## The OWL TEA HOUSE

SIX BARS SILK SOAP 25c.

### O. R. & N. EXTENSION.

Survey Now Being Made Through Grass Valley District.

O. R. & N. surveyors were on the Des Chutes river west of Grass valley during the week, says the Grass Valley Journal. They have surveyed on the west side of the river to near the free bridge, and then crossed to the east side.

Surveyors being in the field is always followed by many reports, one being that they will connect with the Columbia Southern survey made last summer from Shaniko out south, at a point southwest of Antelope; that the Columbia Southern to avoid the heavy grade south of Shaniko, will leave that city to one side, running within a mile or two of Antelope and connecting with the Des Chutes survey. This is one of the many reports and the reader can form his own conclusion.

A report bearing the marks of truthfulness reached Bend this week that the Great Southern railway company will extend its line 180 miles southward before the snow flies next winter, says the Bulletin.

A former Bend citizen is located in the Tygh valley country. He wrote to a friend here that men connected with the Great Southern were in Tygh

valley recently going over the surveyed route for the extension of the road. They told the above story—that it was the intention of the Great Southern Railway company to push construction as soon as spring weather would permit, and that 180 miles of new road to the south would be completed within a year. It has been previously announced that this road will be extended southward to Bend, and undoubtedly some day we will have a line east of the Cascades from the Columbia river to San Francisco. This report of a 180 mile extension came from a reliable man, and can be believed without reserve.

### DELIGHTFUL CARD PARTY.

Fifty Guests at Mrs. McCormmach's and Mrs. Troutman's Afternoon.

Fifty invited guests enjoyed a most delightful afternoon at the home of Mrs. W. H. McCormmach Thursday afternoon, March 15. The party was given by Mrs. McCormmach and Mrs. C. E. Troutman, and "500" was played during the afternoon. Delicious refreshments were served and a most enjoyable time was had.

### Funeral of M. Rendefer.

The funeral of M. Rendefer, father of Mrs. V. Stroble, was held at 9:30 this forenoon from the Catholic church, the service being conducted by Father Travell. A large number of relatives and friends of the dead man attended the church service, and quite a few went to the cemetery in spite of the cold weather. The pallbearers were Judge Thomas Fitz Gerald, Joseph Basler, Chris Stangler, Paul Hemmelgarn, J. P. Winter and Joseph Eil.

### No Society Department.

Owing to the dearth of society functions during lent, the regular society department in the East Oregonian is not maintained today. After the lenten season the department will be continued as usual. Society events during lent will be mentioned but the department will probably not be maintained.

### Divorce Granted.

In the circuit court today Judge Ellis granted a divorce to Harry Haskins from Ellen Haskins. Peter West was attorney for the plaintiff.

E. C. Howard of San Francisco, a policy holder in the Pacific Mutual Life company, has filed a suit to prevent the merger of that company with the Conservative Life Insurance company.

### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and darts hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness, Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Koepfen Bros., special agents.

## ROSEMARY

The name of a new "French Gray" pattern, in silver plated flat ware, of which we have just received a good stock direct from the factory at Rockford, Illinois.

It is the most beautiful pattern yet produced in plated ware, and is not excelled in the work, design, nor finish by solid silver. The quality is "Rockford"; none better.

From beauty of design and quality you would think it high-priced but it is not.

Hollow handle Knives and Forks, per set ..... \$12.00  
Table Spoons, per set of 6 ..... \$4.50  
Tea Spoons, per set of 6 ..... \$2.50

### WINSLOW BROTHERS

POSTOFFICE BLOCK JEWELER-OPTICIANS.

A person who has a savings account in a measure a public benefactor, because in his modest way, he does his share to increase the amount of money per capita in active circulation. The person who does not keep a savings account, but hides his money in out-of-the-way places, withdraws that money from circulation and thereby retards the full growth and prosperity of the country, and also robs himself of a legitimate income.

## Commercial National Bank

Pendleton, Oregon

is particularly well equipped to give every depositor prompt and efficient service and reasonable earnings on his deposits.

## BASEBALL MATTERS

### COMMITTEE APPOINTED TO DRAFT PLAN OF WORK.

Committee Will Meet Tomorrow Afternoon—A Strong Corps of Officers and Workers Is in Sight and Available—Present Intention Is to Use Local Players and Act Independently in Finances, Though This Arrangement May Be Modified Later on—K. J. Taylor Will Likely Be Manager.

Last evening a meeting of the baseball players and enthusiasts was held in the council rooms and preliminary steps were taken towards forming an organization for the coming season. A committee consisting of Tom Milarkey, Roy Haley, Carl Cooley and L. G. Frazier was appointed to select a manager and a temporary captain and also to draft rules for the governing of the organization. This committee will meet tomorrow afternoon and at that time the organization will be completed.

For manager of the team K. J. Taylor is now most frequently mentioned, and if he will accept the position he may be named tomorrow afternoon. Last night the place was tendered to Roy Haley, but he declined the honor.

For temporary captain Jerry King, the famous "southpaw," will probably be chosen, as he is familiar with all the men, and has the faculty of making them work. The permanent captain will be elected by the team at their first game.

At present it is proposed to conduct the team entirely on a local basis, using only town players and asking for no subscription. However, should it be found that such a team will not be equal to Walla Walla, Athena and the other nines of this section, different arrangements will be made, and the citizens asked to contribute for the support of the team. There are some good local men available for the team, more than last year, and by hard, consistent work it is thought a strong team can be developed with purely home talent. But whether or not a sufficiently strong team can be secured in this way remains to be seen.

### LECTURE WELL ATTENDED.

Music Hall Filled to Capacity to Hear Miss Laughlin Last Night.

The seating capacity of Music hall was filled last night with an interested audience, which enjoyed the equal suffrage address by Miss Gail Laughlin, who is now touring eastern Oregon in the interest of the equal suffrage amendment to the constitution.

Walter M. Pierce presided at the meeting, assisted by Chairman L. E. Penland of the local suffrage committee.

Miss Laughlin spoke for over an hour in a highly entertaining way, presenting unanswerable arguments in favor of the equal suffrage cause. She reviewed conditions in Wyoming, Idaho, Utah and Colorado, where equal suffrage has been in force for a number of years and presented statistics and historical facts supporting the success of equal suffrage wherever it has been tried.

At the close of the address additional names were secured for the local working committee, which now numbers about 100 active members.

Miss Laughlin is a forceful, polished speaker and made many friends for the cause in this city. Her address is filled with facts and statistics and unanswerable arguments supporting the cause of equal suffrage.

### ACTION IS EXPLAINED.

Supreme Court Merely Referred Case to Federal Court at Seattle.

R. J. Slater received a letter from Washington, D. C., this morning, in which the recent action of the supreme court regarding the habeas corpus proceedings for Columbia George and Toy Toy is explained.

A week or more ago, the supreme court having denied a writ of habeas corpus, and the reason given was that the two prisoners were not citizens.

However, in the letter received by Mr. Slater today it is said no opinion was given by the supreme court, and that the chief justice merely declared the application denied. It is inferred that the reason for such being done is that the appeal should have been made before the federal court at Seattle, instead of before the supreme court at Washington. The action before the supreme court was taken by a Kansas attorney who had learned of the case of the two Indians.

Mr. Slater now has a petition before Federal Judge Hanford at Seattle for a writ of habeas corpus for Columbia George, and March 26 was set as the day for the United States marshal to appear and show cause why the writ should not be granted. Mr. Slater is confident that he will be successful in the case, and that Columbia George will be liberated.

### FROM KLAMATH FALLS.

Dr. Garfield Was Called to Attend J. F. Nowlin at That Place.

Dr. H. S. Garfield has returned from Klamath Falls, where he was called a week ago to attend J. F. Nowlin, who has been seriously ill with typhoid fever. He is still very ill, and according to Dr. Garfield will probably not be fully recovered for a month yet.

The trip to Klamath Falls was a long one for a professional visit, and it was accompanied by some hardships for Dr. Garfield. The stage now runs to Klamath Falls from Thrall, Cal., a distance of 35 miles. The road is over the Siskiyou and is slow and dangerous. While going in Dr. Garfield had his face frozen and the stage driver had four fingers nipped.

The trip required 12 hours, as the roads are such as to make fast traveling impossible.

According to Dr. Garfield there was a foot of snow at Klamath Falls when he left and the thermometer was at zero. In the mountains the snow was much deeper.

While at Klamath the doctor devoted his time entirely to attending his patient and doctoring his face, so had no opportunity to see the other Umatilla county people now there.

### CAMPAIGN FOR BROWN.

Baker City's Popular Candidate for Governor Is Making a Canvass by Photographs.

The East Oregonian has received a number of window pictures of Harvey K. Brown, the reform candidate for governor of Oregon and takes pleasure in giving them prominent places where they will be seen by the public.

Mr. Brown will perhaps make an active canvass of the state later and has hosts of friends in all parts of Oregon who admire his fearless stand for the enforcement of the law.

### ANNUAL BENEFIT MARCH 23.

Miscellaneous Program at the High School Assembly Hall.

On next Friday evening, March 23, the annual entertainment for the high school athletic teams will be held in the assembly hall. A program consisting of songs by the glee club, recitations, etc., will be given. Also, there will be booths arranged around the room, and a general social time will be had by those present.

The proceeds of the evening will go towards meeting the expenses of the basketball, track and baseball teams. An admission of 15 cents will be charged.

### MEETING TUESDAY NIGHT.

General Rally of the Equal Suffrage People and Friends at Commercial Association Parlors.

A general meeting of the friends of equal suffrage will be held at the Commercial association rooms on next Tuesday evening, March 20, under the auspices of the local committee organized in this city to advance the cause of equal suffrage.

All are cordially invited to attend this meeting. The committee will arrange the meeting and will be glad to have the friends of the movement attend.

### AN IMMENSE ABSTRACT.

Covers Twelve Hundred Pages and Cost \$500.

What was probably the largest piece of abstracting work ever done in this county was recently finished by the J. E. Smith Livestock company by the Hartman Abstract company. It was an abstract of title for all the lands owned by the company, about 50,000 acres. The abstract covers 1200 pages and the cost of the same was in the neighborhood of \$500.

### Buffalo-Monitor Elects.

At the annual meeting of the stockholders of the Buffalo-Monitor Mining company, held in Portland recently, Richard T. Cox, of Portland, was elected president, Norbourne Berkeley, of this city, vice president, and Wirt Minor, of Portland, secretary-treasurer, for the ensuing year. The Buffalo-Monitor company owns the old Beagle mines near Granite, Grant county.

### Badly Sprained Shoulder.

Mrs. M. L. Warren, living at the place formerly owned by J. W. Kimbrell in the west end of town, had her left shoulder badly sprained this morning as a result of a fall. At the time Mrs. Warren was engaged in rearranging her house after a dance last night and in some manner she fell and struck her shoulder. Dr. Henderson was called in attendance.

### Adams Advance Is Dead.

With its issue yesterday the Adams Advance died. The paper has suspended publication and the plant has been removed to Helix.

### A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition, with so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card addressed to Dr. J. C. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONOR on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

## Now is the Spring

And now is the time to prepare your wardrobe for the Spring Season. For ninety days we have Oregon's spring weather.

## Medium Weight Suits

are therefore in demand and we have them in variety, fabric and of the fashionable cut; loose, but not baggy.

## ROYAL M. SAWTELLE

JEWELER.

## COFFEE

WE ARE AGENTS

## Chase & Sanborn

### Coffee

CHASE & SANBORN do business differently from any other Coffee House in the United States. They give one store in a city the exclusive sale of their coffee and thereby do away with the cost of many traveling salesmen and add this saving to the quality of their coffee. They are the largest importers of fine coffee in the United States. They have had over 40 years' experience in buying and roasting coffee and have it down to a fine point. They do not go over to the Boston and New York exchanges to buy their coffee; they go direct to the grower and know what they are getting for their customers. They have set a standard for their coffee and make a certain blend, and you may feel assured that when you get C. & S. SEAL BRAND COFFEE you have the very best. It is the same today as that you got 10 years ago. By keeping up their standard as they do, they know that if you try one pound, you will walk blocks to get this particular blend again, and take no other. We could blend certain coffees and might make a great hit, but when we go to buy the second lot we may get an altogether different coffee, because it is not the looks of the berry or the same price that guarantees the same cup. That is only told by drawing coffee in the cup and knowing where the berry was grown. Chase & Sanborn with their long experience blend our coffee to give the best and most perfect cup that it is possible to obtain. Our sales of Chase & Sanborn's coffee have been marvelous in the past, and only so by the fact that we have sold just what the people wanted, and they could not get the same at any other store.

## Gray Bros. Grocery Co

SEAL BRAND COFFEE IS AT THE TOP.

GOLD MEDAL BUTTER.

REST ASSURED

that you could not get good Electrical Supplies anywhere at prices below our present quotations. We take contracts for wiring, carry an extensive stock of all

ELECTRICAL SUPPLIES, and can guarantee fine work and first-class goods at rock bottom prices.
