

**Often The Kidneys Are Weakened by Over-Work.**  
Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Refused \$350 for Fast Mare. While at Walla Walla the other day Sam Banister declined an offer

of \$350 for his 5-year-old trotting mare, Gretchen C, sired by Caution. Mr. Banister took his promising animal out to the track, and she performed well in the company of veteran pacers and trotters now in training. She trotted a quarter mile in 35 seconds flat, and seemed to have plenty of speed in reserve. Gretchen C's dam was a thoroughbred by Dudley Howard.—Weston Leader.

**Young Makes Correction.**

Weston, Ore., April 20.—(To the editor of the East Oregonian.)—I desire to correct an inaccurate statement in your issue of April 19, concerning me with the trouble over the estate of the late J. W. Young. Your article states that I entered the Farmers' Bank of Weston in company with my sister, Mrs. Mabel Warner, and her husband, at the time the request was made of Cashier Hall to examine Mr. Young's effects. On the contrary, I do not enter the bank with them, but came in later to see my sister, who had but recently come to town, and inquire concerning the health of her children. Learning that she was in the back room of the bank I entered, and remained upon invitation until the box of papers was examined. I am not connected with the trouble in any manner whatsoever, and do not wish to be.

FRED R. YOUNG.

**"Ole Olson" Tonight.**

Ben Hendricks, the favorite Swedish dialect comedian and Northland singer, comes to the Frazer tonight. He will present his everlasting play "Ole Olson." The story of "Ole" unfolds a plot of intrigue, love and comedy situations. The play is a clean, refined and gentle type and in the role of "Ole" Mr. Hendricks finds a character entirely suited to his peculiar style and one which affords him ample opportunity to display his superior ability as a vocalist and a comedian, and his interpretation of the young Swedish emigrant is the best work which the talented star has ever done.

Mr. Hendricks' songs always have a strange sweetness. Maybe it is the way in which they are rendered and maybe it is the melody, but nevertheless, it is there and the audience, we are sure, will not be slow to attest their appreciation. This season Mr. Hendricks will sing six new songs which have become very popular.

**PACKERS ARE CHEATS.**

**Said to Use a System of False Weights in Shipping.**

Chicago, April 21.—A demand is made by the Western Weighing and Inspection Bureau representing all the railroads extending west from Chicago on several big packing companies for money alleged to be due on account of false weights and false billing.

Similar demands are said to have been made by both eastern and western weighing bureaus, on many of the big shippers at Chicago and unless a settlement be made it is expected that there will be a resort to the courts. The amount involved in the case by the packing companies is said to be \$100,000 and \$150,000. The interstate commerce commission has been informed in a general way of the matter and is making a quiet investigation with a view to a public hearing later in Chicago.

Secret agents of the commission found for example that for years one of the largest shippers in the west has been sending a commodity from a

factory near Waukegan to the entire west and billing it as originating at New York. In this way it enjoyed proportionate through rates instead of higher local rates.
