## CAKE FOR TRUSTS

SENATORIAL CANDIDATE A FRIEND OF MONOPOLY.

Failing to Secure the Indorsement of the Commercial Bodies of the State, H. M. Cake Now Turns to the Sugar and Tobacco Trust for Aid—Circular Letters Urging Cake's Candidacy Sent Out by Portland Agent of the Big Trusts.

The use of the commercial organizations and the big mercantile institutions of Portland by H. M. Cake, to further his candidacy for the United States senate, is causing a strong revulsion of feeling against Cake and he is receiving the assurance which he justly deserves for resorting to this method of "working politics" through business interests.

The following letter from Richard McCann, of Portland, to the East Oregonian, clearly states the situation and gives Mr. Cake the criticism which he has earned by his methods. Mr. McCann says:

Portland, Or., March 27.—(To the Editor of the East Oregonian.)—Dear Sir:—On February 26 I sent to the commercial organizations in Oregon a protest against the use of the influence of commercial organizations by H. M. Cake to further his candidacy for the United States senatorship. Mr. Cake himself, since then has furnished the proof that he has attempted to use commercial organizations for his political ends.

It is to the great credit of the commercial organizations of Oregon that not one of them has indorsed Mr. Cake. The Portland Chamber of Commerce was appealed to by Mr. Cake, and speaking for the Portland Chamber of Commerce, J. Couch Flanders, a trustee of that body, and Mr. Edward Newbush, first vice president of that body, wrote Mr. Cake that the Chamber of Commerce was non-partisan.

Seeking Aid From Trusts. Having failed to secure the indorsement of any commercial body, Mr. Cake has turned to the trusts. The First of Mason, Sherman & Co., the principal distributors in Oregon for the sugar trust and for the tobacco trust, has come out openly in support of Mr. Cake. "Mason, Sherman & Co. have written to each of their customers throughout the state to give their support and votes to Mr. Cake.

These customers probably are not aware of the fact that the sugar trust and the tobacco trust are willing to spend enormous sums of money to prevent free trade with the Philippines. These trusts have already been strong enough in the United States congress to thwart the efforts of President Roosevelt in behalf of the people.

The people want no more senators acting as the direct agents of the trusts, that oppose our president and have had such laws enacted, that the income of the average American family has sunk to a mere pittance, that of 27,000,000 children of school age, less than one-half go to school and more than 2,000,000 work in mines, shops and factories giving their tender years of childhood to toil and dying before maturity that the trusts may live.

A vote for H. M. Cake for United States senator is a vote for the sugar trust, the tobacco trust, and is a blow at the commercial interests of the Pacific coast. I feel it a civic duty to call the attention of republicans throughout Oregon to this state of affairs as I believe that like the commercial bodies in the state they will refuse to have anything to do with a trust candidate.

Respectfully yours, RICHARD M. McCANN.

On a Rock in Mid-Ocean. Two natives, Luke Frank of Howkan, and Alfred Little of Klinkwan, had an experience recently which will not be forgotten during their lives.

They were following the coast line in their canoe when the swell threw them upon a partially submerged rock, smashing the canoe. The two men managed to reach another rock nearby, a little higher than the first, but still partially under water at high tide. The distance to the shore was too far for either of them to swim and there they had to remain for six days and seven nights, wet and without anything to eat except seaweed and mussels, until on Tuesday, March 6, two small drift logs floated near enough to be secured by them. These the men tied together with their clothes, and the tide and wind being favorable managed to paddle ashore on them, landing clad only in undershirts and overalls and having a walk of several miles to make, along the beach, before they could secure food and clothing.

Bridge Nearly Half Completed. By the end of this week four piers of the railroad bridge across the Clearwater will have been completed ready for the laying of the steel. This is the work given out by Engineer Kettering this morning.

The concrete work at the fourth pier is nearly completed. It will be done in a day or two and the laying of the capstones at the three piers will then be taken up.

Word was received this morning that the granite caps would leave Spokane on this morning's freight. When these caps are put in place the work of constructing the piers is half done.—Lewiston Teller.

#### SOME ARE RESEEDING.

Eureka Flat Farmers Find Much Wheat Killed.

Farmers on Eureka Flat are busy reseeded their land on which the fall sown grain was frozen out by the recent cold snap, says the Walla Walla Statesman. Last week Grote Brothers finished reseeded 110 acres on their farm and have about twice that much more to put in.

John Hoffman began this morning reseeded 5000 acres on the flat. He has employed a large number of farm hands to do the work. He will use 30 drills and 120 head of horses to put in the seed.

Mrs. Charles Bowman, who is farming considerable land near Whitman station, states that she put in 1200 acres to wheat last fall and the grain is doing fine. None of it was frozen out and she expects a large yield.

W. J. Scott returned this morning from his farm on the Touchet. He says that after making a careful investigation of his grain fields he is absolutely certain that none of his wheat was frozen out. The blades of the grain were nipped by the frost, but the roots are healthy and growing nicely.

If you are troubled with Piles and can't find a cure, try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve. Sold by Tallman & Co.

#### A PENDLETON CASE.

Many More Like It in Pendleton. The following case is but one of many similar occurring daily in Pendleton. It is an easy matter to verify its correctness, surely you cannot see for better proof than such convincing evidence.

W. A. Ross, living on Cottonwood street, Pendleton, Ore., says: Doan's Kidney Pills were first brought to my notice some four years ago when I was living in Georgia, Ill. At that time I was suffering severely from an attack of kidney complaint and could scarcely do a day's work. To stoop or rise after stooping hurt so acutely that I could hardly keep from crying out. When a man has suffered with a back which felt half the time as though it was broken, which could not stand the slightest pressure, when he could not sit down, stand or lie with any comfort and still has to go to his daily work he naturally becomes anxious about his condition. I procured Doan's Kidney Pills, used them and they cured me. About a year ago I came to Washington, and shortly afterwards noticed symptoms of my old trouble. I procured Doan's Kidney Pills at Pendleton Drug company's store and three boxes completely banished the trouble leaving no signs that I had ever had a touch of kidney trouble in my life. Doan's Kidney Pills do all that is claimed for them. You are welcome to refer to me at any time and I will gladly give you a personal interview to any one calling upon me.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember this name—Doan's—and take no other.

# ..Great.. Anniversary Sale

Just one year ago we moved into our present quarters, and we are going to commemorate that event in a substantial way by giving our patrons something to cause them to remember the date with pleasure.

Beginning Tuesday morning and ending Saturday night, March 31st, we will conduct an ANNIVERSARY SALE.

This will be different. This will not be a sale with a few lines of undesirable merchandise reduced in price to make a "bait," but an all-round BENEFIT to every customer who buys a DOLLAR'S worth of any kind of goods at THE FAIR this week.

All our Spring lines are now nearly complete, and our stock is better than ever before, being more diversified, more tasty in the selection of styles and quality of materials, and a greater range of prices in almost every line carried.

With all these advantages, and in addition to our extremely low prices in every department, we need not offer any further inducements to get our share of the business.

BUT FOR A WHOLE WEEK we give every customer who buys \$1.00 worth or more, a LONA FIDE REBATE OF 10c on every \$1.00 spent with us.
