and amateur. Dry plates, papers, card mounts, chemicals, developers, etc. In connection with this department is a well equipped dark room, which is at all times at the disposal of customers.

Sulphur, sheep dips and other supplies required by sheepmen are purchased in car lots and stored near the railroad. These are made a feature by this firm during the dipping seasons.

The most notable improvement has been made in the front of this store, where a new twentieth century sanitary fountain has recently been installed. It is sanitary in every respect, all syringes being dispensed from glass without chance of contamination from contact with poisonous metals. This is one of the most conveniently arranged and artistic in design of any soda fountain in this state.

New paper on the walls, floors newly covered with linoleum, new paint on the front and fixtures makes this old store worthy of wearing the title, the "Pendleton Drug Co."

One would think the Laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for Coughs and Colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Whooping Cough, etc. Tastes good and harmless. Sold by Tallman & Co.

Sold Out.

This is to notify the public that we have sold our lumber business in Pendleton. Parties indebted to our firm will kindly call and settle immediately.

GRAY'S HARBOR LUMBER CO.

The best safeguard against headache, constipation and liver troubles is DeWitt's Little Early Risers. Keep a vial of these famous little pills in the house and take a dose at bed time when you feel that the stomach and bowels need cleansing. They don't gripe. Sold by Tallman & Co.

A Good Investment

MANY PENDLETON PEOPLE PROFITING ON PORTLAND REAL ESTATE.

There is a growing belief among the people of Portland that some day the great business center of the city will be on the peninsula between the rivers. The railroads centering there are attracting the heavy business such as the manufacturing and wholesale. This will naturally draw a dense population.

It is gratifying to know that many of our Pendleton citizens own property at Portland, and in the most promising part of Portland, which is between the rivers, where the railroads are now fighting for position. J. F. McCarthy has invested about \$10,000 in that district. Dr. Cole, Dr. Irvine, Laura Cahoon, Eliza Leezer, J. P. Earl, J. H. Morris and several others have procured lots in the center of that peninsula, which are rapidly growing in value.
